20TH ANNUAL GONGLAVE OF KNIGHTS TEMPLAR

Two Days' Session Opened at Sarn'a With a Record Attendance.

Sarpia, Aug. 12.-The twentieth an- user of Sunlight Soap. nual conclave of the Sovereign Grand Priory of Canada, Knights Templar, opened a two-day session this morning. The attendance is the largest in the history of this order in Canada and the fine weather made the features of the day most enjoyable. The first of the preceptories to arrive

were Montreal and Brockville, the lat-

ter accompanied by the Forty-first Regiment band, who reached here last evening. Sussex Preceptory of Sherbrooke. Que., arrived at 10 p.m. Hamilton sent a large contingent on a special train, reaching here at 7 a.m. The Thirteenth Regiment band accompanied them. Preceptories from London and other points arrived during the morning and were met at the depot by members of St. Simon of Cyrene Preceptory of Sarnia and escorted to their notels. The Supreme officers were escorted to the St. Andrew's Rink at 9.30 a.m. by the visiting preceptories in uniform, accompanied by three bands. Upon the platform were: Past Grand Masters W. H. White, Montreal; Senator J. Vellis of St. John, N.B., His Honor Judge MacWat of Sarnia, Sir Knights Judge MacWat of Sarnia, Sir Knights
Hon, Senator Gibson of Beamsville, Dr.
T. G. Johnston, M.P., Sarnia; J. B.
Tresidder, Montreal; E. G. Swift, Walkerville; Rev. A. W. Richardson, Kingston; J. S. Dewar, London; J. M. Davis,
Hamilton; Hugh Murray, Hamilton,
and many others.

Mayor Cook and members of the
Town Council welcomed the delegates

Town Council welcomed the delegates in an address, which was responded to by the Supreme Grand Master.

After the formal opening Supreme Grand Master Carley addressed the priory upon the progress of the order, which, he said, had been gratifying during the past year. New members to the number of 274 had been admitted,

this being in excess of previous rec ords. Warrants for two new preceptories, Sydney, N.S., and Picton, were up for consideration, and from all parts of the Dominion the reports were most

encouraging.

The present session marked the second decade of the Great Priory of Canada, and was the forty-eighth since the formation of the Provincial Conclave. During these years the growth of Templary in Canada had been steady and in the past ten years the advance-ment of interest had been particularly marked. During the past year there had been many interchanges of hospi-tality between the subordinate bodies tarry between the subordinate podies here and in the United States, a fea-ture tending to strengthen the growing friendship of these two countries. The general adoption of uniforms and mili-tary drill had brought excellent results everywhere, but these features should not be allowed to overshadow the more serious functions of the order. The preceptories visited on his recent trip West had been found active and thoro

west had been found active and thoro in their work.

Deputy Grand Master William Gibson followed with an address upon the visits made during the year. The session adjourned at 1 p.m.

The members of Port Huron Preceptory, accompanied by a band, crossed over at 1 o'clock and formed a pleasing feature of the grand procession, which took place at 2 o'clock. The procession was witnessed by thousands of persons, many from Port Huron and vicinity. At 4 o'clock the visitors boarded the steamers Hiawatha and Conger and spent three hours on the waters of the St. Clair and Lake Huron. A concert by the Thirteenth Regiment band in the evening completed the proceedings of the day.

Whereas the assurance of a construt and ample supply of food to the citizens of the United Kingdom, in both peace and war, is a matter of the importance for the security of the empire;

Therefore be it resolved that in the opinion of this congress the food supply of Great Britain can be most safely of the own territories to such an extent as to make her independent of supplies from foreign sources, and that to best achieve this end it is most desirable and necessary to divert as far as possible all of her able-bodied surplus population, who will make useful citizens, to the shores of her dominions beyond the seas.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach. "For a long time I was suffering and was hardly able to get about," writes Mr. Andrew J. Jennings. of Thomas, Tucker Co., W. Va., Box. 194. "Was bothered with kidney trouble and my whole system was out of order; had no appetite. A friend of mine told me to try Dr. Pierce's Golden Medical Discovery. I did so and the first bottle restored my appetite. I took six bottles of 'Golden Medical Discovery' and some of the 'Pleasant Pellets' and feel like a new person."
