Buying HOME PRODUCTS "A Full DINNER PAIL"

"PATRONAGE OF HOME PRODUCTS IS THE WORKINGMAN'S BEST INSURANCE."

No matter what your position in life may be, when you spend money for goods made at home you save directly the freight on the article purchased and indirectly you are benefited by the money being kept at home. No matter who you are or what you do, some of the benefits of the dollars spent for home products filter down to you. It is good insurance for the working man to buy goods made at home. This policy universally practiced insures steady employment at good wages—means improved working conditions, and a happier, more prosperous community as a whole. It means better education for the children, a greater opportunity for them when they become bread winners. So the support that you give the concern located here brings you back prosperity, success and happiness. Not only in a spirit of so-called selfishness, but moved by local patriotism, every purchaser should give his preference in every case to articles of domestic production. Buy some thing of local manufacture today.
