

B. B. B. c

HEADACHE.

**Regulates U
the R
BLOOD E
and S**

Headache usually arises from disorders of the liver, stomach or nerves and is more a symptom of disease than a disease in itself. As Dyspeptic, Bilious or Sick Headaches, Headaches from Constipation, etc., depend upon wrong action of the stomach and liver, their cure with B. B. B. becomes an easy matter, as this medicine removes the cause of the trouble by its regulating curative action upon the biliary and digestive organs. The pain in Headache varies with the cause and may be dull or sharp, throbbing or steady, and in one part of the head, in several parts or the whole. Whatever the form or cause, the remedy sure to give the best results is Burdock Blood Bitters, which builds up the shattered nerves, regulates the stomach, liver and bowels, and never fails to cure any form of Headache from the mildest to the most severe.

Reason to Speak Well.

SIRS,—I have great reason to speak well of your B. B. Bitters. I have taken six bottles for myself and family, and find that for loss of appetite it has no equal. It cures sick headache, purifies the blood, and will not fail when used. I heartily recommend it to all wanting a pure medicine.

MRS. HUGH McNUTT,

Truro, N. S.

Severe Headache Cured.

DEAR SIRs,—I suffered from severe headache for months and did not know what to do. I used every kind of medicine I could think of to no effect, but after trying two bottles of B. B. B. I was completely cured of it. I recommend it to all my friends as the best.

Yours truly,

MISS BERTHA SAYER,

Aylmer, Que.

It Cannot be Surpassed.

DEAR SIRs,—I think your valuable medicine cannot be surpassed according to the benefit I received from it. After suffering from headache and loss of appetite for nearly four years, I was induced to try B. B. B., which I did with success, finding it gave me great relief and good appetite, and now I enjoy good health, which I owe to your valuable medicine.

MISS MAGGIE COOLEY,

Richwood, Ont.
