## LOCAL NEWS

**POLICEMAN HOME.**  
Police-man Allan MacInnes, of the local force, arrived in the city last night from Cap. Breton, where he has been spending his vacation period. He will be back on duty again on Sunday night.

**AN EVEN BREAK.**  
The boys and girls were evenly divided in the birth list this week, there being eleven of each, making a total of twenty-two. Six marriages were performed during the week.

**FOR BELVEA FUND.**  
J. A. Gregory, treasurer of the St. John Rowing Club, acknowledges receipt of \$610.50 from the benefit game played in St. Peter's Park Thursday evening between St. Peter's and the St. Johns for the Hilton Belyea fund.

**C. P. R. PICNIC.**  
The C. P. R. and Dominion Express staffs are to hold their annual picnic this afternoon and evening at Lorneville. They will be taken to the picnic grounds in automobiles, where a programme of sports will be carried out.

**SPRUCE LAKE MAIN.**  
Commissioner Wigmore announced this morning that he is preparing his report on the new water main to Spruce Lake and he expects to present it next week at a meeting of the common council. In all probability the city will then take over the new line.

**MEN TO MINTO.**  
The Employment Service of Canada, office here, sent about a dozen men to the mines in Minto in response to the call received from there recently for sixty-five skilled miners. Of this dozen, six or more were trained men while the others had some experience in coal mining.

**IT IS FELT IN N. B.**  
Lumber shippers in this province are feeling the effects of the railway shopmen's strike in the states. They cannot get as many cars as they need, and some that arrive are not in very good condition. C. P. R. cars are only available for shipments to specified points.

**THIRTEEN DEATHS.**  
Thirteen deaths were recorded in the city this week from the following causes: Scullity, diabetes, paralysis, convulsions, pneumonia, heart disease, pernicious anaemia, secondary anaemia, broncho-pneumonia, cerebral hemorrhage, carcinoma of stomach, congenital atelectasis, acute intestinal obstruction, one each.

**PRIZE WINNERS.**  
It was announced this morning that the winners of the bean-throwing contest, operated by the L. O. B. A., in connection with the Orphans' garden party this week, were as follows: First prize, Mrs. George Merryweather, 19 Queen street, 1,680, pair of slippers; second, Byron Craft, West St. John, 1,636, pair of slippers. The number of beans in the bottle was 1,646.

**AT ST. PETERS.**  
Rev. Joseph Jackman, C.S.S.R., of Montreal, is in the city and is a guest at St. Peter's rectory. He will leave tonight for Prince Edward Island where he will preach a mission. Rev. Edward Scully, C.S.S.R., of Quebec, is also a guest at St. Peter's. He will spend a few days in the city before returning to upper Canada. Father Scully was stationed at St. Peter's for several years and has a host of friends in this city.

**A CLAM-BAKE HOUSE.**  
Mrs. W. T. Brown, who has arrived in this city from Portland on a visit to her father, John Whalen of Glen Falls, has most successfully opened and carried on the only indoor clam-bake house in New England. It is located on the Old Orchard Beach road, near Pine Point. Mr. Brown has taken charge of this business for Fred Snow, one of the leading packers. It has been such a success this year that they are planning on enlarging the building next year. There is an up-to-date dance floor and large piazza that overlooks Old Orchard.

## LEG CUT OFF IN C. N. R. YARD TODAY

Henry F. LeBlanc in Serious  
Condition at Hospital —  
Stepped From Between  
Cars on Side Track

Henry F. LeBlanc, a yardman, fell off this morning, when he was run over by a light engine, just opposite the yard office in the C. N. R. yard. After the Hampton suburban had arrived at eight o'clock, according to an eye witness, a shunting engine of which LeBlanc was a member of the switching crew, hauled onto the rear end of the train and pulled the cars away and onto the cut-off track, to allow the engine of the Hampton train to proceed down the main line to the engine shed. Just as the engine came down the main line, LeBlanc stepped out from between the side-tracked cars, directly in the path of the engine. He was knocked down and his leg was run over and crushed just above the knee. He was rushed to the hospital in the ambulance, where it was found necessary to amputate his limb above the knee. Late reports from the hospital this morning were that his condition was very serious.

## EXILE FROM RUSSIA AGAIN ADOPTED

Moscow, Aug. 19.—Exile, one of the chief punishments resorted to under the czarist regime, which banished many of the present soviet leaders, appears to have again been adopted in Russia, as banishment abroad or within Russia of political offenders, without trial, is decreed in an order by the central executive committee, just published in the press. The term of banishment, by the decree, is limited to three years.

## EXTEND DAYLIGHT SAVING PERIOD

Montreal, Aug. 19.—Upon the protest of the Canadian National Canadian Pacific, Grand Trunk and other railways as voiced through the railway association of Canada, against the proposed reversion of this city to standard time on Sept. 1, the city council yesterday agreed to let summer time remain effective in Montreal until October 1, as originally planned.

## PREPARING FOR THE EXHIBITION

Big Event Opens Three  
Weeks From Today —  
Record Entries Expected in  
Some Classes.

Three weeks from today the St. John Exhibition will hold its official opening for the year 1922 and many things must be changed and got into shape before that date. When the Times reporter visited the buildings yesterday he found everywhere signs of great activity, ordered and orderly yet hurried. The majority of the exhibition employees were busy inside the big main building cleaning it up and arranging the decorations. Electricians were everywhere, replacing lights, repairing wiring and generally fixing things up for the big week. That the big green arch over the main entrance hall of the building will look as this year is assured by the fact that the city's coming workers, the Boy Scouts, will have this as their job. The various scouts will work and turn in their money to their troop funds, thus aiding both the exhibition and the scouts. Maybe, who knows, they have visions of a camp somewhere next summer under just such green and fragrant cedar.

The repairs are about completed except to the grounds themselves and these will be rushed through in good time. The dog show is about ready with all the benches placed and everything ready for the canine boarders. The cattle sheds are ready except for the erection of a partition between those cattle which have passed the accredited tests and those not under this system.

The poultry show is beginning to take form and some idea has been formed of its completeness. In this department demonstrations will be given by a government official and there will be attendants on hand all the time to demonstrate. The specialties in this department will be as follows:—Tuesday, 2.30 and 8.30 o'clock, killing and plucking demonstration; Wednesday at 2.30 o'clock, caponing demonstration; Thursday at 2.30 o'clock, the question on the provincial egg-laying contest featured.

The pens for the sheep and swine are ready but it is expected, from the number of entries already on hand, that the accommodation for sheep will have to be increased as was the case last year. The number of sheep entries has been increasing steadily for the last ten years and are today almost double what they were in 1912, while the prize money given has easily doubled in the same time.

**Parking of Cars.**  
In regard to the matter of car parking there will be special facilities on the grounds and free parking places will be provided on Broad street. This matter is being looked after by Commissioner Thomas. The Retail Merchants Association are endeavouring to arrange for other places in the city where cars may be left without the expense of parking. The thirty minutes is up and a cop is probably taking their numbers.

The space inside the building is all gone and some people have had to be turned down when they applied for exhibit room. The midway privilege has been let to Ben Williams the man who was in charge last year. The dining-room this year will be in the hands of the women of the Tabernacle Baptist church. The kiddies' delight, the fireworks, are on their way to the city from the D. W. Hand factory in Hamilton, Ont. An expert has been engaged to set them off and to see that the finest possible effects are reached.

## BOARD OF HEALTH SPECIAL MEETING

Drinking Water Said to Be of  
Good Average Quality —  
Interesting Reports Submitted.

At a special meeting of the sub-district of the board of health yesterday afternoon Dr. H. L. Abramson, bacteriologist, reported that the water for drinking was of good average quality and there was no need for preventative boiling. Dr. T. Fred Johnston reported that in June and July 4,765 animals had been killed for food purposes in the city exclusive of swine. He also reported on the war against impurities in milk. Miss S. E. Brophy, reporting on the tolerance of the city, said that about 327 people were under observation. Some light was thrown on the workings of the health act by the reports from sanitary inspectors outside the city as well as the city inspectors. Dr. Mabel Harrington submitted a report on her work as medical inspector of schools. It is a tribute to the efforts of the board of health to care for the health of the children. The report of the Victorian Order of Nurses gave interesting information on child welfare work.

## CLAIMS EXPOSED RAIL DID DAMAGE

An Overland sedan, owned by Glendon H. Allan, was badly damaged last evening near the highway bridge on the western side of the Reversing Falls. Mr. Allan was driving to Fairville and started across the street railway tracks, when his automobile struck one of the exposed rails and was thrown a considerable distance. The owner notified the company of the accident and demanded that someone in authority be sent to the scene. He refused to allow anyone to touch the automobile until the details had been noted by an official of the company, and as a result street car traffic was held up for some time. Mr. Allan contends that the accident was a result of the exposed rail, which, he claims, is a menace to automobiles of any type of vehicle traffic. He claims his car, which he only purchased recently, is practically ruined as the engine, gears, etc., are broken.

## COAL AT CHATHAM

A Chatham paper says: The coal situation is serious in Chatham at present, as there is scarcely enough coal to keep industries going. The pulp mill needs thirty-five tons a day for pulp making, and it has only five days' supply on hand, with poor prospects of any arriving in time to save the situation. The J. B. Snowball Co. will use up all the coal they have for purposes in a week.

## SILK UNDIES Comfort for the Summer

Though nothing could be finer or more delicate than fine lingerie, one always feels as though they stand on terra-firma when broaching this subject to women. They all love pretty underthings, so we feel surer than ever of our ground this season in view of displays as large and lovely as these.

## Consider

The High Quality,  
The Style, The Variety

Since we are the largest distributors of Good Clothes in the Maritime Provinces it's perfectly natural that you should find here a wider variety of styles and patterns to choose from and get more for your money, because volume, variety and value-giving must go hand in hand—and Oak Hall Clothes are made up to a standard, not down to a price. The Quality is high, and yet prices are consistently low.

## Big Reductions On Wilton Rugs

Although rug prices have long since reached bottom and our latest quotations plainly indicate an upward trend, we are reducing the prices of patterns of which we have only one or two sizes left, in order to make room for fall stock now arriving. And so we are offering Wilton Squares of best quality at prices which will not be equalled for many a day, if ever. While these particular patterns last, you can have a first class English Wilton in 9x12 size as low as \$57.00. Other sizes in proportion. If you have had any thought of purchasing a new rug, it will pay you to anticipate your requirements, for the same qualities cannot be duplicated at anywhere near these special prices.

Our immense stock is always at your disposal for information or price comparison.

A. Ernest Everett  
THE HOUSE FURNISHER  
91 CHARLOTTE STREET.

## Striking Features of the New Dresses

Individual models have reached Magee's representative of every turn of the fashions. Embroidered trimming is still in vogue in colors just quiet enough to touch a note of distinction. Embroidery with beads enters the scene and leather girdles join the steel.

Silk braid is prominent in some dresses, in others a self strap effect caught with a self girdle. Navy tricotines come in contrasts with canton crepe and steel creponge for cuffs, for insets and panel notions. Serge appears with a hairline.

Prices Run Between \$34 and \$23
