CLEANINGS OF CITY A- PROVINCIAL IN A CONDENSED FORM.

The Natural History Society held a well-attended meeting at the parliament building, Monday evening, when a paper was read by E. A. Wallace on "Edible Fungi." The paper was of the most interesting character, and contained much information of a valuable character.

Paul Anderson, alias "The Long Swede," a longshoreman who has been around Seattle for the past fifteen years, is supposed to be the man who made the sensational escape from the ship in which eleven Chinamen were taken to Seattle early on Thursday morning. He has been arrested and now awaits trial.

In the march of civic improvements the council has decided on removing, or having removed, a lot more old shacks. The buildings are located upon subdivided lots 5 and 6, lot 618-19, Government street, and numbered 103, and on lot 414, block G, Government street, and numbered 192, and on lot 584, corner Government and Cormorant streets.

A concert and dance will be given on Monday evening, the 27th, at the A. O. U. W. hall, under the auspices of the Ancient Order of United Workmen. The entertainment will commence at 8 o'clock. The hall decorations are in the hands of A. Bellinger, who intends introducing some striking and novel features. All attending are assured a pleasant time.

The Epworth League of the Metropolitan Methodist church held a business session on Monday, which was opened by devotional exercises. Among other business of importance transacted was the resignation of Mrs. F. W. Lester, from the fourth vice-presidency, to which she was recently elected, and the unanimous appointment by the league of Mrs. H. J. Knott to the vacancy.

The case against F. W. Lester, which has been before the court for months past, has at last come to an end. It was brought up on Tuesday, and as the counsel for the prosecution withdrew the charge the case was dismissed. Lester was charged with operating the Tourist Association's steam launch Manzanilla between the city and the Gorge without the necessary certificate required under the Dominion Steamboat Inspection Act.

A meeting of the Esquimalt Electoral District Liberal Association was held at Colwood on April 23th. John Brown was elected president, J. A. Fraser vice-president and Albert Vale secretary. A committee of five was appointed to draw up a constitution and by-laws. The payment of 25 cents per member was decided upon. The association has nine members joined the association. The next meeting was fixed for the second Friday of June next.

The detectives' department has received from Mrs. M. F. Pollard, of 1916 I street, Sacramento, Cal., an inquiry as to the whereabouts of Mrs. Jennie Brown, who was last heard from about a year ago—was living in Elko, British Columbia. Mrs. Pollard is Mrs. Brown's mother. Miss H. Steele, of Atlantic city, wants to find out who has become of Sydney Dickinson, a young Englishman who she says came to this city some time ago. When she last heard from him he was trying to get work on one of the China steamers.

The Epworth League of the James Bay Methodist church held its annual meeting on Monday. The reports of the retiring officers showed the league to be in a prosperous condition. The election of officers resulted as follows: President, C. Gilbert; vice-president, (Christian Endeavor department), Miss F. Winkie; vice-president (missionary department), Miss A. Morse; vice-president (literary department), Miss V. G. Boney; vice-president (social department), Miss H. Emery; secretary, H. Schroeder; treasurer, Fred Ward; treasurer (foreign missionary department), T. Gawley.

The home of Mr. John Carmichael was the scene of a pretty wedding on Tuesday, when Mr. George Lewis, of the B. C. Electric Railway Company, was united in marriage to Miss Margaret McLean, second daughter of Mr. John Carmichael, of Orchard street. The ceremony was conducted by Rev. Dr. Campbell, of the First Presbyterian church. Mr. Robert Coulson supported the bridegroom and Miss Beatrice Wilson was the bridesmaid. The bride looked charming in a white organdie dress. She carried a bouquet of white carnations, while the bridesmaid, who was dressed in brown with white silk and lace trimmings, carried a bouquet of pink carnations. The bride was the recipient of a beautiful gold chain bracelet, and the bridesmaid received a pearl ring from the bridegroom. The popularity of the young couple was made evident by the numerous useful presents. A wedding breakfast was served immediately after the ceremony. Mr. and Mrs. Lewis left for the Sound cities Tuesday morning, and will reside on Fourth street on their return to the city.

Large crowds continue to attend the entertainments given at the Edison theatre, Yates street. This week's programme is even better than that of last. It is particularly adapted for ladies and children. Leonard and Drake in their neat society suit entitled "A New York Chapter," seem to have struck the exact kind of amusement the theatre-goers of Victoria appreciate. Ragtime Kelly, buck and wing dancer, in his coon make-up, is the best Victorian has seen for a long time. Jacques Lyons, in that poetic illustration of "Little Boats Should Keep Near Shore," was enthusiastically applauded. Jas. Grant, the lightning artist, introduced something novel in the line of painting last night. He paints on glass from the back and gives the picture away to each lady holding the winning number. The

moving pictures are exceptionally good. Each day a number of school children are given free tickets for the matinees. It is the intention of the management to give the children of the Orphans' Home free tickets in the near future, also providing special means of transportation to and from the home free of charge.

The total clearings at the Victoria clearing house for the week ending 21st April, 1903, were \$635,004.

The reached on Pandora street, from Blanchard to Douglas is being overhauled by the B. C. Tramway Company. A large number of men are at work.

At the regular session on Wednesday night of Victoria Aerie No. 12, Dr. Burns, state department, grand president of Washington, U.S.A., will be present on an official visit.

John Haggerty, who has the contract for the building of the new brick block for Messrs. Westcott Bros., on Yates street, east of the Dawson hotel, has commenced operations by blasting the rock to make ready for the foundation.

At next Monday evening's meeting of the Young People's Guild of St. Andrew's Presbyterian church, R. E. Gossnell will give an illustrated lecture on the coronation, commencing at 8 o'clock in the lecture room of the church.

Word was received from Vancouver on Tuesday of the death there of Capt. J. M. Campbell, who was well known in Victoria, having resided here for many years. The remains will be brought here for burial. The funeral will probably take place from Calvary Baptist church on Friday afternoon.

The closing ball to be given by Mrs. Dickinson and Mrs. Simpson's dancing class on May 1st will no doubt be one of the most popular social events of the season, judging from the arrangements now being made. An orchestra of eight pieces, under the leadership of Mr. Finn, will furnish the music. The proceeds of the ball will go to the Protestant Orphans' Home.

The funeral of the late Capt. Chas. Towns took place Wednesday from the residence of Capt. Scott, Princess avenue, and at St. John's church at 11 o'clock. Rev. P. Jones, M.A., conducted the services. Many beautiful floral tributes were presented, and the following acted as pallbearers: Messrs. A. Graham, J. Griffiths, and Captains Wm. Scott and Thomas Harman.

The ninth annual Primrose ball was given on Tuesday at the A. O. U. W. hall under the auspices of the Companions of the Forest. There was a good attendance, and, being favored with excellent music and a first class floor, the dances enjoyed themselves thoroughly. About midnight supper was served and some time in the small hours the company dispersed.

R. E. Gossnell, secretary of the immigration department, has a number of applications from persons seeking employment as farm hands, and would like to have those in need of such help to send their addresses with kind of labor to be performed and the wages paid. A number of those making applications are from Great Britain, and have had experience as practical farmers, and can be recommended as such.

The remains of the late Solomon Dean were laid at rest Tuesday. The funeral took place in the afternoon from the residence of his son-in-law, R. F. John, Topaz avenue, thence by train to the South Saanich cemetery. Members of Vancouver Lodge No. 5, A. O. U. W., attended in a body. The following acted as pallbearers: Messrs. V. Lane, Thos. Mitchell, Geo. Wynn, E. Johns, J. D. Bryant and J. J. Key.

Bandmaster Finn is making arrangements for the strengthening of the Fifth Regiment band by the acquisition of several new musicians. Among them is James Allan, solo oboist in the famed Kilkie's band, who has written Mr. Finn that he desires to reside permanently in Victoria. He will arrive about the third week in June. Malcolm McGregor, the solo euphonium player, has decided to remain in this city. Another performer who will be added to the regimental band is H. C. Micking, solo cornetist, who will make his first appearance here in the 24th of May concerts. Mr. Finn is also in communication with G. K. Peele, of New Westminster, who is a splendid bass player. He is a brother of Stanley Peele, the well-known lacrosse player.

According to an advertisement in the daily press, alluded to more than once, the time in which appeals against the sewer rental and sewer construction tax expires on Saturday next. Under the provisions of the Sewer By-law, 1902, the roll for the year 1903 has been prepared, showing the owner and occupier, of lots and real property fronting upon each branch, main, or common sewer, or drain laid in the city of Victoria, and showing the number of feet frontage of the land of each owner or occupier, and also giving the amount each one is assessed in respect to sewer rental and sewer connection, tax, which are to be paid according to the said by-law. Any person dissatisfied with the amount of feet frontage with which he is assessed upon his roll, whether upon the ground that the measurement is incorrect, or that the land and real property are not liable to taxation or are inequitably assessed under the provisions of this by-law, may petition the council for an alteration in such roll, and shall state his grounds for requiring an alteration.

J. C. Knight, of the Washington State University, is in the city in the interests of a coast inter-collegiate regatta to be held on Lake Union about the beginning of June. He desires to secure one of the J. B. A. A. last year's regatta, which was held at the University of California at Berkeley. It is quite likely that the regatta will take place in the regatta, while in return the Washington people will send a four over to compete in the

club regatta here. Mr. Knight will coach the Seattle four. The university are given free tickets for the matinees. There has just begun to take up rowing, and hopes to turn out some good oarsmen.

Mr. Jos. Lewis Madden and Miss Louise Johnson were married Monday morning at St. Andrew's R. C. cathedral by Rev. Father Laterne. Mr. Jos. Penketh supported the groom and Miss Bloume Johnson was bridesmaid.

Those desiring to take advantage of Rabbi Cohen's course of lectures are requested to leave their names with Mr. Cohen or at the Times office at once. The course, if sufficient avail themselves of it to carry out the plan, will begin in a few days.

The Y. M. C. A. hope to put a lacrosse team into the field this season. A meeting will be held at the Y. M. C. A. rooms at 8 p. m. on Friday for the purpose of organization. All interested are cordially invited.

A cable to the Toronto News from London says: "It is rumored that the Canadian Pacific Railway Company are going to put on the London market fresh British Columbia salmon, shipped in cold storage. The demand is increasing in England for this article. The price now is sixty cents per pound."

The death of John Duncan Manson occurred yesterday at his home at No. 51 Third street. He was born at Millbank Sound, B. C., and was 68 years of age. He leaves a widow, one son and two daughters to mourn his loss. Rev. P. Westman will officiate at the funeral, which takes place to-morrow morning at 10.15 o'clock.

A sacred concert will be held in the First Presbyterian church on Wednesday next, when the choir, assisted by well known local talent, will render selections from "Judas Maccabeus," and Gounod's "Galilee." The solos will be taken by Mrs. Stanstead, Mrs. Grogan, Mr. and Mrs. Gideon Hicks, Mrs. Wadlington, Mr. Cave and Mr. Longfield.

William Jones, who escaped from the provincial jail at New Westminster on the 30th of March, was recaptured at Vancouver a few days after and confined in the city lock-up and again made his escape through a ventilator, has been brought back to the New Westminster jail by superintendent of the provincial police, F. S. Hussey. Jones was captured by the sheriff of Snohomish county at Everett, and the reward of \$100 will be paid to the sheriff by Superintendent Hussey. Charles Clark is still at large.

On Tuesday Mayor McCandless, accompanied by Joshua Davies and Wm. Humphreys, members of the board of directors, paid an official visit to the judges' hospice. The institution has been thoroughly inspected and found to be in splendid order. Mayor McCandless pays a high tribute to the excellent way in which the hospital is maintained, reflecting much credit on those directly responsible and the chairman who interest themselves in everything which pertains to the institution's welfare. Special reference was made to the very satisfactory condition of the accounts.

Dr. Mahor, of Vancouver, who is Joseph Martin's physician, expected to arrive Wednesday from the Terminal City, when he will consult with Dr. Duncan in regard to the advisability of amputation. Mr. Martin is doing well, but his medical advisers incline to the opinion that a resort to the extreme step contemplated would insure a more rapid recovery than by awaiting the slower process following the recent operation. Mr. Martin himself, it is understood, approves of the removal of the limb.

The exhibition of Camera Craft opened Wednesday in the Reformed Episcopal schoolroom. It is to be hoped, a precursor of many similar artistic treats. The pictures displayed the work of skillful hands, reveal a wealth of beauty, manipulative processes. Some have won prizes in England and in and in many instances marked skill in Eastern American cities against competitors from many lands. We recommend to all who would like to spend a quiet hour in the appreciation of beautiful pictures, not to fail to visit this exhibition to-day or to-morrow. Admission is free in the afternoon, but in the evening the charge is 25c.

The hall to be given by Mrs. Dickinson and Mrs. Simpson in aid of the "Protestant Orphans' Home" on Friday, May 1st, promises to be most successful, as well as the last ball of the season. Tickets are selling rapidly, and arrangements are all in the hands of an energetic committee. Finn's orchestra has been engaged, and a splendid programme arranged. Tickets may be had at T. N. Hibben's, Victoria Book & Stationery, Sea & Gowen, Challoner & Mitchell, or from members of the following committee: Alex. H. Bernard, Norman Hardie, Sam Sea, Arnot Kerr, Chief Watson, Major J. P. Hibben, E. Howard Russell, Dr. R. D. Quay and J. A. McTavish.

Local feed merchants who draw on Puget Sound mills for supplies will be interested in learning that it is proposed according to Sound papers, that these plants shall soon take their usual rest. While the trade with the Orient has been at least 20 per cent better than it was at this time last year, yet mill men across the line are fearful of the future outlook of business. Some three or four weeks ago a trial order of 2,500 barrels were shipped to China from Minneapolis, and if the experiments prove successful, as would seem evident, the Pacific coast mill men feel that they will shortly be up against a competition which they will be unable to meet owing to the difference in the quality of production.

As a result of the coal strike in British Columbia the Seattle Post-Intelligencer says that Seattle and Tacoma have shipped 10,000 tons more coal to San Francisco during the month of February than was sent down in January, while the increase in March over January was 15,000 tons. The only competitor which the Washington coal ex-

ports in the California market is that from Australia, and consequently the more serious the strike situation on this island the more jubilant the coal miners on the American side.

The remains of the late Mrs. Simpson were laid at rest Thursday afternoon. The funeral took place from the residence of her son-in-law, David Anderson, Rev. P. Westman officiating. The floral tributes were many and there was a large attendance of friends. The following acted as pallbearers: Messrs. G. Tite, sr., V. Lane, S. Johns, W. M. Dean, J. Walsh and W. D. Daniels.

The report of Dennis Harris, C.E., of his special survey of the Island last fall will be printed and available for distribution in the near future. As will be remembered, the board of trade asked the government for a copy of the report several days ago, but the report, which Harris had not been printed, and it was not decided whether it would be printed or not. In view of the many enquiries for it, however, the government has determined to have it printed.

WILL VISIT VICTORIA. Delegates to Chambers of Commerce Will Come West—Letter From H. Cuthbert.

Delegates to the chambers of commerce of the Empire which sits in Montreal on August 18th, lasting until the 21st, will make a tour of Canada after the transaction of business. There will be about 200 delegates and they will leave by special train on August 24th, visiting Ontario, Manitoba and entering this province in two sections, the train being divided at the mountains. The first party will reach Vancouver on September 8th and the second a day later. From Vancouver they will come directly to Victoria, and will leave on their return about September 12th. The matter of a request for the reception of the delegates will lie between the board of trade, chamber of commerce and the Victoria Tourist Association. It is probable that a committee from each will be appointed to work together in preparing a suitable programme.

Already a special committee of the Vancouver board of trade has been appointed and charged with the work of preparing for the reception of the delegates on their arrival at the Terminal City. In a communication received from H. Cuthbert, of the Tourist Association, special reference is made to an interview with Ald. Ames, of the Montreal board of trade, during his visit here. He states that on behalf of the Tourist Association he extended the delegates, through Ald. Ames, a cordial invitation to visit this city. Preparations for their reception should be taken in hand as soon as possible. The delegates would be from all parts of Great Britain and the Colonies, and would be men representative of the section from which they came, and which would have to compete with foreign goods. Looking at the question broadly, however, it appeared to him that the export business from Canada was small compared with the import of British goods, and that the abrogation of Germany would have to cause for discrimination against Canada, and the latter's ground for retaliation would therefore be removed. The maximum tariff applied to Germany was because this country gave a preference to British goods.

The same letter announces that Mr. Cuthbert had an interview with several of the Grand Trunk officials relative to making Victoria the terminus of the proposed transcontinental railway. He had been courteously received and was informed that this city had not been thought of but its advantages would be given serious consideration. The New York Central, one of the biggest railway lines of the East, was also interesting itself in the Tourist Association and had asked for and been supplied with a large amount of literature. "The new Canadian Atlantic Sea and Company had been forwarded 1,000 copies of advertising matter. Mr. Cuthbert also says that the C. P. R. has practically consented to put Victoria on a par with Vancouver in the company's advertising matter. It is likely that the Tourist Association will become incorporated in the near future. A promise has been elicited from the government for the amendment to the Benevolent Societies Act to allow the incorporation of the association under its provisions.

SILVER LEAD. Resolution Adopted in the Legislature This Afternoon.

The following resolution, moved by Mr. Houston, unanimously passed the House on Wednesday afternoon: "Whereas, at the last session of this assembly a resolution, asking the Dominion government to increase the duties on lead, and the products thereof, entering Canada, was adopted unanimously; and

"Whereas, resolutions having the same object in view have since been passed by provincial boards of trade, mining associations, trades and labor councils and the Hon. the Minister of the Interior, and delegates from these bodies have visited Ottawa and have laid the depressed condition of the lead mining industry before the government, together with the unanimous opinion of the province that the only remedy is the imposition of increased duties on lead, and the products thereof, entering Canada, and

"Whereas the members of parliament and senators representing British Columbia have, without exception, endorsed this remedy; "Therefore, be it resolved, that this assembly deplores the fact that no action has been taken by the Dominion government to aid the industry in some substantial manner; records the fact that the need of the lead-mining industry is now greater and more pressing than at any previous time, and earnestly urges upon the Dominion government a reconsideration of its attitude upon this question as the best means by which prosperity can be restored and extended in an important Canadian industry, and this too without a departure from the fiscal policy of the government, for what is asked has long been accorded every other industry in Canada;

"Resolved, that copies of this resolution be forwarded to Sir Wilfrid Laurier, Hon. W. S. Fielding and other members of the government, and to the senators and members of parliament from British Columbia."

Mrs. Blyth has gone up to Nanaimo at the request of the Attorney-General's department, where she will act as official stenographer in the Huff perjury case.

HOW LOCAL DEALERS WILL BE AFFECTED

Imposition of the Surtax Will Divert Trade From Germany to Other Countries.

Undoubtedly the adoption of the surtax on German products to Canada will have a great bearing on the trade between the two countries, and a considerable influence locally. It will compel traders people to order certain classes of goods which they have been securing in Germany elsewhere, and will result in a larger patronage of Canadian and British industries. Of course Germany is conceded to be the home of the toy making industry, and a large proportion of those sold in this city are imported from there, the duty formerly being about 35 per cent. The imposition of the surtax of one-third additional will run the tariff on this class of goods to 46. In certain lines of toys the dealers will have to continue ordering from Germany, despite the restriction, because they are not manufactured elsewhere, but there is little doubt that the factories producing goods which they have been securing in Germany will be more widely patronized by toy dealers than has been the case before.

One local dealer expressed the opinion that the matter will ultimately adjust itself. That is, when the German manufacturers realize that they are liable to lose a considerable proportion of their trade with Canada they will adjust their prices in accordance with the increase in the tariff. It is also pointed out that people who have a marked penchant for securing goods described as "made in Germany" will have to curb their desires and be satisfied with the articles produced either in the Empire or some country against whom no tariff discrimination has been made.

A considerable business in mantles is carried on between German houses and local dry goods merchants, much of which will unquestionably be diverted to other countries. A certain amount, however, will still be secured in Germany, despite the increase.

When asked for his opinion Carl Lowenberg, the German consul, said that it was impossible to say very much about the matter so far from the central places of business. There were certain articles of commerce, which, notwithstanding the imposition of the tax, would still have to come from Germany, and in this connection he instanced cotton socks and certain kinds of toys. These could only be obtained in Germany, and the result of the tax would mean the increase in the cost of the articles to the consumer. The trade in these lines would not be limited, nor even affected as far as commerce in these was concerned.

Other hand Mr. Lowenberg pointed out that while this was the case there were other German goods, such as underwear, which Canadian production would supplant and which would have to compete with foreign goods. Looking at the question broadly, however, it appeared to him that the export business from Canada was small compared with the import of British goods, and that the abrogation of Germany would have to cause for discrimination against Canada, and the latter's ground for retaliation would therefore be removed. The maximum tariff applied to Germany was because this country gave a preference to British goods.

HAPPILY WEDDED.

W. P. Marchant and Miss May Wilson United in Marriage Wednesday Evening.

At Emmanuel Baptist church Wednesday W. P. Marchant, eldest son of Agnes of Customs Marchant, and Miss May Wilson, second daughter of Walter Wilson, united in the holy bonds of matrimony. The ceremony was performed by Rev. P. H. McEwen. The interior of the church was handsomely decorated for the occasion. Ivy and flowers had been used in abundance and the effect was striking in the extreme. In the centre of the church was a marriage bell suspended from festoons of ivy. The remainder of the decorations were executed with great taste. Flowers of pink and white only were used. The church was crowded to the doors, both the contracting parties being widely acquainted.

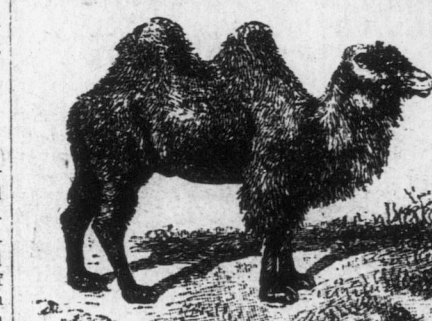

The bride was dressed in silk grenadine with heavy lace yoke and panels, together with a long veil of white tulle and orange blossoms. She carried a beautiful bouquet of bridal roses, to which were attached streamers of white ribbon and lilies of the valley. Misses N. E. Marchant and Edith Wilson acted as bridesmaids, and were attired in Indian muslin trimmed with valenciennes lace. They also wore hats of white chiffon trimmed with lace and roses, and carried shower bouquets of pink and white carnations. The bride was also attended by Misses Gwendoline and Ethel Wilson. They were dressed in pale silk trimmed with cream net, and carried baskets of marigolds with streamers of white satin ribbon. H. W. Wilson, H. B. Marchant and E. A. Gallop supported the groom, and the bride was given away by her father, Mr. W. Wilson.

Supper was served at the home of the bride's parents after the completion of the services at the church. There was a large array of handsome presents, showing the esteem in which the newly married couple are held by their numerous friends and acquaintances. Mr. and Mrs. Marchant left for Vancouver last evening, where they will spend a brief honeymoon. On returning they will take up their residence at 23 Bodwell street, and will be at home to their friends on and after Wednesday, May 6th.

PAIN IN THE JOINTS

may be muscular or rheumatic. The joints are hard to get at, and it requires a powerful, penetrating remedy to reach the affected parts. Polson's Nervine exactly meets the requirements, for it is both powerful and penetrating. The pain is expelled as if by magic, for one drop of Nervine equals in strength five drops of other remedies. You won't often call the doctor if Nervine is in the house. Price 25 cents.
