

*Fog Signals for Steam Vessels.*

Signals in  
case of fog.

2. All Steam Vessels, whether propelled by paddles or screws, when their steam is up, and when under way, shall in all cases of Fog use as a Fog Signal a Steam Whistle placed before the Funnel at not less than eight feet from the deck, which shall be sounded once at least every five minutes; but when the steam is not up, they shall use a Fog Horn or Bell, as ordered for Sailing Vessels.

*Lights for Sailing Vessels.*

Lights when  
under way.

3. 1. All Sailing Vessels when under-way or being towed shall between sunset and sunrise exhibit a Green Light on the Starboard side and a Red Light on the Port side of the vessel, and such Lights shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles, and shall show an uniform and unbroken light over an arc of the horizon of ten points of the compass, from right a-head to two points abaft the beam on the Starboard and on the Port sides respectively;

2. The Coloured Lights shall be *fixed* whenever it is practicable so to exhibit them; and shall be fitted with inboard screens projecting at least three feet forward from the Light, so as to prevent the Lights being seen across the bow;

3. When the Coloured Lights cannot be fixed (as in the case of small vessels in bad weather), they shall be kept on deck between sunset and sunrise, and on their proper sides of the vessel, ready for instant exhibition, and shall be exhibited in such a manner as can be best seen on the approach of, or to, any other vessel or vessels, in sufficient time to avoid collision; and so that the Green Light shall not be seen on the Port side, nor the Red Light on the Starboard side.

*Fog Signals for Sailing Vessels.*

Signals in  
case of fog.

4. All Sailing Vessels, when under-way, shall, in all cases of Fog, use when on the Starboard Tack a Fog Horn, and when on the Port Tack shall Ring a Bell. These signals shall be sounded once at least every five minutes.

*Pilot Vessels.*

Lights.

5. Sailing Pilot Vessels are to carry only a White Light at the Mast-head, and are to exhibit a Flare-up Light every fifteen minutes, observing also any Trinity House regulation not inconsistent with this Act.
