

- (b) the escape of oil or of oily mixture resulting from damage to a ship or unavoidable leakage, if all reasonable precautions have been taken after the occurrence of the damage or discovery of the leakage for the purpose of preventing or minimizing the escape;
- (c) the discharge of residue arising from the purification or clarification of fuel oil or lubricating oil, provided that such discharge is made as far from land as is practicable.

5. The existing text of Article V of the Convention is replaced by the following:

ARTICLE V

Article III shall not apply to the discharge from the bilges of a ship:

- (a) during the period of twelve months following the date on which the present Convention comes into force for the relevant territory in respect of the ship in accordance with paragraph (1) of Article II, of oily mixture;
- (b) after the expiration of such period, of oily mixture containing no oil other than lubricating oil which has drained or leaked from machinery spaces.

6. The existing text of Article VI of the Convention is replaced by the following:

ARTICLE VI

(1) Any contravention of Articles III and IX shall be an offence punishable under the law of the relevant territory in respect of the ship in accordance with paragraph (1) of Article II.

(2) The penalties which may be imposed under the law of any of the territories of a Contracting Government in respect of the unlawful discharge from a ship of oil or oily mixture outside the territorial sea of that territory shall be adequate in severity to discourage any such unlawful discharge and shall not be less than the penalties which may be imposed under the law of that territory in respect of the same infringements within the territorial sea.

(3) Each Contracting Government shall report to the Organization the penalties actually imposed for each infringement.

7. The existing text of Article VII of the Convention is replaced by the following:

ARTICLE VII

(1) As from a date twelve months after the present Convention comes into force for the relevant territory in respect of a ship in accordance with paragraph (1) of Article II, such a ship shall be required to be so fitted as to prevent, so far as reasonable and practicable, the escape of fuel oil or heavy diesel oil into bilges, unless effective means are provided to ensure that the oil in the bilges is not discharged in contravention of this Convention.

(2) Carrying water ballast in oil fuel tanks shall be avoided if possible.

8. The existing text of Article VIII of the Convention is replaced by the following:

ARTICLE VIII

(1) Each Contracting Government shall take all appropriate steps to promote the provision of facilities as follows:
