

## RED CROSS TAKE UP MATTER OF ST. QUENTIN RELIEF

An emergency meeting of the Provincial Red Cross, with the president, R. T. Hayes, in the chair, was held this morning at the office of the secretary, C. B. Allen, to co-operate with Premier Foster in rendering assistance to the fire sufferers in St. John. It was announced by the premier that a committee had already been formed in Campbellton and on behalf of the government he had wired \$20,000 to be used to relieve the conditions in the village where, it was said, 1,000 people were made homeless by the forest fire which ravaged the community. It was agreed on motion by the secretary, C. B. Allen, that the president, the vice-president and the secretary be a committee to take the matter in hand and sent at once blankets and other such supplies which are in the Red Cross stores with a further assurance of financial assistance pending the report of the premier on the situation.

Colonel E. T. Sturges suggested that where tents were sufficient the military authorities be asked to provide these. It was suggested by Mrs. G. A. Kubring that Dr. Desmond, district medical health officer for the southern district, be wired at once for information regarding special needs of any who might be ill or in need of hospital assistance. This was decided on.

It was also decided that on Tuesday and Wednesday of this week the Red Cross would receive any clothing for men, women and children at local headquarters, Hazen avenue, donated for the sufferers. It was agreed on motion that full powers be given the committee to act in conjunction with the premier. Those present were R. T. Hayes, president, C. B. Allen, secretary, Colonel E. T. Sturges, Mrs. H. Lawrence and Mrs. Kubring.

### THE I. O. O. E.

Calgary, May 31—Practical elimination of the Kingsmill faction from the higher offices of the national I. O. O. E. resulted in the election on Saturday, when Miss Joan Arnold of Toronto was elected president. She appealed for unity in the national chapter. Feeling ran high when a Quebec amendment was presented which would deprive life members of a vote in annual meetings. Mrs. Bruce made an appeal for the life members. The Kingsmill faction appeared against a vote on this amendment, during the absence of the forty councillors who were absent electing officers. However, the question was put and the amendment lost.

Amendments were passed that regents of municipal chapters be members of the provincial executive. Most of the delegates left for home following the close of the convention.

### For Automatic Coupling

After a dozen years of experimenting an Oregon inventor has perfected an automatic device for coupling air brake and heating hose between rail cars without requiring trainmen to endanger their lives.

### San Bath Treatment

To give each bath treatment to his patients a French physician has invented a bath house equipped with a lens that follows the motions of the patient and concentrates its light at all hours of the day.

### Notices of Births, Marriages and Deaths, 50 cents.

#### BIRTHS

GOODSPEED—On May 30, 1920, to Mr. and Mrs. H. P. Goodspeed, Metcalf street, a son.  
SHEA—At 27 Bentley street, on May 30, 1920, to Mr. and Mrs. J. Vincent Shea, a daughter.

#### DEATHS

LACHINE—At her residence, Cartier square, St. Henri, Montreal, on May 29, Mrs. Louis Lachine, wife of Louis Lachine, leaving a family of two daughters and one son.  
Funeral Tuesday morning, June 1, 10 o'clock, from her late residence, Lancaster Heights, on the 29th instant, Catherine, widow of Peter Carey, leaving five sons, one daughter and one sister to mourn.

## GOOD THINGS COMING TO THEATRES OF ST. JOHN "GRUMPY" WILL BE A MIDSUMMER ATTRACTION

Famous English Comedy  
Coming Here in June —  
Eminent English Players in  
the Cast — Canadian Tour  
Starts in Maritime Provinces.

Cyril Maude's famous play "Grumpy" which comes to the Imperial Theatre for a two days' engagement beginning Monday, June 14, with a matinee on Tuesday, derives its title from an old criminal lawyer nicknamed "Grumpy" by his adoring and adored granddaughter because of his egotistical querulousness. He is retired from practice and when under his roof his grand-nephew is robbed of a valuable diamond sent home in his keeping by the South African firm he serves. The old man's sleuthhound instincts are awakened and he does not rest until he has discovered the thief and compelled restitution of the diamond. This is slight material for a big play but the joint authors, Horace Hodges and Wingey Percival, are said to have built up a comedy that is evidently capable when played by Edward Lewis, Frank Compton and others of not only gripping an audience but of holding their attention unrelentingly from the opening to the final fall of the curtain. The whole plot hinges on a very trifling incident, nothing more than a girl's hair wound around the stem of a flower. But slighter things than this have betrayed criminals before now, and there is nothing illogical in the development of the plot, nor is there anything improbable in the story, which is based upon an incident that many people in the old country will remember having been a cause celebre some years ago.

The "Grumpy" company, which consists of twelve eminent London players, will open their trans-Canada tour in the maritime provinces. Stewart Lithgow, well known New York dramatic manager, is in town at present completing arrangements.

## WEEK-END BILL AT OPERA HOUSE

Will Be Brought to a Close  
Tonight — Great Magical  
Act, Lots of Comedy, Good  
Dancing and Singing.

The popular week-end bill at the Opera House will be brought to a close this evening and should be greeted by large audiences. The programme is highly entertaining and has one of the best magical acts ever appearing on a local stage. In addition to being a clever performer, the magician has his act cleverly and with comedy and this is largely instrumental in making it such a popular hit. Hill and Quinell also have a really amusing and scientific act, which is one of the most popular of the bill. The female member is a clever acrobat and eccentric dancer and her partner a good comedian and cycle rider. From a musical standpoint Frank and Varvara star in a classic vocal and piano offering. There are two other good acts and an episode of "Lightning Boyes".

The new bill for tomorrow will be as follows:  
Mable Nanyon and her tropical birds. She has a collection of twenty-four of the most wonderful birds ever appearing in vaudeville. They include white cockatoos, boomerangs, parrots and all are well trained. They offer a startling display of clever tricks. This act is considered to be the best trained bird show in vaudeville.

The Smiths will appear in a sensational aerial act replete with thrills and dares; Nevins and Mack will give a great farce comedy blackface skit; Manning and Hall "A Kleeve Comedy Couple" will have an amusing skit; while Ben Smith will entertain with his popular comedy songs etc. There will be an episode of the popular motion picture "Daredevil Jack," featuring Jack Dempsey champion heavyweight of the world.

## IMPERIAL THEATRE AGAIN THE CENTRE

Superb Attraction Ushers in  
Summer Today — Only  
One Show Tonight Because  
of General Currie Meeting.

With the threshold of the first summer month our very next step, Imperial Theatre today enters into its seventh warm-weather period with a photoplay attraction par excellence. In cooler weather when the "season," so called, is on such a feature would be a veritable sensation in point of attendance and at the higher prices too. "On With The Dance" is truly one of the Paramount super-specials that commands widespread attention. It has been a tremendous hit wherever shown.

Tonight the Imperial's first show will be the only one, as General Currie's meeting will consume the second period. Persons holding tickets for the general's welcoming function will be ushered to their seats after the first show. Tomorrow, however, the Imperial will resume its full four showy per day. No advance in prices.

## THE GREAT JOHN GANTON, QUEEN SQUARE TONIGHT

The Great John Ganton will be the attraction offered by the popular Young-Adams Company at the Queen's Square Theatre on Monday and Tuesday nights and Tuesday matinee, May 31 and June 1. This story is replete with extraordinary interest of these days of high prices, and also deals with the labor question, so employers and employees should come to the Queen Square Theatre and see the solving of this unusual

## BOLTS GOVERNMENT

Western Unionist M.P., who bolted on Wednesday from the government on the Budget.

## "FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others. Therefore avoid exposure, this may be difficult, almost impossible. But we can all keep our blood full of vitality and energy to resist the attacks of disease germs, by taking Hood's Sarsaparilla, the pre-eminent blood-purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and makes food taste good. After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

## THE FITZGERALD PEACH

More than forty years ago a peach stone was planted in the garden of Captain Maurice Fitzgerald at Oakville. A seedling was produced, which, without grafting, grew up into a fine tree, bearing fruit that was the envy of the neighborhood. The captain, who was a sailor and not a fruit grower, decided to show the peaches from this particular tree at the local fair. During the next year the tree was awarded the highest honors in the community.

"Soon afterwards," said the captain, when interviewed, "the remarkable fruit-growing experience told me that I had a very valuable tree in my garden, and when I began to make inquiries I was able to prove the truth of this man's statements."

Nurserymen from both Canada and the United States were attracted by the new peach, and offers of considerable sums began pouring into the home of the skipper. One of these bids being finally accepted, the tree was gradually removed, in the form of a stone, to the Niagara district.

A few seasons later this variety, named after the skipper, "Fitzgerald's peach," was put on the market. This peach was much harder, due to its northern origin, than the common varieties in those days. Its flavor and consistency were particularly good—in fact, the Fitzgerald became so popular that during the first few years it was sold ready by nurserymen at a dollar and a half when other varieties were retailing at a quarter. Today this particular peach, which owes its origin to a pure accident, is a standard variety, and makes an important addition to the acreage of Canadian and northern United States plantations.

Prairie Schooner Days.  
"Back to the Prairie Schooner Days," threatens to be the slogan for home seekers this summer.

From different parts of the country there are reports that canvas houses, built on light delivery chassis, are helping to solve the housing problem. J. E. Tarr of Pocatello, Idaho, accompanied by his wife, is touring all over the west in a canvas-topped prairie schooner type of house mounted on a truck chassis equipped with pneumatic tires, "beating the slow moving team or mule teams to smithereens," as he puts it.

"The man that built the first prairie schooner and arched the roof over his family," he says, "has had the right idea."

plot. It shows in graphic form the life of one of America's foremost meat and produce packers. The title role, John Ganton is played by Mr. Young himself and as he says "I'd rather play John Ganton than eat" you can be certain that his performance is particularly good. Miss Marjorie Adams has an unusual part, as May Keating and the balance of the company will give ample support.

## DON'T STRAIN YOUR EYES

Squinting, frowning and headaches are characteristic of eyestrain.

When this condition exists good health is impossible without the use of suitable glasses.

Arrange for an examination today and know the exact condition of your eyes.

If you need glasses you should wear them. If you don't need glasses we will tell you so.

## D. BOYANER

111 Charlotte Street  
It will pay you to buy the small piece of Cake, Pie, Cookies, etc., you need, cooked by the Woman's Exchange, in connection with this library.

"His Master's Voice" Dealer  
10 Germain Street

## PROTEST FROM WEST END MADE AT CITY HALL

At a committee meeting of the common council this morning, a delegation consisting of W. E. Scully, G. S. Hayes and E. R. W. Ingraham, waited on the council to protest against the St. John Street Railway being granted permission to place tracks along Rodney street, and also regarding sewerage conditions on the West Side.

Mr. Scully said that as president of the West Side Improvement League, he strongly opposed tearing up Rodney street to place street car tracks there. He said that it was the only well paved street in West St. John. He maintained that Winslow street could be used. With regard to the null pond, he said there were eight or ten public sewers emptying into it and he advocated that they be connected with one trunk sewer and carried out to the harbor under the pond.

Mr. Hayes emphasized Mr. Scully's remarks and said it would be regrettable to tear up Rodney street. Mr. Ingraham also spoke against such a move and spoke about unsatisfactory street car service and the ferry boat. He thought a better car service meeting the ferry would tend to increase patronage. In answer to a question, he said the West End cars to the city did not connect with the ferry boat.

Commissioner Frink spoke regarding sewerage conditions in West St. John and said he thought the delegation was very modest in its demands. The other commissioners also spoke briefly, after which the delegation was assured that before any action was taken regarding the railway company any privileges the delegation would be notified and could be present to go over the plans and specifications.

Tenders were then opened for boiler tubes for the ferry boat. Two were received, one from S. Norman Sanction and the other from Esley & Company. The former said he would supply heavy Scotch iron tubes for 64c a foot and the latter steel tubes at 48c. F. O. B. St. John. The latter tender was accepted.

Tenders for the installation of a water main and sewer in Mount Pleasant Court were opened. C. Simonds quoted rock excavation at \$16 and earth at \$8.05. The Construction Company, Ltd., quoted rock at \$15 and earth at \$1. A. George Moses quoted \$13.75 for rock and \$2.50 for earth. On motion Commissioner Jones the last was accepted.

Tenders were received for a motor truck and five passenger touring cars for the Water Works Department, but after they had been opened others were presented, received through the mail. Commissioner Thornton said he did not favor the tender for equipment of this kind, as some cars would not be suited for the work. It was decided to have Commissioner Jones look over the tenders and report.

Commissioner Bullock brought up the matter of an application by the C. P. R. to raise the grade of the railway at No. 2 street. Sanction Pointe read correspondence. It was decided to approve providing the company would suffer any inconvenience in doing so, regarding the sale of the property, and that they would guarantee to make and keep any cuts in the roof weather proof and that they would be responsible for any damage sustained to freight in event of a leakage, and make the alterations to the satisfaction of the city engineer.

Commissioner Bullock recommended a renewal lease to James Griffiths for a lot in Lancaster for seven years at \$10 a year. A. Robinson, regarding the sale of a lot at the corner of Crown and King street east was held up until another tenant could be notified.

Commissioner Thornton reported on the public library repairs. He said the repair work could be done for \$1,150. He will interview roofers and bring in a recommendation tomorrow.

He reported having purchased 150 tons of broken coal for the fire stations, police and city hall at \$17 a ton. He also reported that he had given permission to Robert Roberts Sons to install a 100 gallon gas tank on their property in Cedar street. He was given permission to call for tenders for repainting and recalcining the city market.

He also reported that he had purchased five tons of soft coal, run of mine, for city hall at \$10.25 a ton. The meeting here adjourned until tomorrow morning at eleven o'clock.

## LOCAL NEWS

SPECIAL MEETING TONIGHT.  
The End League after the game on grounds, business of importance, all ball players and captains attend.

TO THE MEN THAT TOIL.  
At our Union street and Main street stores we have work boots suitable for men of all trades. Union street good and prices low. Waterbury & Rising Limited.

CANADIAN NATIONAL SUBURBAN SERVICE.  
For the convenience of the holiday excursionists, the Canadian National Railway will run special trip of the suburban train on Thursday, June 3, St. John to Hampton, leaving St. John 9 a. m., daylight time.

LOWER LIVING COST.  
Enthusiastic people visit the "Lower Cost of Living" campaign and sale at the "London House." The evident success of this effort to "lower cost" is well merited by the exceptional values given and the hearty response of the people. All are new fresh lines of Spring and Summer goods offered and at a saving which no one can well overlook. Daniel, head of King street.

NOTICE.  
Social by Jewel Rebecca postponed. Regular meeting Wednesday. 8:55-6-1.

WANTED.  
Experienced moulders, for malleable foundry at Amherst, N. S., also experienced metal pattern makers. Apply A. P. Cormier, Royal Hotel, between 5 and 8 p. m.

Extension for Airman.  
(Canadian Press.)  
Ottawa, May 31—The air board will probably extend for one week the period in which applications may be made by ex-members of the Royal Air Force for membership in the Canadian Air Force. This period expired on May 28.

Colloidal Fuel!  
"Colloidal Fuel" is a mixture of oil, finely powdered coal, and a stabilizer which keeps the coal particles from settling in the oil. It was devised to meet naval demands for fuel.

## Chesterfield Suites Of Exquisite Beauty

The living room is the centre of the home—the meeting place of the family at night. It should have the pleasant warm atmosphere that is contributed only by pleasant surroundings and furnishings.

We would like you to call and see our beautiful display of Chesterfield Suites for the living room, and prove for yourself our well-earned reputation of having the finest and most varied selection of Chesterfields in the city and at surprisingly moderate cost.

YOU WILL BE INTERESTED IN OUR WINDOW DISPLAY

J. MARCUS, 30-36 DOCK ST.

## LOCAL NEWS

A PLEASANT OUTING.  
A party of thirteen from the Y. M. C. A. motored on Saturday to Upper Loch Lomond for an outing. They enjoyed swimming and a game of baseball and spent a most pleasant day out of doors, dined at Johnston's hotel and returned to the city about nine in the evening.

ST. MATTHEWS.  
At St. Matthew's church last evening the minister, Rev. H. L. Edmonson, preached an interesting and inspiring sermon, taking as his subject "The Day and the Church." Mr. Edmonson will leave on Tuesday to attend the assembly of the Synod of the Atlantic, substituting for Rev. J. A. MacKinnon.

THIS AFTERNOON'S FIRE.  
An alarm from Box 18 called the city fire department out about two o'clock this afternoon for a fire in the roof of a house in St. Patrick street near Richmond, owned by Lawrence W. McGrath of the city market, occupied by himself and a family named Moore. Considerable damage was done to upper story before the flames were quenched.

BURIED TODAY.  
The funeral of Mrs. Elizabeth Hays was held this afternoon from 248 Bruce street. Rev. R. T. McKim conducted service, and interment was in the Church of England burying ground.

The funeral of Mrs. Catherine Carey was held this afternoon from the Church of the Assumption. The burial service was read by Rev. J. J. Ryan. Four sons were pall-bearers. Interment was in the Holy Cross cemetery. Numerous spiritual and floral offerings were received.

MAY BUILDING WORK.  
The building inspector's report for May shows a falling off in construction work in comparison with the corresponding month last year. The figures for this month aggregating \$17,900, in comparison with \$44,900 last year. However, this year is still ahead of 1919, as the figures show that operations up to the last of May amounted to \$275,500, while last year they reached only \$260,500 during that period.

Permits were granted during the month for the following building operations:  
Mrs. Thomas Longon, 199 Broad street, wooden tenement, \$7,500.  
M. J. Burley, St. George and Watson streets, wooden tenement, \$8,000.  
Mrs. Mary O'Keefe, 30 Clarence street, wooden barn, \$2,200.

Dominion Coal Company, Smythe street, wooden tool shed, \$1,500.  
Bank of Montreal, Sydney and Union streets, remodelled, \$1,500.  
O. H. Warwick, 227 Queen, stable and garage, \$3,500.

THE LATE WILLIAM CAIRNS.  
William Cairns who died suddenly last week passed away from apoplexy. He left home but a short time previously for Boston on a business trip apparently in the best of health. The first intimation his relatives here had of his illness was conveyed by a telegram which was received Tuesday evening last, which said that Mr. Cairns had been taken suddenly ill, but gave no other particulars. A second telegram was received Wednesday morning announcing his death. DeWitt Cairns left immediately for Boston to bring the body home. Upon arrival there he found that his brother had been stricken suddenly with apoplexy and had been taken to St. Elizabeth's hospital, where he died in about twenty-four hours time.

The body was brought home on Saturday night and the funeral was held from the home.

Fredericton, May 31—R. A. McFadden, scaler for the N. B. Railway and Land Co., has returned here after some time in the northern part of the province, where forest fires are raging. He says that he was on the train with refugees from St. John and that they did not assign the fire to forest fires but to boys smoking cigarettes in a barn in the village. He says that fires are not confined to New Brunswick but also are raging in Maine. Friday night at Van Buren mill crews and others had to turn out to fight fire in order to save buildings.

Yesterday afternoon a fire was seen near Indian River, at the head of St. Margaret's Bay, about twenty-two miles from Halifax. Fire Warden Christie and some men from the Lewis Miller Company's mill at Ingonport succeeded in getting it under control last night.

Boys Smoking Cause of Fire?

## FIRE STILL SWEEPS NORTH SHORE SECTION

(Continued from page 1)  
Halifax, May 31—Yesterday morning the fire continued in getting the fire at Selma, seven miles west of Millland Centre, under control, but in the afternoon the strong wind caused the flames to gain headway rapidly. The fire burned throughout the night and the village is still menaced. It was reported yesterday that a fire, ranging about one mile and a half from Millland Centre, destroyed about \$100,000 worth of property. It was reported to be burning South Millland, five miles from Millland Centre.

At noon today word was received that the fire near Burton, on the Milland Railway, had broken out again and was rapidly gaining headway.

Yesterday afternoon a fire was seen near Indian River, at the head of St. Margaret's Bay, about twenty-two miles from Halifax. Fire Warden Christie and some men from the Lewis Miller Company's mill at Ingonport succeeded in getting it under control last night.
