NEW MILITARY SONG
 "Johnny Canuck's Mascot" is the title of the latest Canadian military song, written and composed in St. John. The words are by Mrs. Sarah B. Travers, wife of Dr. J. B. Travers, and the music was composed and arranged by W. W. Swainsbourne, talented director of the Imperial orchestra, and Mr. Swainsbourne is the publisher. The song is dedicated to the Brunswick Chapter, Imperial Order Daughters of the Empire and the proceeds of the sale will be devoted to the work among the soldiers. It is published in attractive form with Canadian and New Brunswick coats of arms decorating the cover. The words are stirring and the music catchy and it is easy to predict that the song will prove popular. It is on sale in the city.

CONGRATULATIONS ON 97TH BIRTHDAY

Congratulations were yesterday extended in hearty manner to one of the oldest residents of North End, J. David Andrews, at his home, 42 Victoria street, upon his having reached his 97th birthday. Considering his advanced age Mr. Andrews enjoys very good health. He takes a keen interest in local affairs and is able to relate many interesting stories of early life about St. John.

Mr. Andrews is a native of Kings county, but came to St. John when quite a young man. He engaged in shipping and for many years acted as master of schooners from this port, not retiring until he was well into his eighties. Best wishes for many more years of life were extended by friends who called at his home yesterday.

BOOSTS CANADIAN CARS IN ENGLAND

London, March 4.—The Imperial Motor Transport, which has been authorized by the British Government, is interested in the question of automobiles made in the overseas dominions, and is desirous of seeing them supersede the foreign product, especially the German and Austrian makes which were formerly popular in Great Britain. Considerable impetus was given to the movement when the council heard a paper by a New Zealand member, pointing out the advantages derived in Australia and New Zealand by the importation of motors manufactured in Canada.

AT THE RANGE

The city rifle range was a busy place yesterday. In addition to the large number of regular patrons, three organized bodies were on hand for drill. The policemen had their regular drill in the afternoon. They were followed by the High School cadet corps under J. Stewart Henry and in the evening the Home Guard company under Captain David H. Waterbury were on hand.

The day was marked by an increase in off-hand shooting. So far most of those shooting from a standing position have used a rest. The highest score made from the standing rest was by Commissioner McLellan's 89. In the off hand shooting the best scores were H. A. Buxton, 79; H. E. McLellan, 86; and R. D. Patterson, 85. In prone shooting, Pte. J. F. Turnbull was high with 46 out of 60.

The number of lady patrons showed a marked increase yesterday.

THE LADY CURLERS

In St. Andrews rink this morning the ladies' curling club had a match played and resulted in a victory for Mrs. George Fleming and Miss Jean White, who defeated Mrs. J. P. Barnes and Mrs. Ralph Robinson by a score of 7 to 2. The game was keenly contested and was in doubt until the last end was played. The ice was very poor, but despite this, the curlers made some excellent shots which called forth applause from the spectators.

The lady members of St. Andrew's and Thistle curling clubs are looking forward with interest to the match of game tomorrow. It is to be the last of a series of three and should furnish considerable excitement to each club.

Victory to their credit. The following are the two rinks of Thistle curlers who will start to play tomorrow: Mrs. G. Jackson and Mrs. F. E. Williams.

The rinks of St. Andrew's curlers will be skipped by Miss Helen Sidney Smith and Mrs. J. Pope Barnes. Their rinks have not as yet been selected.

INSPECTING GENERAL NOW AT CAPITAL

Major General Lessard Arrives From Montreal

APPOINTMENT TO 40TH

Capt. W. J. Osborne of 71st Provisional Captain—Local and Provincial News of War Preparations

All is in readiness with the local units training for overseas for the inspection by Major-General Lessard tomorrow. Interest in drilling has been thickened during the last few days with the 26th Battalion and No. 5 Co., C. A. S. C. by the announcement of the final inspection.

A Fredericton despatch to The Times says that Major-General Lessard, accompanied by Major Ross and Captain Nordheimer, arrived from Montreal at noon to inspect the divisional ammunition column. Brigadier-General Butler, commanding the district, is also there today for the inspection.

Captain W. J. Osborne of the 71st Provisional, has been notified of his appointment as provisional captain in the 40th Battalion for overseas service.

The final medical examination of the volunteers with the 6th Mounted Rifles in this city is now being made by Dr. F. A. R. Gow, of Halifax, N.S., who is the unit, preparatory to their departure for Amherst. The understanding has been that they would leave for there this week, and the view is held that they may leave on Saturday, although no definite announcement has been made.

Recruiting

Dr. L. M. Curran has been appointed medical examining officer for the recruiting with the 26th Field Battery, 7th Brigade, and the work of taking on volunteers for the unit, was begun this morning by Capt. J. R. Miller at the local recruiting offices. Some six or eight men presented themselves this morning and were enrolled. This is expected to be mobilized in Fredericton.

At Fredericton

The recruits for the 26th Field Battery for the 71st Canadian Contingent are being drilled with the local volunteers for the 40th Battalion.

It is expected that a number of the 40th Battalion recruits will seek transfers to the battery, including former Sergeant-Major Oakes, who used to be with the Royal Horse Artillery.

The six who enlisted with Major Grey yesterday for the overseas battery are—George Lawson, Fredericton; William J. Humble, Stanley; William J. Gibson, St. Mary's; Charles Labrock, St. John, and W. H. H. Marryville.

Fred Murray, son of Thos. Murray, of Fredericton, has enlisted with the 26th Battalion, and has lately been promoted to the position of quartermaster-sergeant of the battalion. He enlisted in the first draft from the 1st York Regiment.

Sergt. Charles Atkinson, also a St. John man, has been promoted to the position of pioneer sergeant.

Presentation

The home of Fred Hall, Guilford street, last evening, was the scene of a very pleasant surprise party, arranged in honor of Herbert Wadge of the 26th Battalion, to whom was presented a valuable wrist watch. The presentation was made by Herbert Tapley, who made a very entertaining speech. The recipient of the gift responded suitably. Many felicities were present. At the close of the evening "We'll Never Let the Old Flag Fall" and "God Save the King" were sung.

More than 100 men are being drilled daily at the armory in Amherst for service with the 71st Canadian Contingent. They include members of both the 40th Battalion and the 6th Mounted Rifles. Officers who are applying to secure commissions in the third contingent are drilling them. These officers have been drilling for many weeks in the armory. They are now efficient in drill, but have yet to secure their commissions.

CITY WATER WORK

Substantial progress is being made on the extension of civic facilities in Stanley ward. Two gangs of men, numbering about 100, are being kept busy, one on the extension of the present water and sewerage system in Adelaide road and the other at work on the sewer outlet into Spar Cove. Three steam drills are being kept in operation and the fourth will be added soon. The weather has been unusually favorable for winter work and already a portion of the pipes in Adelaide road have been laid.

The water extension in Prospect street has been completed and the new mains are now in use.

At East St. John the department has completed its work and the water and sewerage system are ready for use as soon as the connections are made in the new tuberculosis hospital.

AGAIN SHOW GAIN

The St. John bank clearings for the week ending today were \$1,402,769; corresponding week last year, \$1,264,852.

WILL SELL THE STOCK

At a meeting of the creditors of W. A. Crook yesterday afternoon in the office of W. E. Foster, the assignee, P. D. Bellevue of Moncton and M. G. Adams of St. John were appointed inspectors. It was decided to call for tenders for the sale of the stock.

ON INSPECTION TRIP.

B. H. Fraser, of the department of marine and fisheries, Ottawa, is in the city today on his usual rounds of inspection.
