GLORIOUS NEWS!!!

York, August 20, 1812.

Despatches have just now arrived from General Brock, dated Detroit August 17th 1812, stating that he took possession of that important Post on the 15th without the sacrifice of a drop of British blood.

Every individual, together with their General, was animated with the most glorious spirit. Upwards of 2,500 Troops have surrendered prisoners of War, and about 25 pieces of Ordnance have been taken.

Thus it hath pleased Providence to crown his Majesty's Arms with an early and important Victory.
