**IT LEADS ALL.**

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

**Ayer's Sarsaparilla.**

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it and expel it from your system.

For constitutional or serofulous Catarrh, CATARRH AYER'S SARSAPARILLA is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the stinking odor of the breath, which are indications of serofulous origin. <sup>39/52</sup>

**ULCEROUS SORES** "At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any serofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results. Yours truly, U. F. JOHNSON."

**Scientific and Useful.**

**WHITE spots** upon varnished furniture will disappear if you hold a hot plate from the stove over them.

**A LITTLE borax** put in the water in which scarlet napkins and red-bordered towels are to be washed, will prevent them from fading.

**HONESTY THE BEST POLICY.**—An honest medicine is the noblest work of man, and we can assure our readers that Dr. Fowler's Extract of Wild Strawberry is not only reliable, but is almost infallible to cure Cholera Morbus, Dysentery, Canker of the stomach and bowels, and the various Summer Complaints, whose attacks are often sudden and fatal.

**A COPPER teakettle** may be brightened and kept from tarnish by rubbing it with salt and vinegar till it shines, then washing it thoroughly in hot soda, and finally polishing it with coal ashes.

**LOST!**—How many people of both sexes are suffering from lost vitality, all broken down, and on the verge of consumption that might be restored, as many have been when given up to die, if they would use **Burdock Blood Bitters**, which restores lost vitality and gives new vigour to the debilitated system.

**A FAVOURITE way** of serving beef soup at Galveston, is to pour it while at the boiling-point into a soup-bowl, in the bottom of which is placed a crisp, brown slice of toast, then a fresh egg is dropped into it, and it is cooked sufficiently by the time the soup is partly eaten, to be delicious.

**MARLE CAKE.**—Light part: Whites of three eggs, one-half cup of butter, one cup of sugar, one-third cup of sweet milk, two cups of flour, one-third teaspoonful of soda, two-thirds teaspoon of cream tartar. Dark part: Yolks of three eggs, one-third cup of butter, one cup of molasses, two cups of flour, one teaspoonful of soda, spice and fruit; bake in one loaf by placing one spoonful of dark and one of light in baking tin.

**At this season** of the year, before you fill your cellars with potatoes, cabbages, apples, and other vegetables, you should look to the arrangements for thorough ventilation. Do not have such an arrangement that air from the cellar must pass up into the living room of your house. Such a connection between cellars and living-rooms means sickness, expense, discomfort and probably death. Every heap of vegetables in a cellar will give off exhalations that are necessarily injurious to human health. Run no risks. Ventilate your cellars to the open air, not to your sitting or sleeping rooms. Admit to the rooms no air excepting that from outside, always avoiding the air that rises from the vegetable bins and the usual cellar medley of things perishable.

**MOTHERS** will find Perry Davis' Pain-Killer invaluable in the nursery, and it should always be kept near at hand, in case of accident. For pain in the breast, take a little Pain-Killer in sweetened milk and water, bathing the breasts in it clear at the same time. If the milk passages are clogged, from milk or other causes, bathing in the Pain-Killer will give immediate relief.

**THE ROYAL BAKER AND PASTRY COOK.**—A Royal addition to the kitchen library. It contains over seven hundred recipes pertaining to every branch of the culinary department, including baking, roasting, preserving, soups, jellies, pastry and all kinds of sweetmeats, with recipes for the most delicious cordials, beverages and all other necessary knowledge for the chef de cuisine of the most exacting epicure, as well as for the more modest housewife, who desires to prepare for her lord and master a repast that shall be both wholesome and economical. With each recipe is given full and explicit directions for putting together, manipulating, shaping, baking and kind of utensil to be used, so that a novice can go through the operation with success; while a special and important feature is made of the mode of preparing all kinds of food and delicacies for the sick. The book has been prepared under the direction of Prof. Rudmani, late chef of the New York Cooking School, and is the most valuable of the recent editions upon the subject of cookery that has come to our notice. It is gotten up in the highest style of the printer's art, on illuminated covers, etc. We are assured that every can of the "Royal Baking Powder" contains an order for one of these valuable books.

**Advertising Cheats!!!**

"It has become so common to begin an article, in an elegant, interesting style, 'Then run it into some advertisement, that we avoid all such, 'And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, 'To induce people 'To give them one trial, which so proves their value that they will never use any thing else."

"THE REMEDY so favourably noticed in all the papers, 'Religious and secular, is 'Having a large sale, and is supplanting all other medicines, 'There is no denying the virtues of the Hop plant and the proprietors of Hop Bitters have shown great shrewdness and ability, 'In compounding a medicine whose virtues are so palpable to every one's observation."

**Did She Die?**

<sup>23/52</sup>  
" No? 'She lingered and suffered along, pining away all the time for years, 'The doctors doing her no good, 'And at last was cured by this Hop Bitters the papers say so much about, 'Indeed! Indeed! 'How thankful we should be for that medicine."

**A Daughter's Misery.**

"Eleven years our daughter suffered on a bed of misery 'From a complication of kidney, liver, rheumatic trouble and nervous debility, 'Under the care of the best physicians, 'Who gave her disease various names, 'But no relief, 'And now, she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it." THE PARENTS.

Be sure you get none without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.
