## DOGS TALK WITH TIMES ABOUT THIS WEEK'S DOG SHOW

Messrs. Mason and West Agree That St. John Boasts Some Good Animals and They Urge the Annual Show as a Means to Better Results—Much Pleased With Their Visit Here

That the dog show held in the Queen's hall this week will prove of much value in improving the quality of the dogs in this city is the opinion of Caleb West and T. Mason, the two judges, who gave their decisions so carefully, and who made many friends while in the city. Speaking to a Times reporter at the Royal Yacht they said that they had never attended a dog show where there was so much good feeling and they had never been treated so hospitably as they have been since coming here. Their only regret was from the possibility that they had "killed with kindness."

Mr. Mason, on being asked if he thought the quality of the dogs in the city would improve year by year, said he had no reason to think otherwise and that one way of promoting interest in better breeding was through the holding of an annual show, because it excited competition and desire to "have a better dog than the fellows."

## AMUSEMENTS IN ST. JOHN: WHAT THE PLAYHOUSES OFFER

NICKEL'S GREAT SHOW FOR MONDAY

The Nickel management announce that if ever they had a good show they have it for the beginning of next week. There will be eighting in the great city. The national travel view, thrilling melodrama of an entirely new type, social comedies and music. The Vitaphone story "A One Hundred Dollar Bill" will take the audience through Chinatown, New York, after night and also in the swiftest of the city interested in the rearing of snipe and the women who were to have their pets superior to those reared by other women. In Boston there was a Ladies' Kennel Club which had been an important organization and every one who had her little pet and thought of the city interested in the rearing of snipe and the women who were to have their pets superior to those reared by other women. In Boston there was a Ladies' Kennel Club which had been an important organization and every one who had her little pet and thought of the city interested in the rearing of snipe and the women who were to have their pets superior to those reared by other women.

For a show of this size," said Mr. Mason, "the quality of the dogs is unimpeachable. The quality was better than anything heretofore, and many of the dogs shown at the exhibition were comparable with those in the states at the dog shows held in Boston or New York."

Mason particularly referred to setters and fox terriers, saying that some shown here would stand favorably in competition in the larger exhibitions of other cities.

Mr. Mason is one of the most extensive breeders of dogs in the city. He has three pointers as good as any other pointer in the States. For ten years he has kept fifty pointers on hand at his home in Northampton. His long experience has made him an excellent judge of dogs of fine points.

Mr. West also is a great fancier of dogs. Although he has been breeding them for years, he is not what is known as a "professional" judge but still he is completely capable, as was shown in his judging of the recent show. Many of the better dogs owned by people in this city at present, have been raised from stock owned by him. He has been "across the pond" on three occasions and each time has brought back from England a number of dogs with fine pedigrees. His home is in North Stoughton, Mass.

Mr. and Mrs. West and Mr. Mason will leave this evening on the American boat for their homes and they declare that they will always recall with pleasure their associations of the last few days in St. John. They have enjoyed themselves keenly and will take back home remembrances of the good feeling towards them in their sometimes trying work while in this city.

As Mr. West said yesterday, "We know that there are good losers in St. John as well as good winners, for there has not been any of the grumbling or kidding which are common in most shows." He also said that the men in charge of the show were gentlemanly and obliging and had been instrumental in making their stay here most pleasant. Mr. Mason strongly seconded his statements in this regard.

There was no doubt that the quality of dogs in St. John was a source of congratulation to the owners and they had good reason to be proud of some of the animals shown this week. He had been told by others that there were some good dogs in this city, but it was evident from what he had seen that there were a large number, and in this opinion he was corroborated by Mr. West.

They both agreed that one of the mediums to better blood in the dogs through out the city was the annual exhibition, for it created a desire to have a fine animal shown, and it also tended to weed out the poorer ones. Mr. West also suggested that it would be a good plan to have the ladies of the city interested in the rearing of snipe and the women who were to have their pets superior to those reared by other women.

## WAS A CLOSE RACE

Showing Mel Sheppard of the New York Irish-Americans (on the right) beating Arnold Knox of the Toronto Centrals by an inch or two in the final sprint to the tape. Sheppard has his head on the tape while Knox has the white line under the ball of his foot. It was a desperate finish and a case of where the camera had to be used to make sure.

The race will start at Kirkwood, a St. Louis suburb, and finish on the aviation field at Fairground, a municipal park. Realizing that the free flying and the finish of the Marathon will draw to Fairground and its vicinity several hundred thousand persons, Chief of Police Young has arranged to reserve for the runners by stretching wire cable and providing large details of police, the roadway of the city streets including in the course.

That section of the course outside of the city limits will be patrolled by the county authorities and by a large committee in automobiles. An automobile carrying a physician and "first aid" equipment will trail the runners.

Residents of all other cities and towns are eligible to compete in this race, which although under the auspices of the Aero Club of St. Louis for the free flying, October 1 to 8 inclusive, will meet and escort the runners in the fifteen-mile handicap Marathon race the afternoon of October 7.

MODERN HOME FURNISHERS  
675 MAIN STREET

### 50 Million Corns Removed

Think of that. A little plaster, with a dot of soft B & B wax, has removed already fifty million corns. And very few are now removed in any other way. The plaster is applied in a jiffy. It is painless, comfortable, the pain all stops the second you apply it. Within two days the corn comes off. Now millions of people never suffer from corns. As they feel one they put on a Blue-jay plaster. It is only to nurse corns, pare them, protect them, when a simple Blue-jay plaster ends the trouble entirely. Get a package now.

**Blue-jay Corn Plasters** 15c and 25c per package  
Also Blue-jay Business Plasters. All Druggists Sell and Guarantee Them. If not convinced, ask for sample-free.  
**Bauer & Black, Chicago and New York, Makers of Surgical Dressings, etc.**

## AMUSEMENTS

### Stupendous Bill of Real Merit NICKEL MONDAY!

8--Unapproachable Features--8  
THROUGH NEW YORK'S CHINATOWN

Seat sale to subscribers begins Oct. 3. Seat \$1.00; 75c.

## MEN, HERE'S AN OFFER

Wear My Electric Belt Free Until I Cure You

You've doctored and doped till you are sick of it all. You would pay for anything that would give you back your old vim. You don't want to pay out any more money till you are sure. I will cure you first, and you can pay me afterwards. Is that fair? Then get my line.

Now what I can do, because I've done it and am doing it every day. I'm sure that Electricity is the life and that I can cure it where it's wanted. I want to risk my name and my Belt free until you are cured, then you can pay me. And when you are cured, the cost is less than a short season of drugging. I can make more pleasure. You put my Belt on when you feel the soothings, exhilarating, and you feel the fire of life. You wake up in the morning, feeling like a giant.

I don't claim to be a doctor, and I won't take a case that I don't feel sure of, but all these troubles which come from an early waste of vitality, from disipation of any kind, from excess of nerve power, or from any organic ailment, liver or kidney weakness, I can cure, and these are the cases I am willing to tackle and take the chances on. I am curing them every day.

All I ask is a reasonable security for my Belt while you are wearing it.

Miracles are worked every day. Read the story of Philip McGahey, 1214 Pine St., St. Gabriel, P. Q., as he gives it in his own words:

"Dear Sir—I take the opportunity of letting you know the benefit your Belt has given me. I was a poor cripple before I got it, now I can stoop and pick up a pin with ease. It was worth a great amount of money the good it has done me. My advice is, that no home should be without one. I thank you for the benefit it has done me."

Another report of a cure from GEO. STANLEY, Perth, N. B.

"Dear Sir—Your Belt is all you claim it to be. My back is all right. I should have written you sooner, but I wanted to give your Belt a thorough test. I consider mine a very bad case, as I have been troubled with my back a great deal, but I have found a cure in your Belt."

Tell me where you are and I'll give you the name of a man in your own town that I've cured. I've got cures in every town.

That's enough. You need the use. You want it. I'll give it to you, or you need not pay me a cent. Come and get it now. The pleasurable moments of this life are too few, so don't throw away. While there's a chance to be happy and strong, to throw out your chest and look at yourself in the glass and say, "I'm a man," do it, and don't waste time thinking about it.

I've got a beautiful book, full of good, honest talk about how men are made big and noble, and I'll send it to you, free, sealed, if you send this coupon.

**CALL TODAY** If you can't call send. Coupon for Free Book.

**M. C. McLAUGHLIN**  
211 St. James street, Montreal, Can.  
I'll send me one of your books, free.
