Kenzie King for the Women's (Canadian) Club on Saturday evening last on "Celebration of One Hundred Years of Peace Between the Australian Nations on the North American Continent."

President, Mrs. E. A. Smith, presided at the meeting and in her usual clever manner introduced the speaker.

After acknowledging the introduction the speaker referred to an invitation he had received when Lady Tilley was president of the club and how she had inspired him in the fundamental principles of self-government.

A vote of thanks was moved by Mrs. J. V. Ellis and seconded by Mrs. Gustav A. Kibring. His Worship Mayor Frink was called upon and expressed his appreciation of the lecture.

Afterwards a social hour was spent. Mrs. H. A. Powell, Mrs. Flanders, Mrs. Anglin, Mrs. Reeves and other members of the club were on the entertaining committee. Mrs. Chisholm acted as pianist.

Many new members were elected. The Women's Canadian Club is one of the most popular organizations in the city.

Capt. Murray of the steamer Empress of Britain, entertained at afternoon tea before sailing last week.

Among the guests were Mr. and Mrs. James Manchester, Miss Sadler, Mrs. W. H. Barnaby, Miss Barnaby, Mrs. V. E. Ryder, Mrs. John H. Thomson, Mrs. E. Royden Thomson and Mrs. Walter Harrison.

Mrs. J. H. Thomson and Miss Paddington, Rothesay, expect to sail on the Empress of Britain for London on the 31st.

Mr. and Mrs. Henry C. Rankine, Gorman street, have returned home from Montreal and New York.

The wedding of Miss Bertha Fafes, daughter of Mr. and Mrs. Frank Fafes, Sydney street, to Mr. Robert H. Gilroy, son of Dr. Gilroy, St. Martin's, N. S., on a bridal tour and on their return will reside in Vancouver, Mr. and Mrs. Gilroy have many friends in St. John who wish them every happiness.

Mrs. Chaloner, who has just returned from England, is the guest of Mrs. Hurd Peters, Paradise Row. Mrs. Chaloner expects to leave the first of June to visit her daughter, in Vancouver.

The Age of Hurry.

This is the age of hurry. More and more people are flocking to the towns and cities, where offices and factories, stores and workshops make life like clockwork.

There is the hurry at breakfast, the hurry to work, the hurry to accomplish the daily stint, the hurry at lunch, the hurry home, the hurry to meet evening engagements.

There is no time for rest or sleep, no time for the nerves to renew their lost vitality, no time for the body to rebuild its wasted tissues, no time for digestion or assimilation of food—the spirit of hurry is everywhere, and few can escape its influence.

As a result of this constant strain you find yourself irritable at slightest provocation, and wonder why it is so. Did you ever realize before that you are almost always making an effort to be on time—that you are almost always in a hurry?

In the youth of our grandfathers paralysis, locomotor ataxia and nervous prostration—diseases so common to-day—were rarely heard of, because the nervous system was not always kept at highest tension, as it is to-day.

Heart disturbances are among the early indications of an overtaxed system. There are st. stomach troubles, brain fag, headache and neuralgia. You cannot rest or sleep, you start up suddenly at the slightest noise, your nerves are on edge, you are in constant dread of paralysis or insanity.

Oh, if you could only get away from it all to some quiet place to rest and to let nature restore your wasted system. But you cannot. Business must be attended to. You must be at your daily grind. Then what is to be done? Many have solved this problem by the use of Dr. Chase's Nerve Food, and now rejoice in health and strength.

They were just as much run down and discouraged as you are, but persisted in this treatment until their old-time vigor and vitality were restored.

Dr. Chase's Nerve Food The Greatest of Nerve Restoratives Since Dr. Chase's Nerve Food is composed of the very elements of nature which go to form new, rich blood, and create new nerve cells and muscular tissue, it only seems reasonable that this should be the treatment best suited under the conditions here described.
