

great blow to him as she was
such a cherry little woman.

I see George Farmer occasionally
here but otherwise I haven't seen
any other members of the Corps for
ages. George Farmer was not very
hopeful of his prospects when I saw
him last as there is such a dearth
of jobs for Major Generals.

With every good wish for 1925
& with kindest regards from us
both to Lady Currie & yourself

Yours v. sincerely
