

Report of Women's Visiting and Aid Society.

In scanning our work for the past twelve months, we have much pleasure in reporting increased progress and success. Many new members have been added to our Society. The monthly meetings have been well attended. The visiting has been faithfully continued up to the present time, and many kind friends in the congregation are volunteering assistance.

The subscriptions have been increased materially, and since the object of the Society has been thoroughly understood, we are pleased to state that we have been very kindly received by all, thereby encouraging our members in their efforts to relieve and assist our deserving poor, as well as strengthening and increasing Christian sociality among all.

May we be thankful to Almighty God for His goodness unto us in sustaining us in health and strength, and preserving us an unbroken number at the close of this year, and trusting that the good-will and interest of the congregation will be continued towards us.

During the year 1,934 visits have been made, and 11 families assisted.
