

NEXT WEEK'S BILLS
AT LOCAL THEATRES"Jack o' Lantern" at the Prin
cess—"Ruined Lady"
for Royal.

The announcement of Grace George's appearance is a matter of unusual interest to theatregoers. No actress on the English-speaking stage is happier or more expert in the delineation of high comedy. Her's is an art wholly delightful and appealing, and she holds a warm place in the affections of those fond of the best of the theatre affords. Admirers of Miss George will be glad to know that "The Ruined Lady" in which this delightful comedienne comes to the Royal Alexandra Theatre at next week, commencing Monday evening, is a play of contemporary life. Frances Nordstrom, long known as an actress, and now coming into her own as a playwright, in "The Ruined Lady" to have written a wholly and delightful comedy. And Miss Nordstrom is fortunate in the possession of a new and genuinely novel comedy idea, which forms the basis for the extremely clever play. In "The Ruined Lady" Miss George will be surrounded by an excellent company. Prominently cast in "The Ruined Lady" are Miss George, Grace Heyer, Jean Oliver, Francesca Rotoli, Violet deBarry, Alice Andree, Ralph Glover, Neil Hamilton and John Gray. The matinee as usual will be on Wednesday and Saturday.

"The Maid of the Mountains." No musical play ever seen locally has the appeal like "The Maid of the Mountains," which returns for a week's engagement, commencing Monday evening, Nov. 15. The same great cast and production will again be seen. Mail orders are now being received. Seat sale opens Thursday morning.

"Jack o' Lantern." Playgoers of Toronto should welcome the announcement that Charles Dillingham will present his musical extravaganza, "Jack o' Lantern," at the New Princess Theatre next week, commencing Monday night. Names in the theatrical business, especially those associated with the business or production side of the theatre, become trade-marks and stand for quality or inequalities, as the case may be, just as trade-marks in commercial lines, and the name Dillingham has stood for the best in the theatre for more than twenty years. In "Jack o' Lantern," Mr. Dillingham is said to have one of the largest as well as the best entertainments with which he has ever been associated. There are more than seventy-five persons in the company, and it requires two baggage cars to transport the scenery and effects. In the cast, besides Messrs. Doyle and Dixon, the principals are Elva Magnus, Essie Franklin, Marie Callahan, Lucie Lorraine, Eileen Christie, Ethel Lawrence, a New York Globe Theatre chorus, and Tom Brown's Opera Band. The book is by Anne Caldwell and R. H. Burnside, and the score by Ivan Caryll. The piece is founded on a fairy tale, and has many beautiful scenes and delightful music.

Madge Kennedy. The announcement that Miss Madge Kennedy, the popular film star, is to appear at the Princess Theatre the week of Nov. 15, in a new play called "Cornered," will doubtless attract unusual attention. The play in which Miss Kennedy is to present under the management of Henry W. Savage has its scenes laid in New York City. Mr. Savage announces no details of the plot, saying that "Cornered" is a drama of suspense and surprises.

Shea's Theatre. Ten of America's foremost song writers have combined and entered the vaudeville field and will next week be the headline attraction at Shea's Theatre, when they will offer a selection of modern popular song successes in the musical melange which they call "A Trip to Hittland." Macintosh's musical maids in Scotch songs and dances, with the accompaniment of the bagpipes, are always welcome here. Harry Green composes songs just as rapidly as he desires; Marion Weeks and Henri Barrow, known as "The Dainty Soprano and the Operatic Tenor," will offer a musical treat to lovers of classical music, while Walter Manthey & Co. present a varied offering introducing many of the new dance creations of the coming season. Muller and Correll are snappy satirists and the Shea's News Review completes a well-balanced bill.

Amusement at Pantages. Another big amusement bargain is in store for local playgoers, at the Pantages Theatre next week, and the bill to be offered will abound in singing, dancing, comedy and novelty acts. The Klein brothers, late of "Shubert's Galettes of 1919," will fulfil an engagement made possible thru the postponement of rehearsals for a big Broadway review. Thus they have been induced to present in Toronto the same act that has delighted New York patrons at the Winter Garden. Sharing honors with the ten piece musical revue "Broadway Echoes," which, advance reports state, is one of the most brilliant musical offerings behind the footlights. LeRoy and Hart will present a singing novelty while others to assist in making next week's program one of unusual interest are "Jupiter and Mars," the Temple Comedy Quartet, and the Gaudinids, the funny clowns who kept audi-

MEAT CAUSE OF
KIDNEY TROUBLETake Salts to Flush Kidneys
if Back Hurts or Bladder
Bothers.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief after two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juices, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

BRITISH MINERS
RETURN TO WORKFull Operations of Mines Is
Not Expected Before
Monday.

London, Nov. 5.—Reports from South Wales, which was regarded as the center of obdurance during the miners' strike, show that the men are readily returning to work. In Lancashire and Cheshire, where the miners also voted overwhelmingly against acceptance of the agreement between their leaders and the government, it is confidently expected that the men will resume work without undue delay, although repairs in the mines will prevent full resumption of operations till Monday.

At Hamilton, Midland, a band of young extremists, dissatisfied with the settlement raked the offices of their union and demanded to see the leaders, who, however, were away. The police were obliged to eject the crowd with drawn truncheons. A full normal train service will be

HOLLAND MAY

Which Gives Opening for
a Republic.

The Hague, Nov. 5.—The possibility of becoming a republic is in prospect for Holland under recommendations submitted today by the commission appointed to revise the constitution. If these recommendations are adopted, Holland will have the chance to decide upon doing away with royalty, unless the little Princess Juliana, only child of Queen Wilhelmina and Prince Consort Henry, some day gives birth to a son by a husband whom the Dutch parliament approves as her consort. The princess now is eleven years old.

The commission proposes that hereafter, unless there is a direct male descendant of a male ruler, the throne shall go to some male of the second generation of the last king. In the event of there being no direct male successor, however, the people shall

If the water continues to rise as rapidly as it has for the past few days it is expected that the mills will be running to full capacity on Monday.

GERMANY TO IMPOSE
A SACRIFICE TAX

Berlin, Nov. 5.—Germany's treasury faces a deficit of approximately 70,000,000,000 marks, Dr. Karl Helfferich, former vice-chancellor, declared in the reichstag here yesterday. He said that in the face of expenditures amounting to 100,000,000,000 marks the receipts would total 30,000,000,000. He declared it was impossible to vote the credits demanded for the inter-allied high commission in the Rhine territory, and reproached the minister of finance, Dr. Wirth, for not having done anything to remedy the situation. Dr. Wirth, in answering, stated the cabinet had decided to introduce a bill providing for a "sacrifice tax," adding that the government would ask a credit of 1,000,000,000 marks to buy cereals abroad.
