

# OVALTINE

TONIC FOOD BEVERAGE

## DIET IN DISEASE

IN acute disease, where the digestive functions are impaired and excessive nitrogenous metabolism necessitate easily assimilated nourishment, "Ovaltine" will be found of great value.

"Ovaltine" is composed of a highly concentrated extract of the vitalising and building-up properties contained in Malt, Milk and Eggs, and presents the essential elements of diet in well-balanced proportions. It forms a natural anabiotic for administration in debilitated conditions where tissue waste has to be restored with a minimum of digestive strain.
