

## 2.2 CBS Separations for reasons other than retirement

- 207 Canada-based staff left the Department between April 1, 2005, and March 31, 2006, for reasons other than retirement.

### 2.2.1 CBS separations by occupational group and gender

Chart 23 provides a breakdown of separations of Canada-based staff by occupational group and gender:

- Separations were split almost equally between men and women, with 101 and 106 separations respectively.
- The AS group accounted for the highest number of separations among both men and women, with 21 separations each.
- The EL and IS groups accounted for the fewest separations among men (1 separation each), whereas, among women, it was the EX group (2 separations).
