MINING STOCKS HIGHER—BROAD RANGE OF BUSINESS TO-DAY—HOPEFUL SIGNS.

Montreal, July 24.

While there was not volume enough of business done in the Stock Exchange to-day to make the day's doings particularly noticeable, there was considerable activity extending over a by no means narrow range of stock. Some prices were the same as before, others were lower, while the rest, like War Eagle and Payne, were higher. Brokers seemed satisfied with to-day's session, because during it some good business had been put through, and because cables, telegrams and reports from kindred markets all agreed that favorable times for stock and stock dealers are at hand.

Canadian Pacific sold to-day at 97, closing with a demand for 97½. There is thus little change here.

Montreal Street to the extent of 13 shares, sold all at 323, a falling off from last prices. For old Street stock 326 was asked, and 325 for the new, offers being 320 in both cases.

Richelieu and Ontario at 110 was the subject of a small deal.

Toronto Ry. advanced ½ on its last price, when 50 shares were sold at 115½ and 25 at 115½. At the closing 116 was asked, while 115½ was offered.

Payne rose 5 points in a considerable transaction involving 4000 shares. Price to-day 140. Wanted at close 145, and offered 138.

Republic neither rose nor fell as the prices 122 and 121 were the same as those of Friday. Total of shares sold 6,450. Offers at close reached 121 and demand was 123.

Montreal-London—1,750 shares sold at 45 were at the same price as on Friday.

War Eagle—In four transactions involv-

ing 3250 shares prices 364 and 365 were realized. Both these prices are higher than Friday's price 363. There was wanted at close 370 and 364 was offered.

Bank of Montreal—The latest and highest quotation 260 was again the price of the four shares sold. 256 was offered at the close, but no shares were for sale.

Molson's Bank stock at its best price 201 was dealt in to the amount of 20 shares.

Dominion Coal Common at 53 was traded in to the extent of 10 shares, closing with 53 wanted and 50 offered.

Dom. Coal pfd had no offers or demands at the close, but 6 shares were traded in on the basis of 116.

Bank of Toronto—Stock to the amount of 60 shares was sold at 240.

ELECTION OF CORN EXCHANGE HARBOR COMMISSIONER.

STRAWS.

Atchison Common around 20 is an unusually good purchase. There will be a 20 p.c. surplus for common over and above full dividend on preferred.

Induced by the advancing price of copper the Chinese are said to be turning their copper coins into bullion, the price got thus being more than the face value of the coin.

Injunction did not harm Federal Steel nor strikes B. R. T.

The reason for the proposed law about limiting curb dealings to well known stock is that "New York Electric Brake and Coupler" was sold on the curb. On June 26 its price was \$70 on Wednesday last, the bottom fell out and the stock dropped to \$1. Those who lost money want law protection.

Treasurer McLennan of Dominion Coal Co., wires that there is no fire in Caledonia mine and no danger from gas. Also that strike at Dominion mine is unimportant.

For the inactive stocks, Bay State Gas the bid is \$1, the demand \$1.05. N. E. Gas & Coke, bid \$21, asked \$22. N. E. Gas & Coke, 5 bid 79, asked 80.
