

BALFOUR THANKS AMERICAN PEOPLE

Believes Full Weight of the United States Will Enter Into Struggle.

DO MUCH GOOD WORK Conferences Achieve Remarkable Results in Only Forty Days.

Washington, May 24.—In a farewell address to the American people today, Foreign Secretary Balfour warmly expressed thanks for the kindness and sympathy with which the British war mission has been received in this country.

Of those who say the war preparations of the United States have proceeded slowly, Mr. Balfour said they "know very little of the actual work which public life is and must be carried on in free countries."

"I think what has been accomplished in these 40 days more remarkable," he said, "is to see that the executive government has been delayed by the fact that certain measures passed before Congress took time to pass, some of them not yet passed."

"He added that he felt confident that Congress would do the part which the great powers necessary successfully to conduct the war."

In expressing the mission's gratitude for the reception given them the foreign minister spoke with regret of their inability to visit many sections, and noted the hope that might be done at a later and happier time.

"The kindness with which we were received, the warmth of the welcome which we have given to the mission in general, and the hope that might be done at a later and happier time."

Few Risked Trips to Summer Resorts, in View of the Weatherman's Warning.

BLEAK VICTORIA DAY Fifteen Thousand Attended Races, However, and Seized Last Chance to Bet.

Victoria Day, the first national holiday, was not remarkable for its sunshine as far as Toronto was concerned and so did not lend itself to outdoor enjoyment.

Despite the adverse weather conditions the holiday spirit permeated the city's life and the more adventurous betook themselves in large crowds to the numerous resorts, those providing most shelter proving the more popular.

When the motorcycle they were riding crashed into a hydro pole at the corner of Devon street and Dovercourt road, about 11 o'clock last night, Alton Brown and Stephen Horn, both of 148 Meach Lake, were thrown to the sidewalk.

The machine was owned by Brown. He was riding in front, Horn on the rear seat. They were proceeding west along Devon street, and at Dovercourt road, passed behind a street car, and being unable to turn quick enough, dashed into the pole.

Grease dropped on a hot stove at the rear of the Lennox restaurant, 14 East Queen street, was responsible for a fire last night which damaged the building and contents to the extent of \$800, and compelled a number of diners to make a hasty exit from the premises.

At the annual meeting on Empire Day at E. J. Kinross's Students' Christian Association, a donation of the members' fees amounting to over \$200 was made, half to go to relief of Canadian soldiers and half to the fund for building the Christian Science sanitarium in Boston, where returned soldiers will find a haven of rest.

C.D.F. RECRUITS MAY NOW DISBAND

Owing to Conscription, No More Are to Be Enlisted.

TROOPS FOR BORDEN Next Week Will See All Toronto Soldiers in Camp.

Owing to the new conscription measure which parliament will shortly be asked to adopt orders have been issued at Exhibition Camp authorizing the abandonment of the recruiting campaign which has been unsuccessfully carried on for the past six weeks on behalf of the Canadian defence force.

The order itself reads: "It is notified for the information of all concerned that no more recommendations for appointments of officers to the Canadian Defence Force will be made, and that after publication of this order no more men are to be enlisted in battalions of the Canadian Defence Force except in the overseas companies thereof."

Since its inception five city regiments have been organized on a campaign to obtain men for service at home, but as a result of their activities only 64 men, in addition to 100 who have been recruited, the 10th Royal Grenadiers secured a majority of these men, and the other regiments concerned were the 4th Light Infantry, the 10th Regiment, and the 10th Regiment.

How the 64 men will be disposed of is still under decision by the military authorities. Officials at Exhibition Camp have been in communication with Ottawa, and it is quite probable that the men will be given the option of enlisting in the overseas forces or returning to civil life.

Will Say Good-Bye. The 25th Battalion, which will shortly depart for a training post further east, will hold a farewell at home for relatives and friends at the transportation building, Exhibition Camp, this afternoon. The battalion will leave the barracks at 2:30 and march directly to the camp.

The following members of the 25th Battalion have been transferred to the Bayonet Fighting and Physical Training School at Humber Square: Sergeant G. E. McConney, W. R. Howard, P. W. Young, E. S. Bays, C. M. Chandler and others.

Leave Exhibition Camp. The exodus from Exhibition Camp for Camp Borden and Petawawa begins today and will be completed by the end of the week. The troops and the headquarters staff will be out of Toronto. An advance party of the artillery brigade, quartered at the Exhibition, leaves this morning for Petawawa. Tomorrow morning the A. M. C. Training Depot will depart from Exhibition station for Camp Borden and an hour later they will be followed by advance parties from the following units: No. 1, A.S.C. (Special), Forestry Depot, Special Service Company, Forestry Depot, Special Training Depot, Details C.A.D.C., School of Infantry, School of Infantry, Divisional Signalling, School of Bombing, School of Trench Warfare.

The Depot Regiment of the Canadian Mounted Rifles quartered at Hamilton will move to Camp Borden this afternoon and the following day an advance party from the 25th Machine Gun Depot will depart for the northern camp.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble are afflicted with acid stomachs that are absolutely healthy and normal.

The real trouble, that which causes all the misery, is acidity in the stomach, usually due to, or irritated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind, which distends the stomach abnormally, causing that full bloated feeling, both acid and fermentation interfere with and retard the process of digestion.

The stomach is usually healthy and normal, but irritated almost past endurance by foreign elements acid and wind. In all such cases the complete cure is 90 per cent. of all stomach difficulties.

It is not only necessary to neutralize the acid and stop the fermentation by taking in a little warm or cold water, but also to stop the fermentation by two teaspoonfuls of baking soda.
