

THE RAILWAY MEETING.

If the meeting on Saturday night will advance Mr. Heine's cause with the Dominion government, the Times will not feel much regret...

The resolutions will not have any effect during the present session, which will terminate within a day or two...

This, of course, is to be regretted. He had hoped that the Dominion government would have been able to devise means for the extension of the Crow's Nest Pass line...

The history of the Const-Kootenay and the Columbia & Western, and the charter-mongering attempts of their promoters...

HOW THE U. S. EXPANDED.

The proposed annexation of Hawaii by the United States recalls six former territorial acquisitions by our neighbors...

FORT FRANCOIS LOCK.

The Winnipeg Free Press observes: "Buried away in a list of other supplementary items is an appropriation of \$25,000 for the construction of the Fort Francis lock."

It was clearly "meritless destiny," as an American paper states, that all the territory thus purchased, with the exception of Alaska, should be eventually absorbed by the United States.

There are few points of comparison between these purchases and the propos-

ed annexation of Hawaii, except, perhaps, in the case of Texas, and then the similarity is but slight.

MR. SPEAKER'S POSITION.

Hon. Mr. Higgins has furnished a safe point for controversial treatment by announcing his want of confidence in the Turner government.

"Hon. Mr. Higgins, speaker of the provincial legislature, who is at present in Rossland, was interviewed yesterday regarding his attitude towards the Turner government."

Both the Rossland papers adopt Mr. Higgins' view of the case, the Miner saying: "Some of the Victoria papers seem to have forgotten that Speaker Higgins was elected long before the Turner government came into power."

Barney Barnato when in life must have been perfectly ignorant of the vast size of his father's family.

THIRTY YEARS OLD.

To-day the Dominion of Canada completes its thirtieth year, and the anniversary may incline the people to "take stock" of the three decades of life.

THE TRADE OF PALESTINE.

Consular reports are always revealing something that cause surprise, but one recently sent from Palestine is more than usually provocative of that emotion.

SALES TALK.

With Hood's Sarsaparilla, "Sales Talk," and show that this medicine has enjoyed public confidence and patronage to a greater extent than according to any other proprietary medicine.

THE PLAGUE IN CHINA.

The Hongkong Daily Press says: "Bombay, like Hongkong, was taboed with the greatest rigor, and in some ports even cargo was shut out for fear of contamination."

In an article welcoming Mr. Laurier to England, the London Daily Mail says: "It should be remembered, too, that Mr. Wilfrid Laurier enjoys a power and popularity in Canada, which, fresh though both be, have never been paralleled in the history of the Dominion."

ENTERPRISE IN AFRICA.

It is becoming more and more an open question whether American ingenuity is in the language of the poet, "what it's cracked up to be," as a remote instance as Africa's coral strand."

AUSTRIA'S FIGHTING POWER.

The London Spectator does not agree with those who regard the Austrian empire as a negligible quantity in the affairs of Europe.

THE BRITISH NILE CAMPAIGN.

The special correspondent of the London Daily News does not believe that any very serious operations against the Khartoum garrison will be attempted.

MALAYS RULED BY A SCOTSMAN.

The Coco-Keeling Islands are a group of coral specks in the Indian Ocean, five hundred miles south of Java, and attached to the Straits Settlements.

with that autonomy, or else the right of ratifying them by means of its own parliament. Mr. Davies, who is a lawyer, added a separate and independent plea to his defence.

The campaign in the Spanish Netherlands lasted forty-two years. Then followed the thirty years' war in Europe, ending in the peace of Westphalia.

most convincing paper that Russia must conquer Austria first, or she might find herself being at least the equals of the Russian."

WAR'S GROWING SHORTEER.

With the exception of the Franco-Prussian war, the greatest war which Europe has seen since the days of Napoleon was the Crimean war, which took place more than forty years ago.
