TRAFFIC CASE.

Percy Cox and J. W. Mahoney failed to appear this morning in the police court on a charge of carrying passengers in their motor truck without a license to do so.

UNFORTUNATE.

One man was before the magistrate this morning charged with drunkenness. If his word can be taken as authoritative a "new low" has been reached for the price of a bottle of whiskey. He solemnly averred that he paid but fifty cents for the bottle, but greatly to the disappointment of many of those present was unable to recollect from whom he obtained it. He was assessed the usual amount.

BOY DRIVING CAR.

W. I. Fenton was in court this morning to answer the charge of allowing his son, a minor to operate motor vehicle No. 4588 on Rodney wharf on the morning of July 12. He admitted that he had done so and explained that his son had driven the car down to the ferry to meet him but promised that it should not occur again. A fine was imposed and allowed to stand. The report was made by Policeman Gorman.

In the matter of the estate of Maude Hodges, infant, now in the Maritime Home for Girls, Truro, N. S., under the will of Margaret Hodges, the Eastern Trust Company has been appointed guardian by the Probate Judge, McInerney, this morning. The infant's share is about \$1,000. G. H. V. Belyea, K. C., was proctor.

The will of George Campbell, of Dipper Harbor, was proved appointing J. Gross executor, personally \$1,108 and realty \$900, left to his widow, L. P. D. Tilley, K. C., was proctor.

TROUBLE WITH BOY IN YARD.

William Seberry appeared in the police court this morning to answer to a charge of assaulting Arthur Hudson, aged nine years. The complaint was made by the lady who alleged that on Tuesday night Seberry kicked and struck her son while the latter was playing in Seberry's yard and that the latter kicked him and shook him. Asked by the accused if he had not refused to leave the yard when ordered to do so he said he had.

Seberry said he had seen the boy in his yard on Sunday evening and had ordered him to go out. The lad refused. He said there was such a noise in the yard he was unable to retire in peace and wished to eject the boy from the yard. There were others with him. Descending to the yard he ordered them to leave and they again refused. He then caught young Hudson by the arm and took him to the gate and put him out but did not strike him. After consulting with his counsel, S. A. M. Skinner, counsel for the complainant, said they did not wish to extract money from the accused but to guard against another occurrence and to protect the child. In that case they would not ask that the fine be collected but would ask the magistrate to impose a fine and allow it to stand and if the matter occurred again to have collected. The accused maintained that he had not struck the child and that he had a right to be able to sleep peacefully. The magistrate told him if he was annoyed further to report the matter to the police. A fine of \$20 was imposed and allowed to stand.

 Miss Ray White, daughter of Mr. and Mrs. Harry White, of Main street, was united in marriage to Louis Klein of Eagle Lake, Me., son of Mr. and Mrs. H. Klein, in the Carleton street Synagogue at seven o'clock on last Thursday evening. HOLIDAYS FOR THE R. K. Y. C.

Further Plans for the Annual Cruise to Start Tomorrow Afternoon.

Active preparations are going forward at Millville for the week's cruise of the Royal Kennebecasis Yacht Club. About fifteen boats with full complement of crews are now ready and the fleet will be enlarged by the starting hour tomorrow at 2:30.

The boats of this club enjoy the distinction of obtaining a royal warrant from the British Admiralty to fly the blue ensign of his majesty's fleet, a privilege fully appreciated and carefully guarded.

Commodore Starr is unable to accompany the fleet but will join them for the church service at Sand Point on Sunday, July 24, which service will be held at 11 o'clock, a.m. daylight time. Rev. Dr. J. A. Morrison, chaplain of the club, will preach. Rev. Craig Nichols, also will take part in the service. Extra hymns have been selected, and the imperial orchestra will be in attendance.

All the motor boats and river craft of every description are particularly requested by the club executive to be as quiet as possible during the service.

The squadron will be in charge of Vice-Commodore Walter Logan, whose flag will fly from the Yacht "Vagabond." His fleet captain will be J. W. Barnes, whose flag will fly from the "Spartan." The "Herald" flies the flag of the rear-commodore, George W. Mullin.

At the time of service a committee will be in charge of the landing to prevent danger of overcrowding and confusion. Further special committees will insure the comfort and convenience of those attending the service have been appointed.

The yacht "Princess" (a fifty footer) from Halifax and owned by L. M. Johnston, although not yet enrolled in the club, will sail with the fleet. She is supposed to be a speedy boat, and the "Canada", from whose mast head hangs the commodore's flag, and which has so ably defended the racing honor of the R. K. Y. C. in times past, will again dispute the right of leadership, and it is just possible that the spectators may be treated to a battle royal between these two cruisers during the first twenty-four hours of the cruise.

Everyone is looking forward to a very enjoyable holiday during the coming week. The St. John Power Boat, Westfield, Rothesay, Renforth and Fall Vale clubs are invited to participate.

HAYMARKET SQUARE CAR ON

Labor Men Complete Plans for a Large Parade This Evening.

A street car was started this morning on the Haymarket Square route, in addition to the five which have been on the main line during the week. On account of the parading operations in Basin street, the Haymarket service was run only in one direction. Other than this there was no change reported in the street car situation this morning.

Plans for a labor demonstration tonight were completed at a meeting of representatives of labor organizations this morning. It was said that between fifteen and twenty local unions will take part in the parade, which is due to start from King street east at 8 o'clock. In the event of wet weather the parade will be postponed until Monday, so Charles Stevens, chairman of the parade committee said this morning. Five bands from the North End will parade to King street with the nail workers' union while the water front workers from the west side will come to the city headed by the Martello Comet Band.

A committee consisting of Mr. Stevens and J. J. Donovan, president of the International Longshoremen's union, waited on Commissioner Thornton at city hall this morning and asked that four policemen be detailed to lead the parade. Mr. Thornton said that he did not want any of the policemen to participate, but he was informed that it was for protection that the patrolmen were asked. The committee was told that extra policemen would be required along the route of the parade and it was not possible to spare four men to walk with the men. Fred A. Campbell, J. J. Donovan and Charles Stevens will act as marshals.

Regarding the proposed jitney service, Mr. Campbell said today that no buses had as yet been secured but the union was negotiating for their purchase. While nothing definite had been done regarding the purchase of a central garage, the union men had the option on a site which might prove suitable.

FLAG POLE WAS SPLINTERED IN THE STORM

Third of an Inch of Rain in City in Welcome Down-pour Early This Morning.

The electric storm, which passed over the city about 2 o'clock this morning, was only a short duration, but was quite severe while it lasted. Vivid flashes of lightning were frequent and were followed by loud and prolonged peals of thunder. The storm only lasted about fifteen minutes during which time about a third of an inch of rain fell.

A flag pole on the roof of the Cornwall & York mill in Wall street was snapped off and splintered. There was no apparent damage done to the mill and there was no trace of where the lightning struck. The rain, which accompanied the storm, was welcomed by all after considered heavy enough to be of great benefit. The total rain fall for the month to date is a little better than four-tenths of an inch.

IN THE COURTS.

The case of Hanlon vs. four young men was concluded this morning. Judgment will be given later.

The case of Clabey vs. Barnes was continued in Chancery. The defence was begun this morning and was to the effect that the moneys involved were given to the defendant on trust.
