Cess had been met. The following were elected as the new board of officers for the ensuing term. President, Roy F. Handren; 1st vice-president, Joseph Ferns; 2nd vice-president, Mrs. John Conbory; secretary, Fred L. Barrett; assistant secretary, Harry Scott; treasurer, Robt. J. Nelson; trustees, D. A. Ramsa; John Conbory, J. A. Arrowsmith. It was decided to hold a reunion of the members at an early date in order to get together for the winter months. October 1.

Boston, Sept. 11.—The engineer and foreman of a New York, New Haven and Hartford train, bound from Fall River to Boston, were fatally injured end 16 passengers received serious in-juries when the train was derailed near the Readvilel station today. The engineer and fireman, who died soon ofter they were removed from beneath the overturned engine, were Stephen T. Gotham of Taunton, and A. An-derson, of Fall River. Among the injured was Mrs. R. L. Smith, of Bridgewater, N. S.

"GYM" WORK RESUMED. The Y. W. C. A. gymnasium re-cpened for the autumn season yester-day and the prospects are declared bright for a successful term. It is ex-pected that there will be about sixteen classes a week. The work will take in corrective gymnastics this season. It will be under the supervision of the physical director, Miss Gwendoline Richards. Owing to the fact that nany city families are still in the country it is expected that the classes will not be up to full strength before October 1.

October 1. October 1. POSTAGE STAMP MACHINE APPROVED BY DEPARIMENT Ottawa, Sept. 11.—The Post Office Department has approved the use in Canada of a machine that will print on mail matter the words "Canada Post-age," the amount of postage prepaid and the date stamp. The printing will be in red and will be in the usual upper right hand corner. As the postage or such mail matter will have been pre-paid in cash, it will be delivered as well as forwarded free of charge. THANKS CANADIANS Ottawa, Sept. 10.—An official tele-gram received today by the Japaness Consul-General from his home Gov-ernment reads as follows: The message of sympathy of the Canadian Government and people and their material contribution toward the Japanese relief has created a profound imprecedented disaster in their coun-try. "The kindness of Canada so promptly mailfested at this time is a source of dep appreciation and encouragement to them, and will be remembered for-try. "The kindness of Canada so promptly mailfested at this time is a source of to them, and will be remembered for-try." "The kindness of Canada so promptly mailfested at this time is a source of to them, and will be remembered for-try." "The kindness of Canada so promptly mailfested at this time is a source of to them, and will be remembered for-try." "The kindness of Canada so promptly mailfested at this time is a source of to them, and will be remembered for-try." "The kindness of Canada so promptly mailfested at this time is a source of the them, and will be remembered for-try." 19 WATERLOO ST.

Washington, Sept. 11.—When returns from today are complete, the Red Cross Japanese Relief Fund probably will be far, in excess of the \$5,000,000 mark set when the drive opened a week ago tomorrow. Overnight ad-vices to headquarters here brought the total to \$4,854,00. TED A NSCRIPT

MONCTON TRANSCRIPT

MONCTION TRAINSCRIPT CHANGES. Monday's Amherst News says:--Several changes took place today in the Moncton Transcript staff. O. L. Barbour, formerly of the St. John Telegraph, assumed the position of cditor-in-chief. He will occupy the desk of the late proprietor, John T. Hawke, and will write the editorial. Mr. Branscombe will be news and city editor and Mr. Parlee business man-ager. Monday's Amherst News says:--St. John, N. B., September 8, 1928.

LECOINTE RISES 35,220 FEET.

ench Flier Is Believed to Have Set New Altitude Record.

Paris, Sept. 11.—Sadi Lecointe, the French aviator, ascended to a height by which he is believed to have broken the world's record for altitude, held jointly by him and Lieutenant J. MacReady.

by him and Lieutenant J. MacReady. The first reading of his barograph at the Polytechnical laboratory showed that he reached a height of 10,741 meters, or 85,220.48 feet. The baro-graph will be examined again in five days before the result is accepted as official.

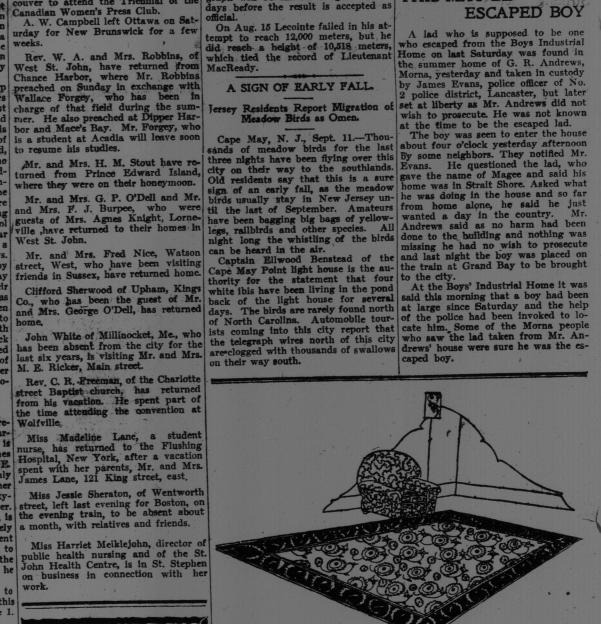

official. On Aug. 15 Lecointe failed in his at-tempt to reach 12,000 meters, but he did reach a height of 10,518 meters, which tied the record of Lieutenant MacReady.

CHIROPRACTIC is based on fundamental, natural laws. The organs of the body are the

10.30 p. m. United States-Close 5.30 p. m. Due

The organs of the body are the motors, the nerves are power lines which carry vital energy or life to all parts of the body. Impingement or pinching of the nerves interferes with their life-carrying power and disease is the result. The Chiropractor adjusts with his hands the mis-aligned vertebrae and the im-pinged nerves are freed. The flow of life enters the part dis-eased, normal functions are re-sumed and health restored. The Chiropractic way is Nature's way. way.
