MASSEY-HARRIS CO. ASK FOR INJUNCTION

Against the Striking Moulders Interfering with the Men de on Duty at Their Works-They Also Claim Damages.

A big legal fight was started yesterday when a writ was issued at Osgoode Hall on behalf of the Massey-Harris Co., Limited, Frederick G. Ball, moulder, 21 Turneravenue, and William Dodson, moulder, 115 Edwin-avenue, against Charles H. Woodward, 172 Shaw-street, William Worrell, 152 Sydenham-street, William Skimerton, 1 Euclid-place, Michael Allen, 111 Strachanavenue; Stephen Ball, 184 Strachanavenue; Ralph Fernley, 89 Dundas-street, and Rob-

Was the First Topic Before the Board of Control Yesterday Af-

TROLLEY FENDER TALKED ABOUT

Lines-A Deputation From the Junction,

Control yesterday afternoon was that of control yesterday afternoon was that of recommending to Council an advisory architect, who is to associate himself with Mr. Siddall in the new St. Lawrence Market work. Five applications were received, the names of the firms being: Gouinlock & Baker, who said they were willing to do the work for \$2500; Beaumout Jarvis, W. R. Strickland, Edwards & Wagner and J. Wilson Grey. The last mentioned v as recommended for the position, but the remuneration he is to receive was not mended for the position, but the remuneration he is to receive was not mended. muneration be is to receive was not men-

Diversion of the Don.

There was some discussion over the matter, and each member of the board had a nominee except Ald. Spence, who said he had no nomination to make, but he would support Mr. Grey.

The Mayor, by using his double vote, succeeded in getting his nominee's name inserted, and the recommendation will be made to Council that he be associated with Mr. Siddail.

Ald. Sheppard laughingly remarked that he was glad that the market difficulty had contended that it would expedite matters by going to Council directly.

The board however, thought otherwise as glad that the market difficulty had contended that it would expedite matters by going to Council directly.

The resolution forwarded hat had a make and sheppard thought that per laming a report of the proceedings on investigation. Mr. Duvernet also sent a copy of a resolution to the board, which he recommended at to pass, as oy doing so

widened. The resolution was as follows
Whereas, by resolution contained in
Report No. 4 of the Board of Control,
adopted by this Council on the 5th day
of February 1900, an enquiry has been
directed, under section 324 of the Municipal Act, as to whether John Thompson, Chief of the Fire Brigade, took
part in the election of a Mayoralty candidate in the campaign for the municipal elections which were held on the
first Monday of January, in the year
1899 and 1900, otherwise than by recording his vote;

of the County of York be requested to take evidence and investigate whether there has been any interference by any members of the Fire Department in the said municipal elections, whether such members acted at the instance of or 's agents of the said John Thompson or otherwise, and to report the result of the enquiry, and the evidence taken the enquiry, and the evidence taken the eadid investigation.

Aid, Sheppard thought that the

Diversion of the Don.

special Meeting of Council.

Special Meeting of Council.

The Mayor announced at the meeting that a special meeting of the City Council would be held on Tuesday next.

Fenders for Trolleys.

At a meeting of a sub-committee of the Board of Works, held yesterday afternoon, to report upon and recommend a suitable fender for the trolley cars, a letter was read from the City Engineer, saying that, after investigating the merits of different fenders, he had come to the conclusion that the Slemin fender and the fender now being used in Chicago were the best.

Ald. Hubbard maintained that a new fender should certainly be attached to all cars.

If your committee thinks it advisable, we would be only too pleased if you would get an expression of opinion from the men, untrammeled by any conditions except such as you might impose yourselves.

What we ask for at present is simply that the bylaw be suspended, and if it is found at any future time that it is in the best interests of either the public or the conductors, we will have no objection to see that it is properly enforced. Such suspension would of course not in any way be understood to prejudice your legal rights in this matter.

Industrial Mining Co. Industrial Mining Co.

The advertisement of the Industrial Mining Company in these columns gives to the investor a highly favorable opportunity for investment, void of the attendant risk frequently met with—the early risk accompanying any company owing to possibility of failure of successful floating—the company giving security equal to or greater than price asked for stock; or, in other words, giving to the public on a thoro business basis. Doubtless the public will appreciate this, and subscribe for this stock quickly, before the short time expires, or price is advanced. The small capital issued is a good feature, making possible very much larger dividends than a high capitalization.
