Shortly after the list of prizes was read, the company began to assemble for

**THE DINNER,**  
Which was laid in a large oblate circular marquee, erected for the occasion, at a little distance from the show-ground enclosure. Two tables extended round the outer part of the area, leaving an open segment for egress. Other three tables were enclosed within these, running parallel with the largest diameter of the area. About half-past six o'clock, a large company sat down to dinner; J. B. Marks, Esq., President of the Association, occupied the chair. At the same table sat Hon. Col. Bruce, Hon. Adam Fergusson, Hon. H. J. Boulton, Col. E. Thomson, L. F. Allen, Esq., Buffalo, &c., &c. At the inner circular table sat the Judges.—The centre of the first oblong table from the chair was reserved for the Press—Mr. Ferres, Montreal Gazette; Mr. Spreul, Whitty Reporter; Mr. Simpson, of the Niagara Chronicle, and perhaps some others, whom we did not recognise, were present; Mr. Smiley, of the Hamilton Spectator, and Mr. Brown, of the Globe, having left with the last boat at six o'clock, T. C. Street, Esq., Vice President of the Association, acted as croupier. The tables were very well laid out, and the company seemed all prepared to do justice to the good things displayed. The instrumental band of the Rifle Brigade was in attendance.

**UNITED STATES.**  
The Rochester Advertiser has the following.  
**GLORIOUS NEWS!—CALIFORNIA ADMITTED; UTAH ORGANIZED.**—Let us rejoice. All danger, real and imaginary, which have hovered over the Union are dissipated. California is a state within the Union. Utah and New Mexico are organized as Territories. The Texas Boundary is (probably) adjusted. The district slave Bill will soon become a law. We repeat—our dangers are all over. Is it not fit that all the unpleasant memories of the Past may be forgotten in the joyous hopes of the Future?  
**STILL LATER.**—The Senate has concurred in the House amendment. The work is all done save the District Slave trade Bill. *Laud Deo!*  
Washington, 8th.  
The jubilee and celebration last night of the adjustment measures by Congress were glorious. A salute 100 guns was fired, rockets blazed aloft, bells rang joyously.  
The people with a band of music repaired to the quarters of Messrs. Cass, Dickinson, Douglass, Foote, Houston, and Webster, and shouted, cheered and called forth speeches from each of these statesmen. Clay had gone out of town.  
Mr. Houston's Speech was admirable. Mr. Douglass' was very brilliant and heart striking.—The others were capital. Mr. Webster was never in such towering spirits. He was in his glory.  
The generous donations made by Jenny Lind to several charitable societies in the city of New York have already been announced. The Tribune states that she has appropriated the entire results of her visit to America, however large they may be, to the establishment and endowment of a system of free schools in Norway and Sweden. This is quite characteristic of the gifted Swede, whose great success in Europe has everywhere been fol-

lowed by acts of similar generosity and well directed benevolence. Her fame is not less connected with her nobleness of conduct than her great ability as a singer.  
The result of the examination of General Hinton, upon charges of robbing the mail, was his commitment to jail at Franklin county, in default of \$15,000 bail, which was required by the United States Commissioner. His counsel made no defence against the convincing evidence adduced to sustain the principal charge.—*Cleveland Herald.*

**PLANTAGENET WATER.**  
The proprietor of the Plantagenet Springs Water has received the following Testimonials. The efficacy of the Plantagenet Water is now an established fact.—  
Montreal, March 22, 1850.  
Since August, 1848, I have recommended the Plantagenet Waters in a variety of Chronic complaints, and with good effect. It has proved very useful in Dyspepsia, Rheumatism, and Scrofula. Weakly and nervous persons, and those in whom there was an increased action of the bowels and kidneys, took but half a tumbler at a time, repeated every hour or two. When possessed of more strength, and there existed a tardy state of the secretions, the water was more copiously partaken of; and in cases of Plathora, where a disposition to congestion predominated, with a tendency to fever and irritation, it was taken to the extent of several pints a day.  
It would be a most happy circumstance if "Mineral Waters" generally, were to supersede, and be substituted for, the thousands of vile and pernicious compounds, under the style of Patent Medicines, with which a certain class of the community gorge themselves, to their manifest injury, and to the advantage, solely, of the unscrupulous manufacturers.
