A Miner Arrives From the Far Away Minook District.

Steamer Tees, Captain Gosse, returned from Lynn canal this morning with a shipload of Klondikers—there were 120 in all—and treasure to the tune of \$800,000.

The miners came up to White Horse from Dawson on the river steamer Bonanza King, Canadian and Ora, which reached the Canyon about eight days ago.

The party to reach Skagway from the trio of steamers, most of whom took passage southward on the Tees, brought out collectively, the greatest amount of wealth that has passed through Skagway this year at any one time.

The most conspicuous packages of gold brought down by the Tees were those of W. W. Hayward, the ex-police sergeant of Vancouver, who about two years ago left the Terminal City to seek the fortune he latterly found in the Klondike district.

Mr. Hayward's claim on Skagway was on a pole. At \$16 an ounce the contents of the old valise are worth \$46,000 odd. This dust was taken from Mr. Hayward's claim on Skagway.

Chinese Immigration

Premier Laurier Will To-Day Announce the Policy of the Government.

It Is Expected That the Poll Tax on Celestials Will Be Increased.

Ottawa, July 3.—Premier Laurier will likely announce this afternoon what the government intend doing in regard to Chinese immigration.

The matter has been under the consideration of the government and it is more than likely that the Premier will announce to-day, or at any rate at a very early date, that the tax will be increased to meet the views of the laboring classes on the Pacific coast.

The miners bring more details of the great stampede from Dawson and vicinity to Cape Nome, which was reported by those who arrived by the Seattle and published last Friday.

The stampede raced to the new land of gold at the signal of three men direct from the camp. The trio had left Cape Nome in the spring, travelled over the ice from St. Michael to a point as near as could be learned between Maupok and Circle City, where they boarded a steamer and continued their journey to Dawson, arriving about June 10.

Three river steamers, the Columbia Navigation Co.'s Sovereign, the Mary E. Graff, formerly of the famous Moran fleet, and the Arnold, all crowded with Cape Nome stampedees, left Dawson between June 12 and 14.

The stampede was still in progress when the Canadian left Dawson on June 20th, bidding fair to relieve the Klondike of some of her surplus population.

DOMINION DAY SPORTS IN VANCOUVER.

Vancouver, July 2.—(Special.)—This has been a day of the most successful celebration ever held in the Terminal City and it is satisfactory to report that everything passed off without a hitch.

Nanaimo, New Westminster and the South cities thronged the streets and patronised every class of sport provided by the First Battalion, Fifth Regiment, from the Capital, received a splendid ovation and looked in excellent trim.

The lacrosse match drew an immense throng, the "game" amounting to \$1,200. The result was a surprise even to Vancouver, and can be accounted for only by the fact that the Terminal City boys developed extraordinarily good combination play.

The aquatic events made up for Victoria's ill success in other branches of sport. However, and the J.B.A.A. arrangements received a well deserved ovation.

The annual meeting of the N.P.A.A.O. was held in the evening. Officers were elected as follows: President, G. L. Cleland; Vice-president, J. Stuart Taylor; Secretary-treasurer, H. W. Kent; Vancouver, Messrs. H. D. Heinke and A. J. Dallan.

At Hastings park the horse races drew a big crowd, and the Victoria horses did well. Jack Atkins was first in the three-quarter mile dash, Boss taking the second place in the five-eighths and repeat. "Bully" Stevenson sold both horses just before he boarded the boat for Victoria.

A strong wind prevailed at Wellington on Saturday afternoon, making fast time impossible. Chapman and Cotter proved invincible, and captured either individually or together the greater part of the prizes. He caught a dog on the track, and ejected without a word.

The sleep Kora, which is to sail tomorrow on her globe circling cruise with Messrs. Percy McCord, J. C. Voss and another Victorian as her ship's company, cleared at the customs house this afternoon for Callao. It was intended to clear for Paris, but the French capital not being on the sea, this could not be done.

A Touching Scene—The Situation Explained to the Artillery Captain.

Paris, July 3.—As an outcome of the government's prudence all France remains tranquil. MM. Demange and Labori, with M. Mathieu Dreyfus and wife, arrived last evening at Rennes. The town is quiet.

He is credited, on good authority, with saying "My condemnation and sentence were the symbol of anti-Jewish feeling. My judges were involuntarily deceived. May my undeserved expiation put an end to all racial and religious feuds in the army, and in that France which I have passionately loved and served."

Interview With the Prisoner. Rennes, July 3.—MM. Labori and Demange, counsel for Dreyfus, who had a long conference with Madame Dreyfus yesterday, visited Dreyfus in prison this morning.

Demange and Labori were both greatly impressed by the appearance of Dreyfus. They declare that both physically and mentally he is much better in health than they anticipated.

Demange then presented M. Labori, who had been a silent spectator of the foregoing scene. Dreyfus clasped M. Labori's hand and in a voice choked by emotion, expressed his gratitude for the splendid manner in which Labori had championed his cause.
