Liberals Gain Seven Seats In The Ontario Elections

New House Will Include 83 Conservatives, 25 Liberals and 3 Independents—Results Indicate Turn of Tide Towards Liberalism

Toronto, June 29.—The elections for the legislature held throughout the province today resulted in the return of the Whitney government to power with a comparatively slightly decreased majority.

In the last house the opposition mustered eighteen. In the new house the straight Liberals will number twenty-five, with three independents—Labor, Temperance and Independent Liberals. The composition of the new house will be as follows:

Conservatives 83
Liberals 25
Labor 3
Temperance 1
Independent Liberal 1

Total seats 111

Of the eleven men who ran on the straight temperance ticket only one survived, namely, Sam Carter in South Wellington.

Tide is Turning

Ottawa, June 29.—The results of the Ontario elections have apparently brought cheer to both political camps in the capital. On the Liberal side, it is pointed out that Mr. Howell, who had only seventeen supporters at dissolution, came back with nearly twice as many, in spite of the combined efforts of the federal and provincial Conservative machines, the opposition of the organized liquor interests and lavish expenditures from a huge campaign fund.

The popular majority for the Whitney government has been cut down to

THE HOLIDAY

If the weather man is kindly disposed tomorrow should be an enjoyable holiday. Many people will go out of the city today to remain until Thursday in some suburban resort, or seeking the elusive trout. Every departing train and boat tomorrow will have its crowd of pleasure seekers.

For those who cannot arrange to leave the city for the day, Seaside and Rockwood parks will furnish attractiveness, and special programmes are being arranged for the various theatres. There will also be baseball for the fans. The members of Thorne Lodge, I.O.G.T., will conduct a private excursion to Hampton, the members of Dominion Lodge, I.O.G.T., another outing to Baywater. The Temple Band will conduct an excursion to Brown's Falls, and there will be many private outings. The big militia encampment at Sussex will doubtless attract many, and there will be added interest in the holding of a picnic on the church grounds there by Rev. Joseph McDermott's congregation. "Members Day" at the R.K.Y.C. quarters at Millville will entertain a large number with an attractive programme while the members of the St. John Power Boat Club will probably have every boat in their large fleet on the river.

Thought Nothing But Death Would End Her Misery.

— WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—"I have been a great sufferer from heart disease, and leaking valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, as I am now completely cured, and can eat and sleep as I have not done for years.

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

British Subjects Must Go

Mexico City, June 29.—In view of the existing conditions in Mexico, Sir Lionel Gordon, the British minister, today advised all British subjects temporarily to leave the country. He said that the shortage of fuel used in the operation of trains was becoming more acute daily and that the train probably soon would stop running, which would make difficult the departure of persons in the interior.

New Industries for Regina

Regina, June 30.—A broom factory with a capacity of 12,000 brooms a month, will in all probability be erected at Regina by the Western Broom Company.

A brick plant with a capacity of 40,000 bricks a day, will be erected here within the near future, if the experiments being carried out by Doctor Andrews are successful. He says he has found a cheap method of converting Reginal clay into the very best quality of brick.

GRIM RECORD OF SUICIDE BY WOMEN OF GERMANY

Berlin, June 30.—The development of the woman's movement in Germany carries with it a remarkable increase in suicides by women. While the ratio of suicides of men remained constant during the twenty years ended with 1912, the number of women suicides increased from 8.8 to 10.6 per 100,000 of the woman population. While there are doubtless many causes for the increase the chief cause is attributed to the fact that women have gone into workshop and factory, mercantile employments and professions, many more extensively than twenty years ago. They have shouldered larger responsibilities and have exposed themselves to greater economic and social dangers. That the cause is largely an economic one is evident from the great increase of woman suicides at Berlin where nearly forty-eight women take their own lives in every 100 men.

MERRY THOUSANDS FREE OF SCHOOL CARES FOR 2 MONTHS

(Continued from page 1)

Victoria School

Tower School.

In Tower school, Lancaster Heights, this morning, quite a number of visitors were present at the closing exercises, which consisted of essays, readings, choruses, drills and addresses with the members of the primary intermediate and advanced classes participating. The school principal, G. E. Armstrong, presided, and addresses were given by Messrs. Henderson and Ruddick. Prizes were presented as follows:—Cecil Bettison, for general neatness and good attendance, prize given by G. Earle Logan; Archie MacVicar, for good general average, prize given by G. E. Armstrong; strong; Sears Whipple, for general efficiency, and Lettie Surritt, for general good marks, prizes also donated by Mr. Logan. The school had a very satisfactory year. Mr. Armstrong was assisted in the primary grade by Miss Cowan.

releasing all fumes to dealer or write for booklet.

Sold by M. J. Sliney, City; J. E. Wilson, Ltd., City; W. S. Fair weather, Sussex; Summer Co., Moncton; R. Chestnut & Sons, Fredricton; Boyle Bros, Ennisville; Jas. Wilson & Sons, St. Stephen; Grant & Morin, St. George; H. H. Faulkner, Woodstock; J. W. Montgomery, Hartland; L. A. Dugal, Edmundston.

TO SELL PART OF THE EARL BRASSEY ESTATE

London, June 30.—Viscount Hythe, eldest son and heir of Earl Brassey, made an announcement yesterday of his intention to sell a portion of his Northampton estate in Sussex. He said that the gross income was £24,000 and the net revenue one-third of that amount, sometimes less. The budget, he said, compelled him to pay ten per cent. tax on £3,000 or more on income which he never received.

ROYAL COMMISSION TO SEE FOR THEMSELVES JUST WHAT THIS VALLEY RAILROAD IS LIKE

(Continued from page 1)

grounds at Onondago and the water supply at that place and Gagetown, giving some detailed figures of cost. He described the velocity grade, its length and grade and promised to make a more correct plan. Some discussion arose as to the examination of the profiles and they were placed in evidence.

Mr. T. J. Carter: Perhaps you would like to have the road brought into court. Mr. Carvell: I would like to see the commissioners go over the road.

Commissioner Fisher: That is what the commission intends to do.

Mr. Carvell: I am very glad to hear it and I hope they will take a flat car in front of an engine and see this road as it really is.

George W. Fowler, T. J. Carter and P. A. Guthrie joined Mr. Teed this morning and Mr. Stevens also arrived last evening. There were many contractors and some spectators in the council chamber where the commission sat while the court room was used for court purposes.

THE BENTLEY SCHOOL

Editor Times: Sir—Is the history of the King Edward School building to be repeated in Bentley street? It is announced that the architect is now to prepare new plans because of the high price of the proposed ten-room building. Is the architect to get his commission on both sets of plans? Is there any relation between the plans themselves and the high price asked by tenders for the new building? The public would like a little more information regarding this matter, as it is public money that is being expended. Yours faithfully, TAXPAYER.

BODIES OF MURDERED ONES NOW ON WARSHIP

(Continued from page 1)

The funeral has been fixed for an earlier date than is usual in the case of such exalted personages, but the court officials are anxious to make a speedy end to the tragic event, and so permit the aged emperor to renew his interrupted and greatly needed summer holidays with the smallest delay possible.

The Plot

According to opinions of high government officials, the plot which resulted in the assassination on Sunday morning its inception to a nationalist propaganda which originated in Serbia. This propaganda took deep root among the elements of the Serbian population of Bosnia. The Bosnian government was obliged to proceed with the utmost caution so as not to injure a group of

loyal Serbians. Also there were certain considerations of foreign policy.

The Bosnian authorities while carefully watching and restraining the fanatics, apparently were unable to discover the conspiracy in time to prevent the crime. How deeply this Serbian danger really penetrates Bosnia is impossible to state, but fears are expressed here that it would be difficult to stem it now.

Berlin, June 30.—It was officially announced last night that Emperor William would go to Vienna to attend the funeral of Archduke Francis Ferdinand and the Duchess of Hohenberg.

Vienna, June 30.—An anti-Serbian demonstration occurred yesterday at Agram, capital of Croatia. The windows of Serbian houses were broken and the offices of Serbian newspapers were wrecked by crowds of Croats who marched through the streets, shouting:—"Down with the Serbian murderers."

Metkovich Herzegovina, June 30.—The bodies of Archduke Francis Ferdinand and the Duchess of Hohenberg were brought here on a special train at six o'clock this morning from Sarajevo. The town was draped in black, while all lamp posts were covered with crepe and flags on all buildings flew at half staff.

The coffins were removed from the cars by bluejackets and after a blessing had been given by a priest, the bodies were conveyed to the royal yacht Dalmat. The vessel was preceded down the river by a flotilla of boats, and followed by the governor's yacht, on board of which were the members of the households of the archduke and duchess. Every village and hamlet along the river Narenta was draped in mourning. When the Dalmat reached the mouth of the river, it proceeded to the battleship Viribus Unitis, on which the bodies will be conveyed to Trieste.

Orphans Hear of It

Vienna, June 30.—The news of the death of Archduke Francis Ferdinand and the Duchess of Hohenberg was broken to their children on Sunday evening. The orphans broke down and their sobs were heard in the streets.

The Tagblatt says the late archduke's life was insured with Dutch companies for \$12,000,000, while that of his wife was insured for \$5,000,000.

GRIM RECORD OF SUICIDE BY WOMEN OF GERMANY

Berlin, June 30.—The development of the woman's movement in Germany carries with it a remarkable increase in suicides by women. While the ratio of suicides of men remained constant during the twenty years ended with 1912, the number of women suicides increased from 8.8 to 10.6 per 100,000 of the woman population. While there are doubtless many causes for the increase the chief cause is attributed to the fact that women have gone into workshop and factory, mercantile employments and professions, many more extensively than twenty years ago. They have shouldered larger responsibilities and have exposed themselves to greater economic and social dangers. That the cause is largely an economic one is evident from the great increase of woman suicides at Berlin where nearly forty-eight women take their own lives in every 100 men.

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of what you eat. Nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

Then stop it! Stop it now! You can do it with Ayer's Hair Vigor. Does not color the hair.

Ask Your Doctor.
