Seventieth Marriage Anniversary.

On the evening of the 26th inst., about sixty persons gathered at the home of Deacon Wm. Keirstead to celebrate the 70th marriage anniversary of these venerable Saints of God. It was a joy to all present to find brother and sister Keirstead enjoying such good health at their advanced stage of life, he in his 93rd and she in her 89th year. Over sixty-eight years ago they were baptized, both upon the same day. For many years he has served as deacon of the 1st Studholm Baptist church. It is also worthy of note that while these were celebrating their 70th their son Harvey and wife were celebrating their son Harvey and wife were celebrating their soth marriage anniversary, having been marriade on the same date fifty years ago; this, no doubt, is a unique coincidence. They had nine children, of which Rev. S. W. was one, who several months ago passed to his rest on high. Fifty-two grand children, theiry-five great-grand and three great-great-grand children. Four of these generations were represented at this gathering. After tea the company was organized with the selection of Rev. E. K. Ganong chairman and W. A. Keirstead, Sec'y, after which a presentation was made to the venerable couple of over \$55, a comfortable chair for each including the gifts. Addresses were made by Bro. Ganong, the writer and others.

A french woman was recently sentenced to serve five years in prison for murdering her husband. She thought the sentence was too harsh, and appealed from the judgment. Now the Versailles court has sentenced her to death.

The death is announced in London of the peeress for whose sake Rdmund Yates, of the London World, suffered a year's imprisonment, chivalrously refusing to reveal her name, although he had not seen before it appeared in print the malignant and slanderous paragraph concerning Lord Lonsdale which she sent for publication in his newspaper. The late Queen knew of her identity and barred her from court.

Thomas Eaton will not climb any more steeples. He has been at work on a swinging ladder repairing the Trinity church steeple at Pittsburg, Pa. Though far above the ground, Eaton was luiled to sleep Tuesday afternoon by the swaying motion of his seat. When discovered, he was in danger of falling. A boy's yells aroused the "boss," who climbed up the steeple, carefully tied a rope around the sleeping man and lowered him to the ground. Eaton awoke on terra firma. "What's the matter?" he gasped. "Nothing except that you can hunt another," was the reply.

that is saying a good deal. But we may go even further and say that Scott's Emulsion will stay on the child's stomach when milk will not.

The Baby Should be Fat and rosy-but many little ones are thin and puny, and fretful from impaired nutrition. Give them PUTTNER'S EMULSION, which contains just what is needed to supply nourishment and aid the vital forces. It is mild and soothing food, better than any drugs. It soon builds up the little form, puts color into the cheeks and brightness into the eyes. And they like it,

Require the Nerve 'oning, Blood Enriching, Heart Sus lining Action of Milburn's Heart and Nerve Pills.

It is well known that after any serious illness the heart and nerves are extremely weak and the blood greatly impoverished. For these conditions there is no remedy equals Milburn's Heart and Nerve Pills. It restores all the vital forces of the body which disease has impaired and weakened. Mr. T. Barnicott, Aylmer, Ont., says:—"About a year ago I had a severe attack of La Grippe which left my system in an exhausted condition. I could not regain strength and was very nervous and sleepless at night, and got up in the morning as tired as when I went to bed.
"I had no energy and was in a miserable state of health." Milburn's Heart and Nerve Pills, which I got at Richard's Drug Storehere, changed me from a condition of misery to good health. They built up my system, strengthened my nerves, restored brisk circulation of my blood, and made a new man of me.

"I heartily recommend them to any one suffering from the after effects of Grippe, or any other severe illness."
