The "RAY" CYCLE SEAT

Commends itself especially to physicians because it is scientifically constructed upon nature's own lines. Exact impressions of the human anatomy have been obtained in modelling-clay by riders actually propelling a wheel, and from these impressions the models have been constructed, each model being a composite type representing the average physical conformation of a large number of people of about the same proportions. The base or tree is an aluminum casting, openings are left under the pelvic bones, these openings are bridged over with leather, a layer of the best wool felt being placed over and the whole covered with soft Goat, Kangaroo or Pigskin leather. All parts

under the perineum are cut out or depressed so that physical injury is impossible. Satisfaction guaranteed. Special discount given to physicians for saddles for their own use.

PRICE, \$5.00 EACH.

STORAGE BATTERY

We are aware that in the past Storage Batteries have proved almost a fizzle, and have been to the practitioner the cause of much annoyance owing to their having to be constantly recharged. The

JONES & MOORE STORAGE BATTERY

however, is so put together that the more it is used the better the current becomes. We want every doctor in Toronto to call at our premises and see this battery, where it will be found in operation. The price is right, and we know that every physician seeing the instrument will at once purchase.
