

ASPINALL'S

READ THIS

DON'T USE POISONOUS LEAD PAINTS, OR COMMON RESINOUS SO-CALLED ENAMEL.

ASPINALL'S ENAMEL IS PURE, NON-POISONOUS, BRILLIANT AND DURABLE.

A Tin of ASPINALL'S will cover a much greater surface than an equal quantity of Paint or common Enamel.

PURITY AND FINENESS OF MATERIAL ACCOUNT FOR THIS.

TRY IT AND PROVE FOR YOURSELF.

REMEMBER

Always lay on
thin coats.

Insist on ASPINALL'S

Don't be put off with something "Just as good," offered for the sake of extra profit.

Support British Industries. Avoid all Enamels with specious Foreign names.

THE CRAZE OF 1901
