To illustrate possible long-distance plant dispersion, it is said that for two centuries observers have been finding tropical seeds along the Atlantic coast of Ireland from Donegal to Kerry Head, and it is concluded that these have come from the West Indies without human aid.

"Will you please give a poor man something to eat?" asked the suppliant at the back door. "Why, I gave you something to eat yesterday, didn't I?" came from the woman with the gingham apron. "Yes, madam, but the war is over you know, and we are allowed to eat every day now."

HER LITTLE GIRL HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day

Dysentery manifests itself with varying degrees of intensity, but in well-to-do families the attack is commonly preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with gripping pains in the abdomen. The discharges from the bowels succeed each other with great frequency, and the matter passed from the bowels, which at first resembles those of ordinary diarrhoea soon change their character, becoming scanty, mucous or slimy, and subsequently mixed with or consisting wholly of blood. Never neglect what at first appears to be a slight attack of diarrhoea or dysentery may set in.

Cure the first symptoms by the use of Dr. Fowler's Extract of Wild Strawberry.

Mrs. John V. Tanton, R. No. 8, Watford, Ont., writes: "My daughter was taken down, two years ago, with dysentery, and I could find no help for her until I got a bottle of Dr. Fowler's Extract of Wild Strawberry. She was only two years old, and ate something different to what she was used to. She had as many as twenty-five movements a day, and mostly blood. We had the doctor several times, but no relief came until we used Dr. Fowler's. I would not be without it in the house for a good bit."

Be sure and get "Dr. Fowler's" when you ask for it. Price 35c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Reorganizing Congregations.

Woodstock Press: Steps have been taken under the direction of the Presbytery of St. John to reorganize the congregations of Woodstock, Richmond and Kirkland. Rev. M. S. McKay of Kirkland is being removed to another field and an attempt is being made to so re-range matters that the present three congregations can be served by two ministers, each of whom will have the new minimum salary of \$1,500.

They have been held under the direction of Rev. Frank Baird and Rev. R. J. Millar and prospects for a successful adjustment are good.

Sorry to Lose Father Ryan.

Of the transfer of Rev. J. J. Ryan from Woodstock to Milltown, the Woodstock Press says the news "came as a shock to his parishioners and to the community as a whole." It adds that Father Ryan was an earnest worker and one of the most eloquent preachers in the diocese, and he had greatly endeared himself to all the people of Woodstock, where he is esteemed by all creeds and all classes. "The best wishes of all go with Father Ryan, his esteemed mother and Miss Power to their new home in Milltown."

To conserve the decreasing supply of American newspaper, a resolution introduced at Washington would authorize a survey of available pulpwood timber supply.

NOTICE

PROBATE COURT, SAINT JOHN.

TO DOROTHY MARY NIXON, of the City of Saint John, in the County and County of Saint John, Infant, and all others whom it may concern:

The Guardian of the above named infant having filed his accounts in this Court, and asked to have the same passed and allowed, and that he be removed, and a new Guardian appointed in his stead; You are hereby cited to attend, if you so desire, at the passing and hearing of the same, at a Court of Probate to be held in and for the County of the City and County of Saint John, at the Probate Court Room, in the Pugsley Building, in the City of Saint John, in the City and County of Saint John, on Monday the Eighth day of September next, at the hour of eleven o'clock in the forenoon, to show cause why the accounts of the said Guardian of the said estate should not be passed and why said Guardian should not be removed, and a new Guardian appointed in his stead.

Given under my hand this Twenty-first day of August, A. D. 1919.

(Sgd.) H. O. MCNERNEY, Judge of Probate.

(Sgd.) STEPHEN B. BUSTIN, Registrar of Probate.

9-4-9.

SUGAR PRICES FIXED BY ORDER

Montreal, Sept. 3.—The Board of Commerce yesterday issued its order concerning the sugar inquiry. The order, in addition to providing shipments by the refiners in combination of 2,000 tons of sugar for the purpose of Western Fruit Growers, dealt with its recently promulgated embargo upon the export of sugar. It further provided for fair prices for sugar, which prices are made applicable to the refiners, wholesalers and retailers. The embargo has been modified so as to permit the export of sugar which was the subject of a bona fide binding contract for sale to persons abroad, heretofore made, provided that no such shipments shall be made which will prevent any refiner from manufacturing and supplying for domestic consumption the amount of raw sugar previously allocated to that factory for that purpose.

The board further orders that hereafter and until the board shall, if necessary as the result of changed conditions otherwise order any price on sales for consumption in Canada, shall be deemed an unfair price which exceeds a price arrived at on the following basis:

1. Refiners—All sales by refiners may bear a net profit not greater than two cents of one cent per pound, but being estimated that such profit will ensure from sales at net over eleven cents per pound, which sale price will include a commission of not more than five per cent, payable by the refiners to wholesalers, or other distributors, for the service of distributing to the retailers and other trade.

2. The wholesalers—All sales by wholesalers may produce not more than five per cent commission mentioned. This five per cent commission will be paid to the wholesalers by the refiners, and will be included in the refiners' list price. The refiners' list price will be that at which the wholesalers will sell to the retailer.

3. Retailers—All sales by retailers by a profit not greater than the last listed re-sales of the refiners which produces the sugar, plus the actual freight paid or payable, and plus one cent per pound as the retailers' net and only profit.

If the export market is ultimately forbidden to the companies they may apply to the board for reconsideration of domestic prices.

In brief the result of this fixation of prices or rather of profits by the board, is that the utmost profit that can be made by the refiners is two fifths of a cent per pound, but because, according to refinery practice, sales are frequently made below actual cost of production (this being the result of market conditions affecting the raw product), out of this two fifths of a cent per pound, the refiners will have to pay their losses during non profitable periods. The wholesalers' profit is limited to five per cent. The utmost profit that a retailer may make is one cent per pound. It is conceived that in actual practice, it will be only occasionally that the various profits mentioned will be made in full.

SAYS WEST INDIES ANXIOUS FOR CLOSER UNITY WITH CANADA

Caribbean Possessions Should Attach to Dominion

Pan-American Policy—Public Opinion Adverse to Annexation to United States as Proven by 1912 Pact

(Canadian Association Press)

London, Sept. 3.—The Hon. Gideon Murray, M. P., is a brother of Lord Murray of Hillbank, whose labors on behalf of the development of the Empire's resources are of world-wide fame. He himself has served with distinction in various offices in different parts of the Empire and now represents in the British Parliament one of the great industrial divisions of Glasgow.

"I gladly respond," Mr. Murray said, "to the invitation of the Canadian mission in London, to make a few remarks concerning Canada and Canadian interests. It has been my privilege to visit that country on more than one occasion, and whilst there I came in contact with a number of political and other persons.

"There is one matter," he said, "in which I am specially interested, and that is the commercial relationship between Canada and the West Indies. During the time that I was administering one of the colonies in the West Indies, it was my privilege to assist in arranging the Agreement of 1912. This was one of the first, if not the first, convention between two of the outer parts of the Empire for promoting trade connections. Unfortunately, the war intervened, and so the advantages of agreement have not been so apparent as they might have been if the ordinary course of life had not been broken into. Nevertheless, trade has increased between the two places, and owing to the generous action of the Canadian Government the steamship communication has been much improved. During the war the Island of St. Lucia was garrisoned by Canadian artillery. All this tends to show that Canada and the West Indies are complementary to each other, for Canada can supply the manufactured articles, flour, etc., which the West Indies require, and do not themselves produce, while the West Indies are able to furnish all those tropical products such as fruit, coconuts, limes, sugars, etc., which Canada is unable to obtain within her own borders. It seems fitting, therefore, that these two countries should continue to come closer together in all matters of commerce and trade.
