SHEEP.—Extra includes Cosets, and when those of an inferior quality are thrown out.

REMARKS

Northern Cattle sold at about last week's prices for like quality, constituting in all 552 head. With this number there were 191 Western Steers driven from Brighton, making a total of 713 head. The market opened at an advance asked for Western Cattle, but before its close last week's rates ruled.

Sheep and Lambs.—Those that were sold early brought fully 6 per lb more than was obtained later. Some of the dealers don't relish the downward tendency of prices with good Lambs at hand, owing to the extra feed in the country, and say they had rather keep them at pasture; but they had better take a fair price at present than to hold on to them until the market is glutted.
