Thrilling cables were read at the afternoon conference of the Interna-tional Sunday School Council at the Wesley Buildings yesterday after-noon from missionaries in various parts of Turkey. They were read by C. V. Vickery of New York, interna-tional secretary of foreign missions. Appalling conditions of famine were reported. Only sufficient food to sustain one fourth of the population and that one month's delay in sending relief would mean twenty thousand deaths was predicted.

Secretary Vickery said that owing to the lack of communication for several months the missionaries had been forced issue and sell unauthorized sight drafts on the home ganks aggregating three million rubles.
