## REMODELLING FURNACES AT GRANBY SMELTER

Two Have Been Completed and  
Are Giving Excellent  
Satisfaction.

Phoenix, April 13.—A. B. W. Hodges, general superintendent of the Granby company, was in town last week on one of his periodical visits to the mines. Mr. Hodges stated that the present condition of the copper market had much to do with the ore shipments, and had a similar effect on many of the large producers in the United States. The Granby management have decided on remodelling the smelter furnaces, two at a time, which cuts the ore requirements down 25 per cent. Ore shipping will be discontinued from the Gold Drop for probably a couple of months, and operations concentrated in other parts of the mines.

At the smelter the remodelling and enlarging of the second furnace was completed, and work on No. 3 and 4 commenced. It will require two months to complete these, when, if copper is still low, said Mr. Hodges, work on another two furnaces will begin, while if the red metal should go up in price, the balance of the battery will be remodelled one at a time. When six furnaces are enlarged they will have the same capacity as the entire battery of eight formerly had.

Referring to the two furnaces already completed, Mr. Hodges said they were giving excellent satisfaction. While the tonnage treated at the smelter is largely Granby ore, which is self-fluxing, the smelter has been receiving shipments from a number of small producers.

At Granby mines shipping has been discontinued from the Gold Drop, one of the four outlets of the big producer. A large force is now at work in other parts of the property, and the output at the Victoria shaft, No. 2 and 3 tunnels are being increased to meet the present requirements of the smelter. The cessation at the Gold Drop will last for about six weeks or two months. The C. P. R., which carried all the ore from the Gold Drop will now carry an increased tonnage from the Victoria shaft. It is the intention to operate regularly every Sunday in future.

## DIES AFTER FALL FROM STREET CAR

Recent Arrival in Terminal  
City Succumbs to His  
Injuries.

Vancouver, April 13.—George Bennett, a man who only arrived here recently from Field, B. C., fell and struck his head as he alighted from a street car at the corner of Hornby and Robson streets on Saturday night. He was taken to his room in the Temperance hotel on Water street, and did not seem to be suffering from any serious shock. J. Higinbotham, a man who was sleeping next to him, went to Bennett's room on Sunday morning to inquire how he was getting on after the accident. He did not receive any response when he knocked, and when he entered the room he could not wake the man. He then notified the proprietor of the house and he in turn called the police, who found that the man was dead. Bennett was a construction foreman on the C. P. R. tracks at Field, and was 32 years old. An inquest was held last night, the jury after listening to the evidence, returning a verdict that death was caused by a compression of the brain, due to the rupture of an artery, which had been caused by his jumping off a car. No blame was attached to either the conductor or motorman of the car.

## DEATH OF MRS. ALLEN.

Wife of Member of City Police Force  
Passed Away Tuesday Evening.

Mrs. Allen, the wife of W. B. Allen, jailor at the city police station, died Tuesday night about six o'clock at the residence, 49 Niagara street, after a illness of several days. The deceased lady had for some days before her illness been nursing her sister, who was suffering from pleurisy and pneumonia. Mrs. Allen contracted the illness, and although attended by a medical man continually succumbed Tuesday night after a week's illness. She was a native of Cornwall, England, and was highly respected by her many acquaintances.

## BOSTON WINS.

Boston, April 14.—The home team won the game to-day from the Philadelphia Nationals by a score of 5 to 3. Ferguson and Mattson were in the box for Boston and Smith behind the plate. Covalet, Moran and Doolin composed the visitors' battery. The score was:

Boston ..... R. H. E.  
Philadelphia ..... 3 16 3

Refund after 10 days trial if it is not satisfactory.

**"Buco"**  
Hand Cultivator  
Bailey-Underwood Company, Ltd.  
New Glasgow, N.S., Canada.

## ACCIDENT IN LOGGING CAMP.

Man Falls From Boom and is Crushed  
Between Logs.

Comox, April 12.—A serious accident occurred at Little River logging camp on Wednesday, when one of the men working on a boom fell and was caught between two of the logs. The man's chest was badly crushed.

A cook house recently erected at Little River, has been demolished by a falling tree.

The gasoline tug Lethea, from Vancouver, is working for the Fraser river camp, and will take a load of rails up the river.

## BIG INCREASE IN BOUNDARY OUTPUT

Shipments for First Three  
Months of Year Total  
136,979 Tons.

Phoenix, April 13.—The ore shipments from Boundary mines for the first three months of the year show an increase of 136,979 tons, or about 50 per cent. over those of 1908.

During the past three months the Boundary mines' shipments totaled 40,560 tons as follows: Granby, 240, 218 tons; Mother Lode, 13,001 tons; Oro Denoro, 1,503 tons; Snowshoe, 46,770 tons.

The Granby shipments show a slight falling off this year as a result of the improvements going on at the smelter not allowing of the same consumption of ore as was treated last year. During the first three months of 1909 Granby tonnage was as follows: January, 15,544; February, 22,745; March, 30,321; a total of 240,236 tons, as compared with 264,531 tons during the same period in 1908.

The Granby mine shipments during the first five months last year represented practically the entire ore output of the Boundary, so that the shipments of the Mother Lode, Oro Denoro and Snowshoe mines more than account for the increased tonnage this year.

## BUYS SAWMILL AND TIMBER LIMITS

Deal Involving \$3,750 Has Been  
Completed at Abbotsford.

New Westminster, April 13.—One of the largest deals in the lumber business that have taken place in the Fraser valley for many months was completed at Abbotsford last week when the sawmill and timber limits of the Abbotsford Lumber Company were sold for \$3,750.

About ten years ago with a small mill close to the town, but a year ago they built a large new mill on Abbotsford lake about a mile away, and also acquired valuable timber limits close to the sawmill. A branch line of railway was also built from the Canadian Pacific line to the sawmill.

The purchasers of the property are Messrs. Arthur J. Tretheway, formerly of Harrison lake, and the payment of \$3,000 was made when the deal was closed, and it is expected that the new owners will take over the property within a few days.

## REV. A. J. COLLINSON IN RUNAWAY MISHAP

Horse Bolts and Buggy is  
Smashed—Gordon Head  
Notes.

(Special Correspondence.)  
Gordon Head, April 14.—On Monday evening a social dance was held in the Cedar Hill Temperance hall. About twenty-five campers were present and the music and food being excellent, a very enjoyable evening was spent.

Campers are to commence the work of enlarging the Temperance hall on Thursday. This will be a big improvement, as often there is scarcely standing room in the hall. The Five Hundred Club intend to hold a dance shortly after the hall is altered.

A petition has been sent to the Sancho municipal council against the demolishing of Mt. Tolmie, which is regarded as one of the beauty spots of the neighborhood and a great attraction to tourists. It is hoped that some action will be taken by the council to preserve the hill.

Among the new arrivals in Gordon Head are Dr. and Miss Carson and Mr. and Mrs. Morton, late of Winnipeg.

Rev. R. W. Collins, pastor of St. Aidan's church, Cedar Hill, left for Seattle by the Princess Charlotte on Monday afternoon, holding a letter of introduction to the city.

On Sunday evening at Rev. A. J. Collinson was driving from Lake District, after having conducted service there, his horse took fright and ran away, breaking the truck to pieces. Mr. Collinson was thrown, but beyond some slight bruises on his head and face, was uninjured.

## RAIN PREVENTS BALL GAME.

Philadelphia, April 14.—The game scheduled for this city this afternoon between the Boston and Philadelphia "merican" teams was postponed on account of rain.

## THE HOME PHYSICIAN

SOME HINTS TO KEEP PEOPLE  
WELL.

Ninety-nine per cent. of the ordinary sicknesses are caused by the bowels, the kidneys or the skin.

As you know, these organs are the great purifiers of the human system. They filter impurities from the blood and pass them from the body. If the kidneys, bowels or skin weaken or get tired out or fail to do their regular work—then the blood becomes laden with impurities and poisons. If it be the fault of the kidneys, then the skin is overworked in its efforts to throw off the excess of urea or waste matter. The glands become inflamed and enlarged—pimples break out—and there may be a rash or eczema of the skin.

If it is the fault of the skin, then the kidneys are strained by overwork and there is constant pain in the back, dizziness, neuralgia, headaches and rheumatism. If it be the fault of the bowels, the blood is poisoned, the skin and kidneys weakened, the stomach upset—and, of course, there is Constipation and Bilelessness.

How easy it is, then, to be free of all these troubles!

"Fruit-a-tives" is not merely a remedy for any one of these troubles, but a cure for all. "Fruit-a-tives" act on the skin, the liver and the kidneys. "Fruit-a-tives" keeps all these great organs well and strong, and thus insures the blood being always pure and rich. With "Fruit-a-tives" in the house, you need not be afraid of not feeling well, you need not have a day's sickness. Fifty cents a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

## FARMERS' INSTITUTE MEETING TO-MORROW

Social Gathering Will Be Held  
at Cedar Hill.

Gordon Head, April 13.—A supplementary social meeting of the Victoria Farmers' Institute will be held in the Temperance hall, Cedar Hill, on Thursday at 8 p. m. Mrs. Taylor, of Hill Island, will give an address on "Domestic Science." A short musical programme will also be given.

George F. Watson is erecting a fine stone dwelling on his property in Gordon Head. Mr. Cameron, who recently purchased Mr. Beibek's fruit ranch in Gordon Head, has arrived from Winnipeg and is now residing in his new home.

The engagement of Miss I. A. Laing, of Mount Tolmie, and Mr. C. F. Dawson, of Victoria, and late of Manchester, Eng., has recently been announced.

## SHOOTS WIFE WHILE SHE LIES ASLEEP

Murderer Then Sends Bullet  
Through His Own  
Head.

Kansas City, April 14.—Slipping stealthily into his home at Rosedale, a suburb of this city, at an early hour this morning, Frank Williams shot and killed his wife as she lay sleeping in her bed, then sent a bullet into his own brain.

Fearing violence on the part of her husband, with whom she has been having trouble, Mrs. Williams had recently carried a revolver with her during the day, and kept it beneath her pillow at night. A daughter, Mrs. James Goodell, and her husband, who were living with Mrs. Williams, were also armed in anticipation of an attack.

Williams succeeded in gaining an entrance to the house while the occupants slept, and making his way to his wife's room, shot her as she lay asleep.

## RUSSIANS MURDER FOREMAN.

St. Petersburg, April 13.—Max Johnston, the foreman of an English factory in St. Petersburg, was murdered yesterday by a Russian in his employ. The woman was dissatisfied with the Easter gratuities given them by Johnston. They pinned him to the ground with a heavy bobbin and beat him to death with ropes.

## STAVE LAKE POWER SCHEME.

Vancouver, April 13.—C. H. Cahan, representative of the eastern Canadian capitalists who have underwritten the bonds of the Stave Lake Power Company to the extent of \$2,500,000, arrived in Vancouver this afternoon.

## ANOTHER ADVANCE IN PRICE OF FLOUR

Winnipeg, Man., April 14.—Prices of all grades of flour in Western Canada have advanced twice within the past 48 hours, making the total increase 20 cents per hundred weight. The millers say the high price of wheat is the cause of the flour advance.

## MINING ENGINEERS.

American Institute Will Meet in Seattle  
This Year.

R. W. Raymond, of New York, secretary of the American Institute of Mining Engineers, has sent out circular letters announcing that the institute will meet in Seattle on October 2nd, 1909, in time to enjoy the Alaska-Yukon-Pacific exposition. The institute numbers among its members the leading mining men. Only a few years ago it met in Victoria.

A special train will leave Chicago on September 23rd, with the Eastern members. The party will consist of at least 100 persons.

Some seven and a half million names appear on the current lists of voters for the United Kingdom.

## SURVEYORS WILL GO NORTH NEXT MONTH

Big Work in Delimiting  
Boundary Before Forces  
This Summer.

Vancouver, April 13.—The advance guard of the Dominion government survey forces, which will this summer resume the work of delimiting the international line between Canada and the United States, reached Vancouver yesterday in the person of Frederick Lambert, of Ottawa. Mr. Lambert will have charge of a party of seventeen men which will devote all summer to locating a portion of the 141st meridian which constitutes the boundary from a base line at Mount St. Eliza due north to the Arctic ocean. He has secured all the men he requires, having re-engaged virtually only individuals who had served with survey parties in former years. The expedition will leave here for Skagway about May 15th. It will be followed a few weeks later by other survey parties which will be engaged in the region between the head of Portland Canal and White Horse, as well as farther north in Alaska-Yukon territory. Last season he acted as assistant to A. J. Brabazon in the region now about to be revisited.

To reach the scene of his labors will involve an overland trip of 200 miles from Vancouver to the head of White Horse. From this base line he will work south for a distance of about eighteen miles through a country abounding with glaciers and snow-covered peaks. So rough is the journey that every one must be prepared to travel on foot. Mr. Lambert, who in all probability it will not be charted as it is a region of perpetual snow and ice never penetrated by man, and is the home of grizzlies and polar bears.

This task accomplished, Mr. Lambert's party will then return to the head of White Horse and establish monuments along the meridian line for a distance of seventy miles north, traversing an open, rolling country.

He will act jointly this season with Thomas Riggs, Jr., of Washington, who will have charge of a United States government party.

## ANGLICAN CHURCH TO BE BUILT AT NEW ALBERNI

Committee Now Has Matter in  
Hand—Two Lots  
Donated.

Alberni, April 13.—At a meeting of members of the Church of England, resident in New Alberni, held in the school house, the project of a church building was discussed. There was a large attendance, and it was the unanimous opinion of the gathering that the time had arrived when a move in the direction of constructing a church building should be made.

A committee was appointed to inquire into the cost of a suitable building and devise means of raising the money was appointed as follows: George H. Bird, O. Carvell, R. F. Blaney, Mrs. J. MacIntyre, Mrs. J. B. Rands, and Mr. Barrington. Two lots have been donated by the Alberni Land Company.

## HIT BY AUTOMOBILE.

Vancouver, April 13.—An elderly man named David Robertson, who arrived here recently from Glasgow, Scotland, was knocked down this morning on Granville street by an automobile owned by J. A. Crowe. He was badly cut about the head and one hand, and for a time rendered unconscious.

## BREAD WILL GO UP AT VANCOUVER

Advances in Flour Will Result  
in Increase in  
Price.

Vancouver, April 14.—One of the leading bakers in the city stated this afternoon that it would be impossible for bakers turning out a five cent loaf of bread to keep their business on this basis, in view of the phenomenal rise in the price of flour in the last forty-eight hours. He states that on Monday evening the bakers were notified of an advance of 20 cents a barrel. Yesterday evening another advance of 20 cents was made and notification given that another advance would probably be made shortly. Official notification of this latter rise was given to-day, making the price \$7.47. At the advanced price it will be impossible to sell loaves of the weight demanded by the civic by-law at five cents.

## TRUST COMPANIES REPORTS.

Albany, N. Y., April 13.—An increase of \$267,753.10 in deposits and \$28,741 in deposits of eighty-seven trust companies of the state from November 27th to March 24th last is shown in reports made to the Albany state department. The total resources on March 24th were \$1,540,430,110, and the total deposits were \$1,233,641,561. The aggregate loans made by trust companies on collateral on March 24th were \$658,573,690, an increase of \$33,505,063. Holdings of specie were \$125,173,776.

A letter carrier named Andrew Bird, while on his rounds Wednesday found four chickens under the sidewalk on Pembroke street. The chickens were tied in a sack and had evidently been left under the sidewalk by some person who secured them. Mr. Bird telephoned to the police station and a constable was detailed to locate the chickens. He returned with them to the police station, where they are now located awaiting an owner to claim them. The police believe some person had designs on a local fowl yard and secured the plunder only to find some obstruction in the way of carrying them off.

## ENGLISH PLAYERS AND ASSOCIATION AT WAR

Dispute May Result in the Post-  
ponement of Final for  
Cup.

London, April 14.—War has been declared between the Professional Football Players' union and the Football Association and to-day the prospects of the time honored final for the English cup being played as scheduled on April 24th, appears very slight.

All sports in the United Kingdom are managed by their different governing bodies, on particularly autocratic lines. The Football association is the despot of the game. The clubs are divided into numerous leagues, but one association. In an effort to equalize the large and small clubs the association recently laid down some rules which gave the players great offence. They organized a union, which is now 140 strong and have announced that they will fight to the finish for their rights.

Among the obnoxious rules is one providing that no player shall receive more than \$20 weekly salary. In the case of the sale of a player he is allowed only removal expenses, not exceeding \$50, although the prices paid for transfers sometimes runs as high as \$7,000.

## EXAMINATION OF MEDICAL CANDIDATES

Proposal to Introduce One  
Standard in Western  
Provinces.

Winnipeg, April 14.—The executives of the Royal College of Surgeons and Physicians of the three prairie provinces will meet a delegation of British Columbia colleges in Vancouver shortly to discuss a high standard of qualifications for this profession in the West. The examining boards are to be appointed at the chief centres to examine candidates for licenses as the every one must be prepared to travel on foot. Mr. Lambert, who in all probability it will not be charted as it is a region of perpetual snow and ice never penetrated by man, and is the home of grizzlies and polar bears.

The Manitoba delegates are: Dr. Chown, dean of the Medical College; Dr. Milroy and Dr. Patterson; Alberta, Dr. Brett, of Banff, and Dr. Kennedy, of McLeod.

## EASTER ENTERTAINMENT PROVES SUCCESS

Varied Programme Presented  
in Agricultural Hall at  
Duncan.

Duncan, April 14.—The annual Easter entertainment was given by the ladies of St. Peter's in the Agricultural hall on Monday night to a good sized audience. Mr. Hayward made an excellent chairman. The programme consisted of selections by a local orchestra, Mrs. Prevost, piano; Mrs. Morten, violin; G. O. Day, violin; songs by Miss Barbara Mainey of Chemainus, Mr. Henslowe, Mr. Lindell, and Mr. Barrington. Footlights Island, Mr. Barrington-Footle made a decided hit with his comic songs. The musical part of the programme was followed by a clever one-act play entitled "Doddie's Patent," which was written by Mr. Cripps. The parts were taken by Miss Stevens, Miss Grace Stevens, Mr. Cripps and Mr. Smith. The patent was a plan to induce a young man's fiancée to break her engagement to him. The parts were well taken, particularly that played by Miss Stevens. The play was followed by supper and a dance.

An interesting tournament is being held at the Somerset house golf links. The senior local basketball team was beaten by the senior Shamrocks of Victoria in the Agricultural hall on Saturday evening, and juniors of Duncan were defeated by the junior team of the Victoria Shamrocks.

Mrs. Griesbach of Duncan, is spending a fortnight at Harrison Hot Springs.

Miss Maez Duncan, who has been attending the Normal school in Vancouver, is at home for the Easter vacation. Miss Duncan is taking a year's training in the Normal school, and her course will be finished in June.

Miss Morley, of Victoria, is visiting Miss Duncan.

Miss Wilson is spending the holiday on Kuper Island.

Miss Maude Wilson is expected home next month from a year's visit in England.

Mr. and Mrs. Walker of Tzouhalem, Miss Staunton and Miss Baetzle will leave early next month on a visit to England.
