GRAIN SPECULATION MEANS WIDE MARKET

Future Trading Not Cause of
Decline, Says Chicago Board
of Trade President.

Washington, Jan. 13.—The grain
trade can get along without the pres-
ent marketing system provided con-
gress is ready to place the United
States farmer on a plane with the
Russian peasant and the Argentine
farmer, L. F. Gates, former president
of the Chicago board of trade, de-
clared today to the house agriculture
committee which was considering bills
to regulate future exchanges. The sys-
tem makes for a wide market, in-
creases the return to producers and
prevents a monopoly.

Enactment of the Tinscher regula-
tion bill would increase the opportu-
nity for manipulating the market, Mr.
Gates asserted. The exchanges have
themselves adopted safeguards against
manipulating, he added.

Future trading had nothing to do
with the decline in the grain market,
the witness maintained, but the situ-
ation was due to the financial condi-
tion of Europe, refusal of the people
generally to buy, increased freight
rates and a desire for more direct
marketing.

Speculation is necessary for the
grain trade, Mr. Gates asserted, as it
makes for a broad liquid market and
furnishes a constant market for the
producer until such time as the con-
sumer needs a supply.

SUGGESTS SIR R. BORDEN FOR GOVERNOR-GENERAL

Ottawa, Jan. 13.—(By Canadian
Press).—In a letter to a local paper,
John S. Ewart, K.C., suggests the ap-
pointment of Sir Robert Borden as
governor-general of Canada. "He has
done a great deal of hard, conscien-
tious work in the service of Canada,"
Mr. Ewart remarks, "and has well
earned the right to be her first vice-
roy."

NEXT C.M.A. CONVENTION TO BE HELD IN QUEBEC

Montreal, Jan. 13.—It was announced
at the regular meeting of the Montreal
executive of the Canadian Manufactur-
ers' Association at the Windsor Hotel
here today that the next annual con-
vention of the association will be held
in Quebec city during June. It is ex-
pected there will be about two thou-
sand delegates in attendance.

Loose Leaf Tobacco Markets Will Close for Over a Week

Lexington, Ky., Jan. 13.—All loose
leaf tobacco markets thruout the Bur-
ley district of Kentucky, Indiana and
Ohio, closed for more than a week be-
cause of unsatisfactory prices offered
by buyers, will open January 17. It
was decided at a meeting of ware-
house men here late today.

SYDNEY STEEL PLANT CLOSING.
Sydney, N.S., Jan. 13.—Conditions
here point to a closing down of the
steel plant within a period of two
weeks. By the last of January the
large orders of the Dominion Iron
and Steel Company will be exhausted,
according to the announcement of an
official.

GRAIN FIRE AT MAIDSTONE.
Maidstone, Ont., Jan. 13.—The grain
elevator and churning mill at the
M.C.R. station, owned by Vincent
McCloskey and George Cronin, was
burned about two o'clock this after-
noon. The fire was caused by a hot
journal taking fire and catching on to
the oil and flour dust.

OFFICIALS EXPECT CHAOS IN AUSTRIA

(Continued From Page 1).

ing the way for the extremists in Vi-
enna, Bavaria and Italy, and perhaps
Switzerland, are expected to take
measures that the regions of Austria
bordering on their territories will not
fall into a situation menacing to them.
Baron Eichhoff indicated there was
danger of a part of Austria at least
falling into the hands of Germany, de-
spite the provisions of the treaty of
Versailles.

May Look to Germany.

"Without a government capable of
maintaining order it will naturally be-
come necessary for the Bavarians to
protect the railway lines connecting
the two countries," the Baron said,
"and insure proper communications.
This will involve the use of Bavarian
police on the Austrian side of the line.
What this may lead to is obvious, in
view of the chaotic conditions neces-
sarily following a suspension of in-
terior government control."

The communist movement for the
moment is not important, Baron
Eichhoff declared, but after a political
collapse it would be impossible to tell
what might happen. Vienna, however,
he considered would most likely fall
into the hands of pillagers, adding
that if the whole country was not
overrun by hungry and turbulent ele-
ments it would be because Italy, Ger-
many and Switzerland prevented such
action.

"The treaty of St. Germain required
Austria to live upon her own restricted
means," said Baron Eichhoff. "Her
statesmen informed the allies that this
was impossible, but the allies said she
must do so just the same. She has
tried and failed because not only her
territory but her credit was withdrawn
from her. The crown has gone down
and the cost of living in Austria has
gone up until now we are unable to
pay the salaries of government em-
ployees, which amount to 13,000,000
crowns annually, let alone buy raw
materials with which we might work
out our own salvation."

"The treaty forbids us to unite with
Germany, and circumstances prevent
us from saving ourselves in any other
way. We now are at the end of our
resources. Charity may feed part of
the population, but measures for assu-
ring the economic future of the state
are lacking. There is no one willing
further to undertake to keep the ship
afloat."
