### JUNIOR ACTIVITY

Nineteen New Branches Formed  
and Much Good Work  
Accomplished

Special to The Times-Star  
**FREDERICTON, June 16.**—  
The quarterly meeting of the  
New Brunswick Red Cross So-  
ciety convened here this morn-  
ing.

F. T. Short, of Saint John,  
provincial president, was in the  
chair, and in his address thank-  
ed the Fredericton branch for  
arranging the meeting and wel-  
comed Dr. J. L. Biggar, Cana-  
dian Red Cross chief commis-

### COPY OF LEIF ERICSON'S SHIP

This boat, a miniature of the craft in which the Norsemen are sup-  
posed to have crossed the Atlantic hundreds of years before Columbus  
time, was built for a carnival on the Charles River, and is now used by  
children as a play boat a few yards from the spot where the Norsemen  
are said to have landed.

sioner. Mr. Short spoke of the  
meeting of the Central Council  
in Toronto in April. The Coun-  
cil very generously made a grant  
of \$1,000 for the work of the  
hospital committee in New  
Brunswick. He referred to Mrs.  
Leonard Jarvis having been one  
of the Canadian Red Cross re-  
presentatives at the Pan Ameri-  
can meeting in Washington which  
Miss Ethel Jarvis attended as a  
representative of the New Brun-  
swick division.

Mr. Short said at the next meet-  
ing a committee would present a  
report on recommended amend-  
ments to the constitution of the N. B. Red Cross.

### SECRETARY'S REPORT

Miss Ethel Hansen Jarvis, secre-  
tary, in her quarterly report, told  
of the distribution of "Canadian Mothers"  
cards and "World's Health" the  
sending out of 804 parcels of work  
and receiving of 97 parcels of finished  
articles and the publication of the  
annual report. The mailing list for New  
Brunswick Red Cross members now  
totals more than 4,000, the actual  
membership being in excess of that  
number. Miss Jarvis spoke also of  
attention given relief cases and of 10  
lectures given on the Society's peace  
work.

She referred to the organization of  
five branches in Campbell and Deer  
Island as the result of interest  
aroused through home nursing classes  
conducted there and a new branch  
formed in Marysville also as a result  
of home nursing classes. The Red  
Cross welcomed 33 new families that  
were in the hospital during the  
last three months, and arranged for  
hospital treatment for one case through  
fund of the British Red Cross. There  
were 2,008 collecting boxes for funds  
for sick and disabled soldiers sent out  
to Red Cross branches and Women's  
Institutes. Many appeals were re-  
ceived and dealt with and a number  
of donations were received. Miss  
Jarvis made generous grants for Junior  
Red Cross, home nursing and work  
among ex-service men. She made a  
brief reference to the Pan-  
American Red Cross Congress.

### HOME NURSING.

Miss S. A. Barrington, reporting on  
home nursing classes, said 14 had  
been organized since March 1 and 34 classes  
then in progress had been completed.  
There were now 13 classes in operation,  
and the total enrollment in the classes  
since they were organized in this  
province was 2,198.

The work done by the nurse, Miss  
Agnes Joyes, in Campbell and Deer  
Island, in conducting home nursing  
classes for women and girls and in pre-  
vention measures for men and boys,  
Miss Barrington described as the best  
piece of work done by the home nursing  
classes branch in the province dur-  
ing the winter. She felt sure this work  
was entirely responsible for the five  
branches having been formed on the  
two islands.

The second big piece of work was  
the conducting of classes for the wives  
and dependents of returned men in  
Saint John, who, besides home nursing,  
were taught sewing, knitting, the  
use of milk in a lecture by Miss  
Campbell, of the federal department in  
Ottawa, and cooking in a lesson given  
by Mrs. J. W. V. Lawlor.

Many classes were being organized  
for the autumn, Miss Barrington said,  
and where the need was greatest the  
work of doctor and nurse made the or-  
ganization more difficult.

Miss Barrington brought forward a  
resolution that the Provincial Red  
Cross should take steps to see what

could be done to establish an out-  
post hospital on Campbell Island.

### REPORT OF JUNIORS

Miss Jessie L. Lawton in her sum-  
mary of the work of the Junior  
branches showed that 19 new branches  
were organized during the three months  
the children's contributions amounted  
to \$287.44 and their sale of magazines  
totalled \$204.59. Care for disabled chil-  
dren included providing glasses for  
six, treatment for the eyes of one,  
massage and corrective treatment for  
a child with curvature of the spine,  
hospital treatment for a boy with tur-  
bular hip, bad tonsils and adenoids  
and had eyesight and hospital treat-  
ment for another boy. It was hoped  
Miss Lawson said, to have five tonsils  
and adenoid cases and a crippled child  
of 10 brought to hospital for treatment  
within the next two or three weeks.  
Crutches were provided for a little boy  
in the County Hospital, East Saint  
John and milk was being given to sev-  
eral undernourished children.

The survey of handicapped children  
Miss Lawson said showed there were  
831 handicapped children of whom 223  
were lame, 123 eye cases, 36 speech de-  
fects, 29 defective hearing, 13 deaf and  
dumb, 59 had tonsils, 30 mental cases,  
101 miscellaneous defects. The survey  
had been the first of its kind made in  
Canada and was specially commended  
by Miss Charlotte Whitten.

RESOLUTIONS READ.  
Miss Lawson read the resolutions of  
Junior Red Cross passed at the Pan  
American congress, urging the exten-  
sion of the movement as a voluntary  
one and recommending that no funds  
contributed by the children should be  
used for administration. She pointed  
out that New Brunswick with 6.8 per  
cent of its school population enrolled  
as Junior members ranks third among  
the provinces of Canada in this re-  
spect.

The sewing committee reported  
Mrs. Walter C. Allison showed 288  
pieces of work and material for 409  
garments had been sent out, part of  
this material being supplied by the  
Saint John Red Cross. There were  
received 770 finished garments and 11  
quilts. The members of the cutting  
committee, Mrs. Allison, Mrs. Sher-  
wood Skinner, Mrs. M. A. Pooler and  
Miss E. Gilbert, were said to be most  
faithful coming to the depot each week.

This afternoon arrangements in con-  
nection with the annual campaign and  
the quarterly meeting will be  
made. Mrs. Leonard Tilley will give  
a report of the Pan-American con-  
gress, Dr. J. L. Biggar, chief commis-  
sioner will address for which the New  
Brunswick Registered Nurses' Asso-  
ciation has received a special invita-  
tion to attend. In the evening at a  
public meeting arranged by the Women's  
Institutes, Dr. Helen MacNur-  
chie of the Federal department of  
child welfare and Dr. Biggar will be  
the speakers.

## GOVERNMENT VICTORIOUS IN SUDDEN ATTACK

Non-Confidence Motion  
Defeated Early in  
Morning

VOTE IS 107-113

Move Based on Question of Re-  
turn of Alberta's Natural  
Resources

Canadian Press

**OTTAWA, June 16.**—After 10  
hours of uncertainty and er-  
ratic rumor on Parliament Hill  
yesterday, the government  
emerged from a conflict which  
ended at its defeat, with a ma-  
jority of six. A motion of non-  
confidence, moved by Fred  
Davis, Conservative, Calgary  
East, took the government un-  
awares early in the afternoon. It  
was based on "failures to imple-  
ment promises," but directed  
specifically at the government  
for dropping from its program  
the return of the Alberta natural  
resources.

When the motion was made, the  
government responded by several  
defensive speeches from Premier King,  
Hon. J. A. Robb, Minister of Finance,  
and Hon. Charles Stewart, Minister  
of the Interior. Right Hon. Arthur  
Meighen, leader of the opposition, made  
an attack upon the government for  
"compromise and intrigue."

**OPPOSITION PREPARED.**  
With these opening speeches disposed  
of, it became clear that the opposition  
was prepared to vote on the motion  
immediately.

The government whips set out to  
bring the party members into line for  
the division, and found several mem-  
bers out of town. For several hours  
the debate was kept alive by speakers  
on the government side until the few  
members who were out of the city  
could get in on evening trains.

During the course of the debate, W.  
T. Lucas, Progressive member from  
Canoe, and A. M. Boutellier, Progres-  
sive from Vegreville, announced  
that they would oppose the govern-  
ment. As the debate proceeded, numer-  
ous members stirred in the corridors  
and lobbies to the effect the several of  
Alberta Progressives had abandoned  
their support of the government.

### SHARP CONFLICTS.

After midnight the debate was re-  
vived by sharp conflicts between Hon.  
B. A. Robb and Lucien Cannon, Soli-  
citor-General. At 2 o'clock in the  
morning the division bells rang, and  
Alberta Progressives who had  
previously declared themselves were  
the only ones to break from the party  
lines.

The vote stood at 107 to 113.

### GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to  
Overcome Trouble Caused by Fer-  
mentation and Indigestion

Gas and wind in the stomach accom-  
panied by that full, bloated feeling after  
eating are almost certain evidence of  
the presence of excessive hydrochloric  
acid in the stomach, creating so-called  
"acid indigestion."

Acid stomachs are dangerous because  
too much acid irritates the delicate lin-  
ing of the stomach, creating a condition  
which, if not corrected, may lead to  
serious digestive ailments. Instead of  
getting from any drug, a few  
ounces of Bismarck Magnesia and take  
after eating. This will drive the  
gas, wind and acid right out of the  
body, sweeten the stomach, neutralize  
the excess acid and prevent the forma-  
tion and there is no sourness or pain.  
Bismarck Magnesia (in powder or tablet  
form) never builds up or irritates the  
stomach, is harmless to take and the  
best form of magnesia for stomach  
purposes. It is used by thousands  
of people who enjoy their meals with  
no more fear of indigestion.

### Young Actress Saved From Enraged Negroes

**NEW YORK, June 16.**—Alice Ken-  
edy, 22, an actress, was rescued from a  
crowd of enraged negroes and taken to  
the police station last night after a  
wild drive in a fast roadster through  
134th street, which resulted in the  
death of two negro children and in-  
jury to three others.

DEFENCE IS OPENED  
IN GALLOP TRIAL

trial Enters Fifth Day as Pro-  
secution Rests Its Case at  
Roberval

**ROBerval, Que., June 16.**—The  
defence in the case of Bully Sprague  
charged here with the murder of his  
husband, Abraham Gallop, at Ile Ma-  
geline on August 6, last year, opened  
its testimony here this morning, the  
fifth day of the trial. The evidence of  
the prosecution closed yesterday with  
Dr. Wilfrid Deroime, provincial autopsi-  
st of Montreal, the last witness.

Dr. Deroime's testimony was to the  
effect that examination of the body of  
Abraham Gallop, after its exhumation,  
had disclosed the presence in the  
stomach of the dead man, of enough  
strychnine to kill a man. Pretious to  
him, the examination of Walter Simp-  
son, of Pointe Bleue, had been con-  
cluded, Simpson saying that after Mrs.  
Gallop had confessed to him that she  
had poisoned her husband, she had  
told him that Gallop had committed  
suicide by drinking some medicine re-  
ceived from the doctor.

### Nursing School Head Honored By Poland

**WARSAW, June 16.**—Miss Helen  
Bridge, head of the Warsaw Nursing  
School, has been awarded the Cross of  
Merit, a rare honor for a woman in  
Poland. The award was made by the  
Ministry of War at the suggestion of  
Marshal Pilsudski, and is in recog-  
nition of Miss Bridge's bravery and  
humanitarian work in caring for the  
wounded during the recent revolt.

### DOISY IN SIBERIA

**PARIS, France, June 16.**—Captain  
Pellidier Doisy, who is flying from  
Paris to Tokyo has arrived at Irkutsk,  
Eastern Siberia.

The steamer Empress of Scotland  
is due at Quebec today from Ham-  
burg, Southampton and Cherbourg.

### Run-Down After BIRTH OF BABY

Ottawa Woman Made Strong by  
Taking Lydia E. Pinkham's  
Vegetable Compound

**Ottawa, Ontario.**—"I was terribly  
run-down after the birth of my third  
baby. I had awful bearing-down pains  
and was afraid I had serious trouble.  
I was tired all the time and had no  
appetite. My sister-in-law is taking  
Lydia E. Pinkham's Vegetable Com-  
pound and cannot praise it too highly  
and asked me to try it. I have had  
splendid results and feel fine all the  
time now. Any one who needs a  
thorough pick-me-up soon learns  
from me what to take."—Mrs. J. H. HARRIS,  
Piquette, 320 Cumberland Street, Ot-  
tawa, Ontario.

### Terrible Backache

**Hamilton, Ont.**—"After my baby  
was born I had terrible backache and  
headaches. I could not do my work and  
felt tired from the first minute I got  
up. But worst of all were the pains  
in my sides when I moved about. I  
had to sit or lie down for a while af-  
terwards. I could keep my house in  
order, but many things had to go un-  
done at the time, because of my ail-  
ments. I was told by a neighbor to  
take Lydia E. Pinkham's Vegetable  
Compound, as she said it would build  
me up. I was relieved before I had  
taken the first one and have not  
had any trouble like it since."—  
Mrs. J. HARRIS, 115 Ferguson Ave-  
nue South, Hamilton, Ontario.

### Russians To Annex Part of Mongolia

**TOKIO, June 16.**—Soviet Russia is  
annexing a section of outer Mongolia  
and is prepared to supply 2,000,000  
rifles for the use of an increased Mon-  
golian army, the Foreign Office heard  
today. The capital of the annexed  
territory is to be called Krasnui. Jap-  
anese consuls have been ordered to in-  
vestigate.

### AN INTERNAL BATH DAILY RECOMMENDED

A prominent physician made the  
remark recently that if people were  
half as particular in regard to in-  
ternal cleanliness as they are about  
external appearance three quarters  
of our ordinary ailments would be  
eliminated. This medical man said  
importance of keeping the system  
just as clean as one is careful to keep  
hands, face and body. The result is  
that the intestinal tract becomes  
clogged and waste material which  
should leave the body daily stays  
there for an indefinite period doing  
a harm few people realize. So many  
ills are traceable to these clogging  
poisons! An internal bath sounds  
novel, but it is much easier to take  
Lydia E. Pinkham's Vegetable Com-  
pound and cannot praise it too highly  
any other meal, dissolved in a glass  
of tepid water acts as a gentle clean-  
ser of the bowels—provides a south-  
ing internal bath that rid the body  
of dangerous toxic poisons and gives  
one that feeling of freshness, vigor  
and well-being. A further advantage  
that a healthy body ensures an alert  
and active mind which makes for  
greater efficiency and happiness in  
one's daily work.
