

*Our Atomizing Apparatus* is made with the utmost with view to its complete efficiency, convenience, and durability, every one is warranted. The Steam Apparatus has been adopted in the "Supply Table," as the standard for the United-States Army. Gold Medal has lately been awarded us by the Middlesex Mechanics Association, for Atomizing and Surgical Instruments, as will be seen from the following report, signed by a leading New-England Surgeon and Physician:

"1503. *Codman & Shurtleff, Boston, Mass. One Case Surgical Instruments and Atomizers.*

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. \* \* \* \* \* The various other instruments for Inhalation of Atomized Liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except of their own manufacture.

**GOLD MEDAL.**

(Signed) GILMAN KIMBALL, M.D., *Chairman.*"

The parts of each kind being interchangeable, physicians at a distance can be sure that in ordering tubes, &c., they will be adapted to the apparatus previously purchased.
