

big Hospital Bills and Doctor Bills as my  
health is so poorly all the time. 147743

I was to get 6 months interest the first  
of September but as yet he has paid me no  
money whatever. All the neighbours say  
that he should not get anything off his  
mortgage at all, as he does not go without  
anything. He even had the nerve to ask  
me not to let people know we were  
having trouble as he had told no one,  
and when he goes out you would think  
he owned all of Oxford.

I hope you will be able to help for  
I am so worried that I cannot sleep at  
night. Thanking you for all the kindness  
I am certain you will show me, I remain,

Yours very truly,  
(Mrs.) P. Goodwin.
