WELL DONE, I. C. R. MEN.
The greatest plot of grass to be seen about the city are those in front of the Intercolonial depot. A little careful gardening has made a remarkable change there during the last two or three years. Such plots of green should be multiplied wherever possible about the city.

MANY WENT OUT.
Large crowds of people yesterday took advantage of the fine weather and drove out to Millidgeville, taking the ferry steamer there for a sail on the Kennabecasis. It was really the first Sunday of the present year in which boating was enjoyed. The motor bus was in service and was well filled each trip.

Greenlaw, son of Mayor Greenlaw of that town.

TOOK THREE DRINKS BECAUSE OF TOOTHACHE; GETS INTO POLICE COURT.
When one of five men, each charged with drunkenness, told Magistrate Ritchie this morning in the police court that he had taken three drinks to ease the pain of a toothache, and the three had been too much for him. His Honor said that a few years ago he might have paid for the three with the class of liquor now sold here, but being served in this city, it was not possible. Much of the liquor sold here, was being made here also, said the magistrate and it was pretty bad stuff. Three of the prisoners were remanded, one fined \$4 and one fined \$8 on the charges while two others, John Clifford and Wm. McGoldrick were fined \$8 each on a charge of lying and lurking in a box car in the I. C. yard.

Wm. Connell and Arthur Doyle were further remanded until tomorrow at three o'clock on a charge of breaking and entering Maurice Guss' junk shop and stealing some goods. Officer Briggs gave evidence. E. S. Ritchie is appearing for the prisoner.

IN THE COURTS

The case of W. Malcolm Mackay vs. The Furness Withy Co. Ltd, an action brought to recover \$1,000 damages for loss of scows, was resumed before Mr. Justice White this morning. IN FAIRVILLE CASE

Henry Hill Charged With Attacking Two Women on Saturday Night

Henry Hill appeared before Magistrate Allingham in the Fairville police court this morning to answer two charges of assault, alleged to have been committed near Fairville on Saturday night. The first was made about 8.30, when a woman who had been shopping in Fairville was returning to her home in Lancaster and was attacked by a man. She struggled with him and succeeded in freeing herself and ran to her home. Later in the evening another woman was passing near the spot where the first attempt was made when a man took hold of her. Her screams were heard by Dr. Travers and Alexander Stewart, of the Provincial Hospital, and they were quickly on the scene, and saw a man running up the road. Mr. Stewart and Mr. Forbes of Carleton, ran after the man and he was caught, and Policeman Stinson, who had received word of the affair, arrested him. The defendant's story is that he heard the screams and went to assist the woman and, seeing a man running away, gave chase.

The preliminary hearing in the case was begun this morning and two witnesses were examined on the first charge. The husband of one of the women said that his wife returned home on Saturday evening a little before ten o'clock in a very nervous condition, her lips out and her clothing torn. She said that she had been attacked on the way up the street. The witness said he went down the road with his wife and she pointed out the spot where she had been attacked. He picked up his wife's purse and backcomb. The woman herself gave evidence and said that she was returning home between 9 and 10 o'clock, and when near the Provincial Hospital she heard a woman scream. After proceeding along the road for a short distance she was attacked from behind by a man who placed his hand over her mouth. A man drove along the road in a carriage and the man who had attacked her ran away. When asked if she could identify the prisoner the witness said that he looked like the man. Hill has been working here, but does not belong to St. John.

The hearing will be continued at 2.30 o'clock this afternoon, when the evidence of other witnesses will be taken. He has engaged H. J. Smith to defend him.

ST. JOHN'S GARDEN CITY

Appreciative Comment By Conservation For April

Conservation for April, published by the Commission of Conservation, Ottawa, presents by courtesy of F. A. Todd, landscape architect of Montreal a plan of the garden suburb to be developed at Coldbrook, and says:

"Garden cities are something of a novelty in Canada. Their adaptability to Canadian conditions is necessarily something of an unknown quantity. Nevertheless, the great advantages derived from them for parks and recreation make their introduction a matter of great interest. The progressive city of St. John, N. B. has been selected as the site of one of these garden cities, a plan of which is shown in the above diagram. The plan includes an area of about 400 acres, all of which is under the control of the promoting company. The erection of houses and other buildings and the construction of a park will be proceeded with during the present year. "The westerly portion of the city, near the city of St. John, has been designated as a residential district. The streets depart from the old fashioned 'gridiron' design and follow broad, sweeping curves. The cross streets converge upon a centre where the municipal buildings will be erected. Ample provision has been made for parks and play grounds. To the south of this district, factory sites have been provided, and one large factory is already under construction. The uplands to the east have been divided into garden plots, varying in size from one to fourteen acres. A water supply will be obtained from a nearby stream, a dam and storage reservoir being under construction. An efficient sewerage system and all other requirements of a modern city will be carefully constructed and regulated. "Coldbrook garden city is a piece of constructive work in city planning, the development of which will be watched with great interest by city dwellers in every part of Canada."

SEATS FOR THE WOMEN

King Square Offers Opportunity For Gallantry or Official Action

The benches on King Square should not be monopolized by men. It was noticeable last evening, however, that there was very little room for ladies on the benches near the fountain. It would perhaps be wise to have certain seats, especially near the fountain, reserved for ladies and children, since the native gallantry of the men does not prompt them to make way for the ladies and the little ones.

There are so few breathing spots in the city that mothers naturally go to the square with their little children, and it certainly is not a pleasing spectacle to see the benches filled with them and the women walking about.

OUR DOMESTIC DRAMA

The second act in a little domestic drama which is of absorbing interest to the members of the staff of the Evening Times was staged this morning. The mother pigeon whose nest is on a window sill on a bare brick building near the Times office is no longer sitting on a nest of three eggs, but has three tiny pigeons under her wings. They are very small, very fluffy and of a very retiring disposition, but there they are, and there is not a prouder mother in the city of St. John today than the mother bird spreading her wings over them to protect them from the rain, which falls upon the outer edge of the window sill, but does not reach the nest.

Barring accidents and persons of a meddlesome disposition, there will soon be what a member of the Times' staff describes as a great aviation meet, with this window sill as the starting point. Since the exact date cannot be fixed it will not be possible to send out cards of invitation, but the event will be duly chronicled in these columns.

Some One Gets Too Big a Profit Out of Men's Clothing, But You Need Not Pay It.

An investigation is now being held in Chicago concerning the high cost of farm products to the consumer, and the low price that is paid to the farmer. For instance, potatoes which are sold by the farmer for 30c a bushel cost the consumer 75c to \$1 a bushel. The investigation is to determine who gets this excessive profit.

Now the same condition exists in the clothing industry. The manufacturers of course are entitled to a fair profit, but the expensive method of most retailers doubles and sometimes triples this profit, so by the time the consumer gets it he pays a price far in excess of its intrinsic worth. This is the general condition, but it doesn't exist at Pidgeon's, because when you buy from Pidgeon, high rents and expensive selling methods are eliminated, and the consumer gets all he pays for and more, too. This accounts for the great difference between our prices and other stores' prices. This is why you can buy from us for \$15 a suit which costs \$18 and \$20 down town. If you want 100 per cent. value for every dollar you spend, then you'll do well to investigate this condition.
