The gain of a few hundred yards of a front-line trench, which is all that remains in German hands, appears small compensation for the fierce fighting in the forty attacks of the past ten weeks, during which conservative estimates place the German losses in the vicinity of the Chemin des Dames alone at six figures.

When the correspondent left field at an advanced hour in the evening the fighting was still proceeding. The official statement issued by the French War Office tonight reads:

"East of Cerny we made some progress in the course of a small operaor men returned toward their own tion, and took prisoners. In the region of Hurtebise and Craonne the bombardment continued very violent against our positions, chiefly on the Californie Plateau. There was no infantry action. Eight hundred and fifty shells were fired against Rheims during the course of the day.

"In Champagne, the Germans last many men in the destroyed dugouts night delivered an attack on our trenches northwest of Mont Carnillet, but were completely repulsed after a

spirited engagement. "Our batteries were very active against the German organizations in the region of Moronvilliers. There was intermittent cannonading on the rest of the front. A German long range gun this morning fired about a hundred shells in the region north of Nancy. There were no casualties and the damage was insignificant. In retaliation we effectively shelled batter-

and Skin Irritation. F every mother could realize the danger which lurks in the neglect of chafing and skin irritation she would not take chances on being without Dr. Chase's Ointment to apply after the bath.

This ointment is so clean and pure, and so delightfully soothing and healing, that it affords prompt relief to the little one's discomfort. It arrests the development of eczema, and makes a complete cure. Unlike pore-clogging powders, it promotes healthful action of the pores of the skin, and therefore leaves the skin in perfect condition.
