

shops.

BY THE PRESIDENT:

Q-27 There are two shops there, and there would be how many lights, altogether?

A-27 Probably about three lights.

Q-28 Is this (indicating) the north limit of the lane?

A-28 Yes---- This is---

Q-29 What is "this"?

A-29 This (indicating) is Barber street.

THE JUDGE ADVOCATE: Which runs from Barber street to Meade Boulevard?

BY THE PRESIDENT:

Q-30 What is the distance from Barber to Meade?

A-30 The scale is 100 feet to the inch; it would be a distance of 100 yards.

Q-31 And how many lights would there be in that 100 yards?

A-31 There are about three lights. It is not well lighted. I checked it up last night.

THE DEFENDING OFFICER: I submit that the whole Camp is well lighted. It is a prisoners-of-war Camp.

THE JUDGE ADVOCATE: Wait a minute; this is not the time to make a submission. Later on, you may cross-examine when the Prosecutor is through.

BY THE PROSECUTOR:

Q-32 Just one more question. These lights to which you refer on the buildings fronting the lane; are they street lights or are they just lights in the doorways?

THE JUDGE ADVOCATE: That is what he said. He said they were lights in the doorways, and not street lights.

THE PROSECUTOR: I wished to bring that out.

THE JUDGE ADVOCATE: You have brought it out.

THE PRESIDENT: He has said it is not well lighted.

Now, while the Engineer Officer is here, are there any
