Supports It as Citizen - Ex-Mayor Urquhart a Strong Sympathizer.

Premier Whitney will vote for the power bylaw this morning. Not only as head of the government and interested in the success of a policy to which so much thought has been given by his colleagues and himself, but as a private citizen of Toronto, he is preserved in the feyor. self, but as a private citizen of Toronto, he is unreservedly in its favor.

"I support it," he remarked, "because of what I believe to be the very, proper desire of the citizens to avail themselves of cheap power and all it implies."

Mr. Whitney will cast his first vote as a citizen of Toronto at this election. He is enrolled on the parliament buildings list, and his polling booth is situated in the technical school building on College-street.

Ex-Mayor Urguhart Supports It

Ex-Mayor Urquhart Supports It.

"I think that the power bylaw should be supported, and I believe that the people of Toronto will roll up a substantial majority," said ex-Mayor Urquhart, who is as strong a municipal ownership man out of the council as he was in it. "It is of the utmost importance to the manufacturers and business men of Toronto that there should be an adequate supply of cheap power for con-

ers by giving it their favorable and unmistakable pronouncement.

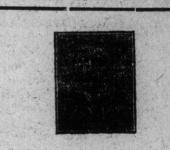

"There is not the slightest doubt in my own mind that Hon, Adam Beck's figures have been fully canvassed before being submitted to us. He says, too, I believe, that his figures are based on tenders supplied by private companies. However obtained, I believe that Mr. Beck is justified in urging them. Why, what public man would jeopardise his reputation by folsting on us fictitious statistics? I have every confidence in Mr. Beck's figures and he is to be commended in every way for the splendid service he has rendered. Certainly, the bylaw will receive my vote."
