Picks White Sox to Win.
New York, Sept. 24.—Fielder Jones, the crafty old fox who piloted the White Sox to an American League pennant and a world's championship over the Cubs in 1906, can't see anything but the White Sox in the coming world's series.
"They've got the smartest baseball club I ever saw," Jones said. "Any game on the club is likely to break up a game, and they are capable of doing it with a great variety of plays. They play smart baseball. If the Giants win I will say they're the greatest team in baseball."

GIANTS ARE A NEW TEAM

Only Three of McGraw's Players Were With New York Club When They Won the Pennant in 1913
After four years of vain endeavor the Giants once more have fought their way to the championship of the National League. With a brand new team, but a few old players, they overcame the odds and won the pennant by the Boston Braves.
When McGraw's veteran championship outfit went to bed in the autumn of 1913, after winning three championships in a row and five since McGraw took charge, and was disbanded for the pennant by the Boston Braves, it was a bitter blow to the scrappy leader, one that he did not overcome for more than a year. He deemed his champions worthy of rank with any other club entered in the great race for the pennant by the Boston Braves.

MAN'S FRIEND, THE DOG

Another defender of man's friend, the dog, writes to The Times in reply to a recent letter in this paper:
"I wish to reply to the writer in your issue of Saturday last who pays no 'dog taxes' and who slanders our canine friends as 'useless dogs' under the cloak of economy.
As a careful breeder and exhibitor of dogs, also a taxpayer on same, I resent strongly those remarks, because they do not contain the truth. I admit all dogs are not street scavengers like most seen in the Orient, but neither are all cats rat-catchers. Admitted also that Leaks' about 2,000 dogs in our city. Every city or town has its proportion of mongrel type. These latter kind effect the cost of living in no way. They are not as a class the overfed variety, and \$50,000 is not wasted on dogs in St. John.
But I wish to say, Mr. Editor, that dog owners can and should be more careful that 'table food' is not fed, as most people can buy waste food, and also save raw vegetables that are spoiled. These, cleaned and boiled with bone, have to my mind more delicate tastes, which in most cases can be changed by a couple of days fasting which the dog did not overeat physically but benefit the dog and the purse of the owner, as the cheapest cereals plus bones and vegetables are cheaper than all dog biscuits or all meat.
'Taxpayer knows as well as anyone how many ordinary folks (not rich or even well-to-do), afford more and burn gasoline, much needed for commercial trucks and fishermen, who are finding oil so hard to get at a reasonable price. The writer is not a recent convert to economy as a war-saver, practicing economy being a factor in his everyday life many years before this war.
The dog is in most cases a friend of the family, kept sometimes for the kiddie's sake, or just a pal of the house; but very often as a protector for the housewife who alone in the home alone the day time, or the husband out of town on business. These days see many dogs out with their master and his gun, and daily fear has not been one of the pleasures of Taxpayer. War dogs and police dogs have been and are nearly related in the towns and cities, and are most 'useful dogs,' so many of whom are now doing their bit on the front.
'I had hoped the New Brunswick Kennel Club would take up this letter but presume they are busy with a patriotic effort, would speak for itself."

MONIER MUST GO BEFORE THE COURT OF CASSATION

Paris, Sept. 28.—The minister of justice has decided to send Fernand Monier, president of the Paris court of appeal, before the court of cassation for "professional errors and imprudence."
Monier first came before the public prominently at the time of the Calliaux case three years ago.
Y. W. P. A. MEETING
Captain McNally, of the headquarters staff of K unit, gave a talk last night before the members of the Young Women's Patriotic Association at their meeting held in the rooms of the G. W. V. Association. Miss Lois Grimmer, president of the association, was in the chair. After the lecture 225 was voted to be used for comforts in France; \$10 was voted to the Soldiers' Comforts Association, and donation was made to the military hospital. The members decided to pack fifty-one lone-soldier parcels to be received. Miss Hazen is receiving applications from those students of first aid and home nursing who wish to be re-examined with a view to winning the medalion of the association and who prefer first to take another course of instruction. These should be sent in at once.

SAVE AMERICA FROM SCRAP HEAP

Boston, Sept. 27.—The schooner yacht America, which in 1851 won the Royal Yacht Squadron Cup, since known as the America's Cup, was sold today to members of the Eastern Yacht Club of Marblehead. The principal object of the purchasers was to save the famous craft from the scrap heap or from being refitted for commercial use between New Bedford and the Cape Verde Islands. It was said the America probably would be preserved as a museum.

FOOTBALL

R. C. S. Wins From Siege Battery.
The 9th Siege Battery boys marched to Rotherham yesterday and after lunch their football team played Rotherham Collegiate School on the latter's grounds. The visitors' team included some U. N. B. men and some Frederick High and R. C. S. old boys. They had the weight, but their route march had taken a bit out of them, and the lighter team under Captain Carson was too fast for them.
There was no score in the first half but in the first part of the second R. C. S. scored, Short's drop kick doing the trick. From that to the end it was nip and tuck, with no more scoring, so R. C. S. won, 4 to 0.

RING

Harris to Box Mills.
New York, Sept. 28.—Battling Levinson, being in disfavor with the boxing commissioners, has been informed that he will not be allowed to perform against Billy Miske here on Friday night. Carl Morris has been substituted.
Miske is much lighter than the pug-ferrus Carlos, but he is nearly as tall. Billy meekly admits that if Jim Corbett could prance around the big ones at his weight he sees no reason why he shouldn't be able to do the same. Morris recently lost a bout to Fred Fulton on a foul in Canton, O.

May Arrange Great Race.
Washington, Sept. 28.—According to a report given out here, a match race between August Belmont's Hourless and Willie "Old Omar" Khayyam is practically assured.
It is proposed by some prominent and wealthy Washingtonians to donate a very large purse and a gold cup, half of the purse to go to the Red Cross fund. It is the plan of the donors to have the race run on Red Cross Day at Laurel, which will come about midway of the October meeting, when good weather and track are practically assured.
It is said that while there may be more than these two great three-year-olds entered in the race, the Hourless and Omar Khayyam will start.
Valuable Horse Breaks Leg.
Louisville, Ky., Sept. 28.—Boots, rated one of the finest handicap horses in the country, stepped into a hole, broke his leg and was ordered destroyed, at Lexington, according to information reaching here today.
The son of Hessian and Little Flower originally was owned by Harry Payne Whitney, but was sold to him by Oscar Lewisohn for \$10,000. A. K. Macomber purchased him last spring for \$20,000. He was six years old and had won such events as the Brookdale Handicap, Dominion Handicap at Fort Erie, and the Frontier Stake at Windsor.
St. John Horse Wins.
The horse race at Sackville yesterday was attended by a large number of racing enthusiasts. The free-for-all was won by Bob Mac, who captured the first prize of \$100.
The 221 trot and pace was won by Nancy Winston, owned by R. Brown of this city. This event went five heats, the St. John horse winning the last three; best time 2:20.
