LOOKING WELL!
WE are glad to learn from different sections of the
 country that the crop prospects are quite
 cheering. From the Province of Ontario, which
 takes the lead in agricultural productions, the pros-
 pects of the farmers were seldom better. The season
 is a little later than usual, but the crops are rapidly
 maturing, and give promise of an abundant yield.
 The Fall Wheat is now heading out, and is healthy and
 luxuriant. The recent frosts, it was feared, would do
 this great staple much damage, and there can be no
 question that their effect has been somewhat injurious;
 if we are to believe the country Press, however, no
 injury of any consequence has resulted to Wheat, and
 the chances of a large harvest are exceedingly good.
 The appearance of Barley, Oats and other Spring
 crops is said not to be quite so good as that of the Fall
 Wheat, but under the recent rains has improved.
 The country in all quarters is looking very beautiful—
 the woods are fully arrayed in their Summer dress
