U. S. MAIL CONFISCATED.

BERLIN, Aug. 25, by wireless to Sayville.—The entire American mail on the Scandinavian-American liner United States, which arrived at Copenhagen on Aug. 18, from New York, was confiscated by the British authorities at Kirkwall, says an overseas news agency announcement today.

J. A. KIRKPATRICK IMPROVING.

Friends of John A. Kirkpatrick, a respected citizen and an old postoffice official, who was painfully injured while discharging his duties at the Union Station some weeks ago, and who has ever since been confined to the Toronto General Hospital, will be pleased to learn that Mr. Kirkpatrick has sufficiently recovered to soon leave the institution. Out of sympathy and esteem for Mr. Kirkpatrick, the post-office inspector's office presented him yesterday with a cane.

Astonishing Power of Iron To Give Strength to Broken

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folk 200 Per Cent. In Two Weeks' Time in Many

NEW YORK, N.Y.—In a recent discourse Dr. E. Sauer, Specialist, of this clity, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nerveous and all run down, and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsis, kidney or ilver trouble; one can't sleep at night; others are sleepy and tired all day; some fixey and irritable; some skinny and bloodless, but all lack physical power and endurance, in such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your darging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you were to you can work or how far you can wake without becoming tired. Next take two five-grain tables of ordinary nuxated fron three times

Down Nervous People

(ated from Delicate Two per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when, you come down to hard facts there is nothing like good old iron to put color in your cheeks and good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately benficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Minarked Iron does not at least double your strength in ten days' time. It is dispensed in this city by G. Tamblyn,

TORONTO HEROES IN **BIG CASUALTY LIST**

of the estate of his son, Capt. Donald Evidence of Removal of Canadians to the Somme Front.

nnounced yesterday from Ottawa showed a great increase over the as guardian of her infant grandchildren. William Joseph, 5 years old, and Dorothy Gertrude, 4 years old, children of John Joseph Tavenner, a locomotive engineer, who fell in action while serving with the Canadian forces in Flanders, the children since the death of their mother having made their home with their grandmother. The estate is valued at \$2000.

Eert Reeves, her husband and his children. Frank, Ethel and Ernest, will share equally in the distribution of the estate of \$1400 left by Mrs Mabel Frances Reeves, who died intestate at Mount Dennis on July 28, 1915. Letters of administration have been applied for.

Inumber contained in the lists of the past few weeks, and is evidence of the removal of the Canadians from the Ypres salient to the Somme front, where the British are so hotly engaged. The list contained the names of 20 Toronto men, of whom one has been killed in action; two have died of wounds: one is wounded and missing; one is a prisoner of war; one is dangerously ill; one man has died, and fourteen have been wounded.

The following is the lists of Toronto men, of whom one has been killed in action; two have died of wounds: one is wounded and missing; one is a prisoner of war; one is dangerously ill; one man has died, and fourteen have been wounded.

ASK MORE NIAGARA POWER Representatives of U. S. Industries
Present Case.

NIAGARA FALLS, N.Y., Aug. 25.—Appeal for additional diversions for power purposes of Niagara Falls water was made by representatives of Western New York industries at a hearing here today before Major Burgess, of the U. S. Lake Survey. Speakers declared that the action of the Canadian Hydro-Electric Commission in appropriating 25,000 horsepower, is being severely felt in the United States, and expressed fears that before spring the expressed fears that before spring the Canadian authorities will further cur-

tail export power by appropriating another 25,000 horsepower.

Major Burgess will report to the war department the result of his investigation and the department will decide whether additional diversion is

Army Order Just Issued is Followed by Lively Discus-

A USELESS WEIGHT

famous French artists, philosophers and literary men have contributed.

Jean Richepin, the dramatist, writing in The Fuse, says:

"The beard has gone, but what is the difference to us? In place of it, it is courage that grows. Let the beard fall and French courage grow.

Edward Rostand celebrates the beard in verse as a symbol of "all the beauty." in verse as a symbol of "all the beauty of all France, a soul, a jewel, a torch,

Maurice Barreset gravely regrets the passing of the beard which he says was 'a heritage of long ago in which the dead lived again and which bound the dead lived again and which bound the dead lived again and which bound the sail of th the dead lived again and which bound us mysteriously to the soil."
General Pierre Cherfils, reasoning technically, excuses the measure because 'the beard of a trooper weighs on an average of 60 grammes. With 2,000,000 men at the front this brings the aggregate weight to 120 tons. It was natural that the staff should think of relieving the army of this considerable and useless weight. It was reasoned. able and useless weight. It was reas-onable in creating heavy material to make in compensation light infantry.

ATTENDING TO BUSINESS. "You say the officer arrested you while you were quietly minding your own business?"
"Yes, your honor. He caught me sud-

denly by the coat color and a companied to truncheon me unless I accompanied him quietly to the station."
"You were peaceably attending to your own business, making no noise or disturbance of any kind?"
"None whatever,"
"It see a see the color and the color and
