A GOOD PLACE TO BUY GOOD CLOTHES

THE NEW SPRING SUITS

are now on sale at Gilmour's and we hardly need assure you that they are fully up to our usual standard of quality. We have, we think, in fact surpassed our previous record in these Spring offerings.

The materials are eminently good all the way through, and the tailoring has been done a little more skillfully and more carefully than in any suits we have previously offered at these prices.

Commencing at \$10.00 the figures go in easy steps to \$25.00, at which price we are offering ready to wear suits which will fill the most exacting requirements of any critical man. Some, also, of the finest 20th Century Brand Suits at \$27.50, \$28, and \$30.

We invite you to call and see these new Spring Styles while the line is at its best.

but simply a change in the method of governing the city, and that the people themselves are well able to say what they want.

The Citizens' Committee, which is working for the commission form of government, is composed, both numerically and in influence, of St. John's best citizenship, and they have a charter committee which has been working on a form of charter, which would be suited to St. John's needs. From the opinion expressed by several members of this committee who were seen this morning, they feel that there are people here who are sufficiently able to frame a charter that would be in the best interests of the city, without asking the government to appoint a commission for that purpose.

As some of the members of the executive were out of the city today, it was felt that the matter should not be discussed publicly by the members until they return, and it is taken up in proper form, Mary Cougle.
