Last call—*for double coupons*—Louis Green. 9-22
Special sale of men's working gloves tonight.—Corbet, 7 Waterloo street.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas
A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil).
The inventor, O. K. Johnson, 246 Craig St., W. Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

WANTED

Salesmen and Merchants
If you have the ability to reach prospects for made-to-measure men's clothing, you can easily make upward of \$100 weekly, representing Canada's largest exclusive clothing organization, with a Dominion-wide reputation for value-giving.
Merchants will find it very profitable to incorporate this line with their own. Good Territories Open. Apply NOW!

PLAN WINTER WORK.
At a meeting of the executive of the Exmouth street Methodist Epworth League, held on Thursday evening, plans for the winter work were discussed and committees named. It was decided to open in October and to make the opening meeting a social and literary one.

The Greeks drank little water, believing it was unwholesome.

There's Health for You In My Treatment

As a woman, like you I have endured headaches, backaches, constipation, nervous attacks, sleeplessness. Experience and study have taught me the remedies. Now I can help you. Simply send me particulars about yourself, and I will forward, *absolutely free*, ten days' trial treatment. I have helped hundreds of women.

MARITIME PROVINCES' LEADING LEATHER HOUSE

PREDICTS WEST RICH AND POPULOUS 40 YEARS HENCE

Winnipeg, Sept. 20—Forty years from now, Western Canada will be one of the richest and most thickly settled districts in the world, declared the Marquis of Viana, Spain's richest man, who was here with his son-in-law, the Duke of Alba, and party.
"These western prairies," he said, "will be ribbed with railroads everywhere. Farms and ranches, which will supply the older countries of the world with food will dot these broad expanses in a way undreamed of. The visitors proceeded west.
Wolves will not venture on smooth ice.

EXTRA SPECIAL
Walnut Dining Suite—Buffet, China, Table and 6 Chairs.

Firestone full-size GUM-DIPPED BALLOONS Perform as No Other Tire Can Because No Other Tire is Gum-Dipped
Gum-dipping is a special Firestone process that made the Balloon Tire practical by adding extra strength and endurance to its thin side wall construction. Gum-dipping insulates each strand of each cord with pure rubber. Destructive internal friction is eliminated—resistance to wear is increased—and longer life results.
Gum-dipping is the foundation of modern tire performance. Race drivers insist on gum-dipped cords, which have won all the important track and speedway events in recent years, including the Canadian National Exhibition races. Leading taxicab and bus operators recognize the mileage value of gum-dipped cord construction by standardizing on Firestone. Thousands of motorists use Gum-Dipped Cords exclusively because their own check-up of mileage and all-round performance has convinced them of gum-dipped superiority.
Balloon Gum-Dipped Cords produced remarkably high mileage per tire in 5,300,000 miles of supervised tests. For comfortable motoring, for greater safety in fall and winter driving—equip now with Firestone full-size Balloon Gum-Dipped Cords and Steam-Welded Tubes. Their leadership is based on proven merit.

SACKVILLE WOMAN KILLED.
The English Royal Society for the Prevention of Cruelty to Animals has raised \$20,000 to build a monument to horses killed in the war.
Mrs. Charles Crossman, of Sackville, was killed and her husband dangerously injured, yesterday afternoon at Aulac railway crossing when they attempted to drive across the track in front of a fast freight. The horse cleared the tracks but the body of the wagon was struck. Mr. Crossman is in the Amherst hospital and but little hope is held out for his recovery.
A new material for sculpture is called "synthetic granite."
