

ADVERTISEMENT.

THE want of a medium of publication of its proceedings, etc., has been felt for some time by the NATURAL HISTORY SOCIETY, and the issue of this BULLETIN has been commenced to supply this want.

It is intended to continue the publication in this form, from time to time, of original articles read before the Society; and the Council request that other Societies and Public Bodies who may receive it, will send their publications in return.

M. CHAMBERLAIN,
ROBERT CHALMERS,
GEORGE U. HAY,
Publishing Committee.
