

Revival of Export Flour Trade Brings Sharp Rise in Wheat

Cash Demand Also Shows Decided Improvement—Market Closed at Top for Day—Corn and Oats Firm.

CHICAGO, March 6.—Wheat rose sharply to-day as a result of a general revival of cash demand, and owing to a revival of export trade. There was a strong finish at virtually the top price of the day, 1/2c to 3/4c higher than last night. The end of the session left corn 1/2c to 3/4c up, and hog products exhibiting a decline of 2 1/2c to 1 1/2c.

Strength developed in wheat during the last hour after a long period of bearish control and of light trade. Short selling had evidently been too free while the market was on the down grade. Most of the wheat thus disposed of seemed to go into powerful hands, and was not available when prices began to climb. Confirmed reports from St. Louis told of 55,000 barrels of corn taken for export and exercised much influence toward lifting wheat prices here. In view of such news, wheat prices ignored weak cables and forgot for the time being the fear of a surprise in the farm reserve figures due at the close of Friday.

Bought July Corn.
In the corn crowd many of the speculators who sold out May and last week's bulge, were to-day steadily buying July, and some were taking hold of May with fresh vigor. This, however, was not as pronounced until the recovery of wheat had progressed to a decisive extent. Previously the bulls were restrained by the call for cash corn being poor and on account of ocean shipping offering to resell.

Oats did not altogether escape the effect of the general stampede of grain shorts. Relatively, though, the buying power seemed more limited and the market scored no significant gain.

Prices for hog products suffered from larger long selling heavily to take profits.

Northwest Receipts.
Receipts of wheat in cars at primary centres were as follows: Week ending March 6, 1913.

European Markets.
The Liverpool market closed to-day on wheat unchanged to 1/4d lower than yesterday, and corn and lower. Wheat was 1/4d higher, Paris 1/4c higher, to 1/2c lower, and London unchanged. Berlin 1/4c higher, and Stockholm 1/4c higher.
