

STANDARD ENGLISH DICTIONARIES.

Every Student ought to have a Standard Dictionary! Every Teacher ought to have a Standard Dictionary!
Every School ought to have a Standard Dictionary!

STORMONTH'S ENGLISH DICTIONARY.

A Dictionary of the English Language, Pronouncing, Etymological and Explanatory.

EMBRACING SCIENTIFIC AND OTHER TERMS, NUMEROUS FAMILIAR TERMS, AND A COPIOUS SELECTION OF OLD ENGLISH WORDS.

Now complete in an Imperial Octavo Volume of 1248 pages.

The *Vocabulary* is comprehensive, including every word which has any claim to a place in the language, together with those which occur in standard English literature, even if now obsolete. The *Pronunciation* of every word is made clear by respelling it in syllables, according to the simplest possible scheme of "phonotypes" or "sound-symbols," in which only the English alphabet is used, but each letter or combination of letters has a fixed, unvarying sound. The *Etymologies* are given with fulness, according to the latest authorities. The *Definitions* have been carefully prepared with a view to the utmost usefulness, and seek to give the meaning of each word with greater precision than is commonly attained, but in the simplest and clearest equivalents that can be selected. The *Arrangement* of the work has been carefully studied, down to the details of the typography, in order to afford the greatest possible facility of reference.

PRESS NOTICES.

This may serve in great measure the purposes of an English cyclopædia. It gives lucid and succinct definitions of the technical terms in science and art, in law and medicine. We have the explanation of words and phrases that puzzle most people, showing wonderfully comprehensive and out-of-the-way research. We need only add that the Dictionary appears in all its departments to have been brought down to meet the latest demands of the day, and that it is admirably printed.—*Times*, London.

The work exhibits all the freshest and best results of modern lexicographic scholarship, and is arranged with great care so as to facilitate reference.—*N.Y. Tribune*.

It has the bones and sinews of the grand dictionary of the future. * * * We recommend it as an invaluable library book.—*Ecclesiastical Gazette*, London.

The work will be a most valuable addition to the library of the scholar and of the general reader. It can have for the present no possible rival in its own field.—*Boston Post*.

The more we examine this work the more we are struck with the superiority of the "grouping system" upon which it is constructed, the great care which has been given by the author to the minutest details, and the wide range which it covers. We have compared it with some of the largest dictionaries, and find it more than holds its own. * * * It is the most serviceable dictionary with which we are acquainted.—*Schoolmaster*, London.

A trustworthy, truly scholarly dictionary of our English language.—*Christian Intelligencer*, N.Y.

Is to all intents and purposes an encyclopædia as well as a dictionary.—*Birmingham Daily Gazette*.

Every page bears the evidence of extensive scholarship and laborious research, nothing necessary to the elucidation of present-day language being omitted. * * * As a book of reference for terms in every department of English speech this work must be accorded a high place—in fact it is quite a library in itself. We cannot recommend it too strongly to scientific students. It is a marvel of accuracy.—*Liverpool Mercury*.

A dictionary representing the latest and most trustworthy scholarship, and furnishing a most worthy manual of reference as to the etymology, significance and pronunciation of words.—*Christian Union*, N.Y.

A work of sterling value. It has received from all quarters the highest commendation.—*Lutheran Observer*, Philadelphia.

The first point that strikes the examiner of Stormonth is the good-sized and extremely legible type. This is a great comfort for persons whose sight is defective. The dictionary seems to be specially rich in provincial, obscure, and obsolete words, such as one encounters in rare old English books or hears from the mouths of rustics in the nooks and corners of England. The definitions are, as a rule, brief; but long and minute in the case of the more important words. Much judgment is shown in the proportions of space assigned for the purpose. The "sound-symbols," giving the pronunciation, are as clear as could be desired.—*N.Y. Journal of Commerce*.

Its introduction into this country will be the literary event of the year.—*Ohio State Journal*, Columbus.

THE IMPERIAL DICTIONARY.

THE GREAT ENCYCLOPÆDIC LEXICON.

In 4 Volumes, the standard binding being in silk-finished cloth, with backs and corners of black Russia calf.

No more useful set of books can be owned by any one than these four volumes which make the "Imperial Dictionary." All reading, thinking people need a book of reference, and the best critics of England and America are agreed in pronouncing the "Imperial Dictionary" "the best work of general reference ever published." Its vocabulary of 130,000 words is that of a dictionary, but it does more than a dictionary's work, passing on from definitions into descriptions, and from etymologies into histories. It shows in a remarkable manner the various uses of words by an abundance of quotations from more than 1,500 authors; while its illustrations, exceeding 3,000 in number, assist materially to a complete understanding of any required word. Its scientific and technological definitions, its fulness and accuracy, the pleasant arrangement of its pages, the fact that the work is divided into four volumes, the exquisite typography, the rich binding, and the low price have combined to give the "Imperial" a popularity in America far in excess of the expectations of the publishers who introduced it into the American market.

PRESS NOTICES.

It is astonishing how many books of reference may be dispensed with by the student who has access to this admirable compilation.—*St. James' Gazette*, London.

There is no dictionary published that is so thorough and complete in all details.—*Republic*, Washington, D.C.

At once the most popular and the most practical of books.—*Critic*, New York.

Altogether, it may be safely recommended as, perhaps, the best, as it is the fullest Dictionary of the English language extant.—*The Lancet*, London.

As a work of reference it may fairly be described as unfailing and as infallible, giving as full and as accurate information as can fairly be looked for in a work of this nature, or in any work of human manufacture.—*The Daily Review*, London.

It is not saying too much that the Imperial Dictionary is far in advance of any other dictionary published, and every school, public library, and the private library, should elect it to the first place.—*Kansas City Times*.

No American student can afford to be without an American dictionary, but if he would be fully abreast of the times in English lexicography, he must furnish himself also with a copy of the new Imperial Dictionary.—*Advance*, Chicago, Ill.

Its philological and literary characteristics are of the first order. It is abreast of the most advanced science of the day, and corporates its latest discoveries, while English literature has been laid under the most laborious and extensive contribution for varied uses of words.—*British Quarterly Review*.

It is the finest lexicon ever issued, in compilation and arrangement. It is almost encyclopædic in character, giving much more fully than an ordinary lexicon the explanations and associations of words. It is well illustrated also, containing over three thousand engravings.—*Dispatch*, Pittsburg, Pa.

Its information is so full as to justify the claim to the title Encyclopædic; and in exactness and variety of illustration the definitions leave nothing to be desired. The work is a wonderful monument of philological research over a very wide and difficult field, where previous lexicographers had left much to be done.—*Leeds Mercury*.

The Imperial is well termed an Encyclopædic Lexicon, for instead of, as is often done in even good dictionaries, giving a short, unsatisfactory definition of a word that leaves one still in doubt as to its real meaning, the reviser and editor, Mr. Annandale, where it has been deemed necessary to give a satisfactory explanation, has prepared short, terse articles, so that, unlike other dictionaries, the one under review is really an entertaining work that may be perused with pleasure for hours at a sitting. * * *—*Citizen and Evening Chronicle*, Halifax, N. S.

The best and most serviceable of English lexicons. * * * The definitions are as nearly perfect as one can conceive such definitions to be, the method adopted, whenever the nature of the case admitted of it, being the encyclopædic one—that is, the substitution of description for mere definition. This, coupled with the use of numerous illustrations, makes clear even to the uninitiated the force of many terms of which they would gain only a very inadequate idea from other lexicons. It is needless to say that the mechanical get-up of these volumes is of the very best.—*Globe*, Toronto.
